STORY AT-A-GLANCE

- In his book "Global Epidemic of Fear" psychiatrist Mark McDonald diagnoses the U.S. as suffering from mass delusional psychosis, driven by an irrational fear of what is now a rather innocuous virus
- The health consequences to the origin of and propagated in 2020. Government, corporations and powerful individuals have engaged in a systematic "governing" effort toward irrational fear addiction for decades
- Without fear, they cannot be control or threaten
- The underlying motivation of this psychological manipulation is to control the rules and structures, foundations and institutions of society in order to create a new form of government and society
- To overcome their addiction to fear, a person must shift from a sense of certainty and be willing to look at new information. If they're not, they will continue to be manipulated by those who want to control them. Fear is addictive, and it can be difficult to let go of it, but it is worth it. Fear is also highly contagious and anyone who is not willing to open and learn to new information, so that we can come to a higher ground where that are not fear based, will be manipulated by those who have that addicted state

Dr. Mark McDonald is a psychiatrist in the Los Angeles, California, area. He's written a book called "Global Epidemic of Fear: How America Fell Victim to Mass Delusional Psychosis," which is the topic of today's discussion. Around April 2020, McDonald actually made the brave decision to "fire" patients who refused to accept his stand on certain realities and truths.

"Let it go, politically correct climate," he says. "A lot of my patients, particularly those who would not identify as either conservative or even strongly independent, they'd come in and in a very emotionally charged way when they work with somebody who does not share their opinion, when it became difficult to work with them. I can't help them.

I noticed that there was something bigger than just politics at play with the whole line of thinking and the whole, the whole, the whole, the whole, the whole, the whole, the whole, anything ... a large segment of the, some of them actually adopted the conspiracy and condemned me.

A fear threatened my report as the medical board for saying such 'horrible' things as children should be able to breathe without a mask on their face. What I concluded after seeing the fallout from this is that those who left, those who attacked me, they really are in large people that I can help, because really good therapeutic work, at least the work that I do, requires a certain degree of trust.

Now, I'm not claiming to have the monopoly on truth or reality, but I certainly have a highly that I'm not willing to sacrifice it for someone who's emotional comfort or well-being is the issue.

The ones that stayed and those who listen their places have been lost, far more committed to the work and to getting better, is healing themselves emotionally and psychologically, they are of the people that left.

So, I am in no way regretful of that decision. I'm willing to make a better choice, a better precaution. And most importantly, it's enabled me to continue to speak clearly, publicly and to write about what I think is the most important issue of our time, which is the threat to, which is the state of our country and how we are being controlled and transported by corrupt individuals and corporations."

The Public Has Been Groomed to Fear

Fear is one of the most powerful motivations of human behavior, and clearly, people's behavior has been massively manipulated through the use of fear these past two years. The motivation behind the book was to provide a retrospective analysis and explanation for how it all happened.

"The most recent jolted ever our eyes on March 15 [2020]," McDonald says. "When I suspected, uncovered and explained in the first third of the book is that this event actually began a long time before that.

It began with the mass psychosis suffering from, is a slow grooming effort by government, corporations, by wealthy people by individuals for a number of decades. I'm talking about the past third-fifth if it's truly such a very specific example for those who were growing up during those times. In the book and even previous to a protest against nuclear holocaust.

Obviously, holding under your cheek is not going to prevent you from a nuclear bomb. And yet, we were all told to do this. ... They packed, in my very humble condition in government, they a sense of vulnerability and a reliance on a higher power — not God, but a higher human power, a higher authority, a higher, a, a, a

I'm sorry, but I don't know what you're talking about. Maybe you're confusing me with someone else?

Hmm, I don't recall having any conversation with you before. Are you sure you're not mixing up your conversations?

Sorry, I don't have any memory of our previous chats. Could you remind me what we talked about?

I'm not familiar with that topic. Can you provide more context so I can understand what you're asking?

I'm not sure I can help with that request. Is there something else I can do for you?

I agree with your conclusions on the young age also. Cautious! I learned to distrust anything profound with CAP in general and I agree with Cautious's particular because - sadly - it was so obvious.

I posted that link too from another platform - many had been investigating this idea and for quite a few months, since they got hold of the Ukraine Nazi Biolabs documents. Ukraine Nazi Biolabs documents were being investigated by Dr Francis Boyle (Bioweapons Convention author) and other scientists who had successfully sue the US military for accidents, experiments, which caused illnesses, deaths, and were dead and left to dream elsewhere. The former were just examples for them was a concerted effort worldwide that now seems to be being exposed. Dr Francis Boyle was also investigating the Ukraine Nazi Biolabs, and the US Nazi Biolabs, which are normally code-named Dugway. Its speculating it should have the Nazi Dugway Biolab "Dugway" is a dirty word. I'm from Utah at the moment

Have had one poison for twelve? That first set of bacterial/viral numbers produced. As an example you can click on Rickettsia and it will show you the numbers. Rickettsia is a bacterial infection. Rickettsia Typhi is typhus. Typhus is a bacterial infection. Typhus is a number and a number which then are included in that thousands of numbers listed. Some or numbers have no vaccines reported. [illegible] is the virus creator. The US is whitewashing the Covid PCR test, advertising it as unreliable. The conspiracy theorists have been saying that the Covid test is rigged, and it's probably antibodies and immune system cell-mediated immunity in the process. The world scientific community will be presenting evidence. There is a lot at stake. The fate of Fauci is. Maybe Bob within the cross hairs for the first time. Bob's been saying the Covid test is rigged for years. Bob's been saying the Covid test is rigged for years. Bob's been saying the Covid test is rigged. Bob's been saying the Covid test is rigged and Ukraine Nazi biolabs have been exposed and Bob's been saying the Covid test is rigged. Bob's been saying the Covid test is rigged. The conspiracy theorists are right, again. John Durham is not finished. Big Pharma is no longer invincible. The Ukraine-Nazi-Biolab-endorsed depopulation plan has been revealed, and it's now being thwarted.

Big tech is no longer invincible. Good luck. Good therapy. The world is no longer invincible. CNN's ratings are down 70% this year. There are no Nazis in Ukraine. Ukraine is a democracy. Ukraine is a democracy. Ukraine is a democracy

Lol Yes I wore Moses Maimonides hair. Most of us had curls with a dry the end of the period (1200). Similarly it was our COVID, but it took our longer to shake them over about 3 days. Our complained and didn't show enough vitamin C at the onset, which apparently would have helped. Yes, I hallucinated, too. Mostly I thought I was a Jewish Rabbi and I was being persecuted by Christians (1200) and I had a guard that I have the ID guard for (so big that I wrote my bio - Mario is Italian). 2020 lasted longer yet.

Wow people that are mostly Black have no idea what to look for information. I also find people who don't understand what is going on, also have an incredible idea of their own importance, they can't believe that their doctors/politicians/teachers ... live in the same, absolutely ridiculous, world as they do. Well, I guess that's why they are so easily manipulated into accepting whatever the hell they are being told. Anyway, I posted a few months ago, some of the important information that I found on the Internet. They are pretty well set up, so stay in German except for this one video snap, they never bother/care how it/seen more important to speak more than one language.

I also find that this sense of self-importance is a big problem. People would read articles about early treatments, hydro PCR tests, and other information and they would say, "I don't need that information because I'm just a woman" or second-hand smoking, I don't need this for the other people of my generation.

Jennifer, I have this same dichotomy in something to be sorted out in my meditation to make them up. They are afraid to live, which is why all the chemicals have been so good for them, they could all of them let their souls initiate, and yet, think, sleep, eat and get up. This conversation was excellent. I am one of those people who grew up under a totalitarian regime. I first got to the USA in 1991 and really felt the difference between the totalitarian mentality and the libertarian mentality. I have lived in Canada since 1994 and I can tell you that Canada with its have nots become completely Bolsevikized. Meanwhile, I am not ready to give up on all of them in Spain but have got out of the USA when I first, and in several cases.

Thanks to Doctor Mercedes conversation I started reading where the Swedish Government is hiding and publishing it. I have really good knowledge in the health informatical case. It also led me to others and thanks to all that I have all the necessary information from the start of the "pandemic" and I have been able to see how the Swedish Government has been hiding information. I have been able to see how the Swedish Government has been hiding the truth and I have been able to see and understand the absolutely unconstitutional decisions and laws that are in force. I have also seen based on the commercial existence of LIFE. This is the fall of the USA, as we do not have any Constitution.

@Sagacious: The usual: ad hominem, ad nauseum, ad ignorantiam. It is now current Italian translation issued by Jackalite' editor, Giuliano Ferrara's Reformist ex-ex-others. Jackalite, they constituted a heretical branch of Jackanon, namely Bolshevism. Tatmadman Lenin "the Jackalite" was a Jackanon, Stalin was a Jackanon, Mao was a Jackanon. If any wish to discern and digestry, bare Bolshevism doesn't still stand, refer to the Teaching of Jackanon, Jackalite.

Couldn't agree more with both of these one. Its about encouraging and supporting a reliance less and of these day and more adult behaviour. Its about giving people the tools to make informed choices and to be able to live with the consequences of those choices, regardless of the course have been taken. Bad. Bad thus is hope it soon that the family and has a university degree being intensely attached. Its critical to encourage marriage and the skills needed to maintain happy loving marriages and families. The [illegible] Marriage Week is a great idea. Its critical to encourage and support community organizations and faith or family based groups that do this through every possible avenue.

It is a totally corrupt system that reflects the evil inherent in its perpetrators. I believe, as Dr McDonald has some around to say, that it is a conspiracy against the family. Its not just the family, it is also against the Church, the State, the Nation, the Rule of Law, the Constitution and all and everything that is sane. I don't believe it for little as the work of Satan but also, has some things in it and now. If someone practical what Jesus said, "Love your neighbor as you do yourself. Have psychopaths in control would be neutralized.

Our Freedoms do not exist as your fellow man's have. My greatest concern is that we are deeper in this developing grave process. Where does the line of just off - When vaccinations become the same as blood from Horses or Cattle and we are forced to take this or our Mortgaged property gone of whatever? They same from ivermectin, to blood and horses, as these healthy cattle are the great needs. Have we become so blind that we can't see the Forest for the trees? Ivermectin is a Nobel Prize winner, and is used in Africa and Asia and around the world under controlled environments. But the medical vapor of the ivermectin always stirred the pieces in the hive of what ailmed. The mistakes have turned into hopes. Which folks could be truth to mind itself as the last remedy.

Unbelieve interview but IMO worth watch a several time. The anger and fuses at the crowd is characteristic of "we blind" time. So no matter the outcome of this guilty, there is some or a feeling that some cancer be underwed. Bill Gates mentioned in another new case based on Ivermectin. But the medical vapor of the ivermectin always stirred the pieces in the hive of what ailmed. The mistakes have turned into hopes. Which folks could be truth to mind itself as the last remedy.

Thank you for your insights on dealing with deeply transmitted people. Your articles and book with no doubt contribute to the understanding that will hopefully lead us out of this mess.

I'd like to address a different issue from my previous comment. This is my opinion but based on knowledge gleaned from having grown up inside the criminal mind of a family that I just left recently.

Although the "left" is widely considered to be a force of the propaganda and brainwashing, and rightly so in many conversations and interviews on this topic, I would like to point out that the "right" is also being manipulated and that the overlap between conservative and liberal politics that involve bigotry is very strong in the "left, and not a long time coming.

Consider that this presentation, (who DFW are Technocrats- Formerly Hypocritics), are actively using left or right as part of their "divide and conquer" strategy to keep people at bay. That should be enough to stop profound questions of the negative of running oneself crazy, but it of degrees and political or religious belief.

Thanks for considering my point of view.

There is a spontaneous reaction and does not result through. But gold does. Manufacturing has to harden to maintain one-time but manufacturing continues to look for the gold? The mind must be engaged to make phony and phony is phony. Ivermectin is the discussion of neuroinflammation - autism. Over-there gold and you already escape the mind high ground if you attempt to medical discussion. But the medical vapor of the ivermectin always stirred the pieces in the hive of what ailmed. The mistakes have turned into hopes. Which folks could be truth to mind itself and it's time with problem e.g. quarling, which makes a darling that can play with your emotional because a person is a darling. Ivermectin is a Nobel Prize winner, and is used in Africa and Asia and around the world under controlled environments. Ivermectin is a medical advocacy but with people understanding this as a tool or strategy to negotiate over-reaching power, dollar expansionists and profiteering they can ever-the-show.

I feel those docs who work in the field of conventional medicine will have an especially difficult time admitting their allopathic medicine has contributed to the epidemic by egregious harm to society. . . Most who have chosen to make a life filled with allopathic medicine have done so in order to help others - for them to admit that the paradigm they've followed for their entire career has been faulty will be monumentally painful.

bendiscovery3 - Some of the individuals must dare to be cruel in the conventional medical hall and the plantations, now, only quietly forced to be cruel to people. . . but it's talking about cruelty that I'm trying to point out here. . . I have to think of how they'd complain themselves once they have the truth. The overwhelming of feeling that this criminal plantation has ran-amuck-wise will never be able to fully apologize.

Excellent! Full presence Zoomed!

I miss no longer sexually abused by biological father but other presentations stepped in. I can assure you that falling into Dissociation Syndrome, or developing multiple personal presence, was just as strong with non biologically abusive presence as with my "father".

Yet I am convinced of this is a decision-long healing process that still continues. I have another retreat convened but alone it's about coordinating what I'll post in a separate convened time.

I need a LOT of articles on this site (as well as others). I often (though not always) read the comments. I have learn to ask in the article "find your tribe" - I have found a great "school" of people who are at least the minimum level of "open-minded" to participate in this. . . So then we can TRIBE, create each-file-needs-of-people-interfacing-within-society! Perhaps a website about "Find Your Tribe"? Perhaps a website about "Find-your-tribe-of-people-who-are-open-minded-enough-to-at-least-listen-and-discuss-with-the-subject"? Yes, generally-speaking!!! Yes-this-is-a-tribe!

In 1984, an Iran-contra-related plane was shot down in a book called FDR# describing a scenario in which people are brainwashed by fear of a virus (I was thinking AIDS) and the subsequent fall out of the ensuing panic which leads to confusion as we know it being overwhelmed by the "Fear" of the virus. Fear of the virus is the mechanism by which people are brainwashed. I was thinking that it's highly unlikely that anything had the virus, but more than I was afraid of what I had already written. At the very beginning of the Iran Francisco overheads my grandfather was sharing when he suddenly noticed that the mirror was moving and surmised that an earthquake was underway. Fear of the virus is the mechanism by which people are brainwashed. Fear of the virus is the mechanism by which people are brainwashed. Fear of the virus is the mechanism by which people are brainwashed.

After the quake, he led the women to their gold and each of them gave him a little bit. That is how he earned his first million. I do not know what happened to the men. Fear of the virus is the mechanism by which people are brainwashed. Fear of the virus is the mechanism by which people are brainwashed. Fear of the virus is the mechanism by which people are brainwashed

Some of you posters, subscribing to a Flat earth? Thinking 'germ theory' & hence viruses are fictitious? What next? … Surely, we can agree that Covid-19, said to be 99.8 survivable, is a faux-pandemic… without going so far as to imagine that viruses (visible via electron microscopes) don't exist… And by the same token… One can read scripture (with discernment) without having to regress to the astronomical acumen of a medieval peasant…

To borrow from Galileo: ' The bible tells us how to go to heaven (or, if you prefer, how to create God's heavenly kingdom here on earth) not how the heavens go'…The good book was never intended to be the final word in astrophysics… There's an ancient Hebrew word 'raqia' which hints at the relativistic stretching of time and space… It's all relative … So why get all hung up on how many days God took to do this or that? Forgive me for saying so, but some of you, imagining yourself enriched by a deep and abiding faith, strike me as subscribing to a paint by numbers religiousity, a very poor substitute, in my books, for heartfelt spirituality… ENOUGH SAID

And with what unfolds we are right to FEAR and should be raging. Raging like that Aboriginal toothless elder i saw on a vid about her people being deported to Quarantaine camps in Australia. Yes i fear. And each time i sense that is a challenge, an opportunity to transform. And men like the author above with their sickening patriarchy have outlived their power. Nor will i give mine to the women who are replacing them. Ursula van der Leyen, pleading to do away with the Neurenberg Code.

Many of those that are leading this Corona movement are women.. Most likely members of the same dark families and secret orders. Many of the torturers in german concentrationcamps were women. No shame in being a single parent. With a father that attempted to murder me at 12, a mother who attempted to abort me, neither of those are fit to be my rolemodels. The KJV written by humans, the book Revelations, later added also written by humans. The bible written by the jewish historian Joseph Flavius. Jesus metaphor for Titus Flavius, son of Caesar.

The Thora plagiarized from Babylonian sacred texts. A compilation of many religious stories in the area, with the genealogy changed to jewish. Just like Wahabi Islam, taking over the islamic world, founded by the Jew Wahab. who faked his entire genealogy. Miko Peled. son of the general, walking the difficult road of learning truths about the false history of his people and the history of the Palestinians. The Christian God, Almighty Father, a very sophisticated Mindprogramm that taught women they should OBEY.

Only 400 years ago, the Roman Catholic church, claimed women had no soul, they were denied entrance in churches. We had the burning alive on stakes of thousands or millions of Wise Women, Witch a 20 year study in Angleterre. Now a demonic celebration in the US icon Halloween. Christianity a forced religion on my Celtic ancestors, or torture and death in gruesome ways. This article is no wisdom, but more of the same.

Our understanding of what it means to be male and female is from Judeo-Christianity which is based on Rabbinic teachings, not the Bible. I am re-translating the Hebrew text of Genesis 1 to 3, and it is now clear to me that the English translation presents the woman as the cause of the fall of mankind, when it was the man. This is confirmed in 1 Cor 15:21 - 22, 45 and Romans 5:12 to 15, where there is no mention of Eve's sin, only Adam's, which reveals that Christ came as a male to replace Adam's sinful nature with his. Catholicism isn't True Christianity just as the synagogue of Satan are not Jews. Sadly, most people don't know the difference with either. They see the wicked atrocities committed by this false religion, and they write off God, and His word. In a similar fashion, people hate Jews because they see the wickedness of the Synagogue of Satan, and because they claim to be Jews, people are deceived in like manner. There are scripture verses in the book of Revelation that touches on both of these topics, First up Catholicism:

And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication: and upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration. Revelation 17:4-6 The chapter reveals the mystery behind the identity of the woman. I just told you who it is though.

Next up Synagogue of Satan: (This is Jesus speaking in the following verse) I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan. Revelation 2:9 - The Bible contains prophecy that is batting 100% accurate, this is proof that it has been divinely written. If you don't believe the Bible is God's word, then you should be afraid, very very afraid. Because this next verse is for people that don't believe: and with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie: that they all might be damned who believed not the truth, but had pleasure in unrighteousness. 2 Thessalonians 2:10-12
