Product description

You want stunning suction power? This Filter Queen has it. You want a tough machine, built for your rough-and-tumble home environment? This one is qualified without reservation. Plus, it's equipped with the most extensive complement of accessories, so it's ready for every task. For carpet deep cleaning the Filter Queen has a tandem-motor design that combines the canister's over-the-top suction with an electric power nozzle. The nozzle's stiffened bristles push deep into carpet fibers to snatch up deep-down debris on the first pass. Have embedded pet hair? It comes right up. Want to refresh matted-down carpet nap? You'll love how the fibers stand right straight up when you're finished. For bare floor cleaning you have a top quality bare floor tool. This tool has long, natural fibers that reach into the surface irregularities of tile or wood. You'll thrill at how thoroughly this tool cleans--and you'll never use the broom and dustpan again! For above-the-floor cleaning the Filter Queen brings its whole army of accessories along. You get the dusting brush, crevice tool, upholstery tool, and a hard surface tool. And the extra-long hose lets you reach everywhere. Stairs? It does those. Car interior? Cleans that, too. For clean indoor air this model is equipped with a 2-speed high-velocity cyclonic air purification system. It keeps particulate INSIDE the machine where it belongs, and it eliminates the after-dust smell that can linger after a traditional vacuum. It's ideal for allergy sufferers.

December 1, 2015

Up until a few days ago I would demo the filter queen defender & majestic in people's homes. While the distributor company that highered me as an independent contractor is a joke and untrustworthy the equipment is not. I love the equipment and have owned my own for over 10 years now and it still works great.

Defender: The only reason to change your filters in the defender ever year is the life time warranty requires it, otherwise it is simple enough to do on your own and the main filter can last up to 3 years and the charcoal wrap up to a year (pending on the environment). I use mine when traveling in various hotels, especially smoking rooms like at Circus Circus or pet rooms like at Harrahs yuck. It is the first thing we unpack, we leave it on high for an hour or so while we go out to eat and come back to a clean smelling room and turn it on low for the rest of our stay. We also use it at home to help not only with my asthma, but to cut down the amount of dusting and vacuuming. The defender filters down particles better than a HEPA filter which only goes down to .3 microns which still leaves a lot in the air including viruses and bacteria while the defender filters it down to .1

Worth the Splurge

September 28, 2015

Best splurge purchase ever. It cuts the time and effort I spend cleaning in half. It picks up dust from under rugs with it's two speeds. It has had so many innovative improvements over time that it just can't be beat. Yes, it's pricey but it's a workhorse and it can do so many things well. I clean window blinds, curtains, drapes, upholstery, wood floors, pergot, carpet, vinyl, air conditioners, ceiling fans, dust large items and shelves with it. I have closet doors with dust catching slats to which my mom gives the white glove test, when she visits and she could not find any dust! Easy to use, powerful, not ugly either.

Dog Life x2

They ARE the best.

July 15, 2015

I owned a Rainbow for 15 years, then bought my new Filter Queen. I have had it for 18 years and will never use anything else. They ARE the best.

Fantastic

May 10, 2015

I sold and had one of the versions of this vacuum cleaner. It does the job that it says all around. Cleaner house, fresher air, family was sick less often. Great(amazing) product. You will be happy with this item and it's so easy to switch between attachments. that you will actually use them.

Amazon Customer

Worth the Price. Will not disappoint.

October 26, 2018

This is a machine that will last you a lifetime if you care for it. Our old machine works just as well as our updated newer one. (We have multi levels so we got a second one years later). After seeing the cost to replace our carpets and hardwoods I didn't bat an eye at investing in the Filterqueen Majestic. If you go to the website you can request a local representative to call you. We got a much better price locally.
