@michaelpost7352 7 years ago Rather than use the heart to search for the philosopher's stone, recognize that the heart is the philosopher's stone, which is always with us, and only needs to be uncovered.

@MarkWagner33 2 years ago Keep coming back to this.... Thank you.

@marangomarauder 13 years ago "Ora, lega, lege, lege, relege, labora et invienes." Thank you so much fraters, again, amazing and precise resuming of an immense number of authors and many hard to penetrate works. Will be very easy to keep what you say in mind, rather than the thousands of disperse and complex knowledges encoded into centuries of mind-boggling. You lay it out very well, and in a logical manner. Great for the initiate, but also great for the adept!

@7HheadedMusic 13 years ago Clear, concise, and informative, this made my day and provided some much needed vindication to my studies over the past 6 months. Peace be with you, and let presence preach.

@looky500 10 years ago The background music is there to complete the alchemical process of driving you nuts...D...great docu.

@wgvuder295 1 year ago Thankyou for this video. I'm learning information everyday to understand the true evils of this world and also the beauty within it

@grandcreator11 3 years ago this video is literally better than anything else rn. So straight forward and clear too! Love this! thank alot.

@danielmurray04 9 years ago great piece, very easy to take on, for a profound subject.

@terryhoj8422 5 years ago At 11:47, the light over the third eye on the sitting figure, that is the shape of the cross of LIGHT. A diamond cross, 4 times as wide as it is high, contained within itself.

Just wanted to point that out.

@linaramorgan7546 11 years ago Together - Remco Hogendoom is about as obscure as Alchemy itself... Fantastically chilling truths in that song... I have gained so much knowledge from your videos. Thank you greatly for sharing. It is truly inspiring.

@maybealover 11 years ago you can also learn a lot about mushrooms just by sitting with them, not eating them, but sitting around them and listening, some say they can hear fairy songs, and have had other mystical experiences in mushroom rings or around toadstools

@dianatoruelias716 6 years ago Luxor media makes great videos in my opinion , and i return to them every so often as if visiting and old friend. Thank you luxor for giving me a clear idea of the alchemical foundation so long ago.

@cmz2tuts 13 years ago Thank you, finally i can see a clear path on which to begin. Thank you for your videos, they have truly helped.

@MerkabaOmniAmbrosia 9 years ago Outstanding!!!

@usportraits2429 7 years ago Don't be Original, Be Spontaneous! Have a planned beginning, middle, and end.

@GeeDuz1 11 years ago I've heard people say the same about trees, hills, holy places, I can't say they don't but I can say all of this is a state of mind, however it's achieved it's a sense of unity with all things. But if they made tea with the mushrooms and sat in those places, they'd see and hear much more.

@nanomicroart 11 years ago Well Done Bravo!!

@stev14925 3 years ago Inspirational ❤️

@AJDOLDCHANNELARCHIVE 4 years ago Brilliant and comprehensive video!

@TheBestAlien 12 years ago This is a great documentary , good info , everyone should watch this at least once . They should teach this in our schools .

@metahelix 11 years ago I have watched this video at least 6 times already and i really enjoy it. Thank you. If there are any other videos that you would recommend i would love the links.

@OmniPerceptus 13 years ago That connects nicely with eastern practices/philosophies. Would connect with near death experiences and so called 'primitive sun deities' too. Thanks for the video. The loopy music was putting the feeling down a bit I think. Jonathan Goldman or Michael Stearns could merge nicely. Good tomorrows and today.

@sdrillaner 13 years ago Thank you. Many blessings on your journey toward this process. PEACE

@kiwtobin 13 years ago Outstanding introduction into the Great Work....

Kia kaha.....Aroha...

@linaramorgan7546 11 years ago I am also fascinated to mention that the day I chose to explore your video and research some of the topics described, the google page happens to be dedicated to Copernicus and his 540th birthday day. My eyes and ears are open.

@strosque 13 years ago Just Live with Love.. Focus on Your Heart.. and every little thing.. its gonna be alright!-) peace and love

@anthonyarcannusantunregnu9551 6 years ago Amazing

@pacalvotan3380 11 years ago Great videos. Where can one actually learn "how" to achieve the 7 steps of alchemy? It's one thing to learn "what" needs to be done, but where does one learn how to actually learn to perform and achieve each individual step?

@matassae6110 4 years ago Where can I get a book on the subject?

@oddash2405 4 years ago behold the coagula

@GeeDuz1 11 years ago They were easy to obtain here in the UK a few years back but not now. If you can get any it's good enough, but if you can get Thai give it a try, they're the best I've come across. If you've never done them before have some pure orange juice handy, the vitamin C counters them if you have a bad trip. I personally would stick with the bad trip but i don't recommend anybody do the same. Get yourself in a positive mood before hand, that helps a lot.

@soddenness 8 years ago The music in the background is soooooo distracting

@ninjaZOMB13 11 years ago PLEASE PLEASE PLEASE Re-release this WITHOUT the noise in the background. It makes my heart pound and causes extreme anxiety for no reason. I love the video, but there is no excuse to have something so annoying overtake the awesome information.

@The\_Joker\_ 2 years ago 03:00 why the yellow and blue?

@lismander286 7 years ago Only the people with truth intention of learning, can understand , this is so interesting your videos are amazing thanks

@chliedams4967 10 years ago all of it made sense to me, and I was so into the knowledge I completely blocked out the music.....so...ya

@scarlett1 1 year ago the sound is a bit messed up around 30 mark
