Incredible book! Very well explained and loaded with information regarding all aspects of healthy well being. I am into raw food and this book helped me a lot to learn how to be successful on the raw food diet. I could not wait for every evening to get hold on this book and get some time of reading it. Such a great knowledge collection of the author. The best book I have read! You WILL NOT BE DISAPPOINTED!!! Do not look at the price, it will be the greatest investment you could do for yourself.

This book is a great read. Not sure that I can commit to all this but its implemented lifestyle choices and alternatives in my life that have changed it beneficially. If you're into veganism, health, mentality, spirituality, nutrition, yoga and all that jazz cop it now! Bought this when I was 16, man, and I'm almost 18 about to make some of these lifestyles switches. Super cool.
