WHY INVEST IN GOLD AND SILVER

Guide for New Investors

Does GoldMoney offer competitive prices? Is GoldMoney safe? What other things should you consider when buying gold and silver? We understand that if you are new to buying precious metals, you may have a lot of questions and concerns that need answering before you are ready to start investing. We are here to help make buying gold and silver simple and cost-effective.

GOLDMONEY BENEFITS

- 100% OWNERSHIP
- SECURITY
- QUALITY
- CONVENIENCE

Complete ownership of the metal you buy

With GoldMoney you hold and own the allocated metal in your name, in contrast to ETFs and certificates. We always maintain a one-to-one ratio of metal in the vault and our database.

HOW IT WORKS

Simple and Secure

At GoldMoney we make it very easy for you to conveniently buy, own and store precious metals. The first step is to sign up for free to open a Holding, which is a personal record of your activity in GoldMoney and the metal you own. After a short verification process, you can transfer money to fund your Holding and start buying metals. It really is that simple.
