Always liked the idea of a guy stuck in a harem anime who just wants off this crazy train immediately. Except Anastasia has already cut the brakes.

Where are men like him nowadays? We need people that wouldn't give up their souls for demon chicks even when they get love rayed! ... This guy is great.

I'm just loving this
She's like "let's screw" and he's like "just go away already" It's hilarious

When she asked him what he desired the most I was expecting him to say "I want you to go away", was wondering how she would react to that.

The nicest part of the story is that this succubus becomes genuinely and deeply attached to her target. Her target realizes this near the end

This is quite good actually, the art, voice acting and story is pretty damn good I'd give it 9/10, I love it and even though it's not an anime but something like a manga, I like it quite alot. This is one of the many I've seen short and exquisite. Excellent job done to the Artists, Voice actors and the story writer. I will patiently await the coming seasons. Proper job mate.

Man, that voice acting is PRO-level, really. Makes the comic even more enjoyable (already read it beforehand).
