
João Teixeira de Faria aka 'João de Deus'/John of God' was arrested in December. So far, over 600 allegations of rape and sexual assault were made against him in what prosecutors say could be the worst serial crimes case in Brazil's history.

The Brazilian healer became a prominent spiritual figure in 2010, when Oprah Winfrey visited him and said she almost fainted during the "blissful" encounter. And of course Marina Abramovic and Bill Clinton visited him too!

The TV host featured her healing experience in a since-deleted episode of the Oprah Winfrey Show titled 'Leap of Faith: Meet John of God', in which she described seeing him cut into the breast of a woman without anaesthesia and left feeling "an overwhelming sense of peace". Additionally, On March 17, 2013, Oprah's Next Chapter (Season 2, Episode 116) aired a televised show titled 'John of God'. Oprah had traveled to Brazil to meet and talk with Faria.

But the 77-year-old's reputation as a renowned 'spiritual healer' crumbled two months ago after he was accused of sexually abusing a Dutch woman.

The woman's claims prompted over 600 similar allegations to arise from around the world. The victims' ages at the time of the alleged assaults, which took place from the 1980s through to October 2018, range from nine to 67, according to investigators.

All claim the medium invited them for private consultations, where he turned them to face away from him then performed sexual acts as part of their "cure".

Some said they were seeking a cure for their depression and sexual assault trauma when the alleged abuse took place. The victims say that first they were chosen for private consultations, treated as if they were unique, and taken to a room accessible by a side door within the healing center's main building. João de Deus's offers of crystals and gemstones after the abuses were another common practice, according to the testimonies.

Last week prosecutors brought new charges against him, including that he and his son Sandro Teixeira de Oliveira threatened a victim with a gun, then offered her money, to withdraw a complaint of sexual abuse again the medium back in 2016.
Brazilian activist Sabrina Bittencourt has now claimed the celebrity medium has been running a baby trafficking operation for two decades, in which children were “farmed” in Brazil before being sold to childless couples around the world.

Bittencourt's previous investigations led to the spiritual leader's arrest in December.

She claims young girls were held captive in remote farms, where they were forced to produce babies.

She added that the women were murdered after 10 years of giving birth.

In a video Bittencourt, whose organisation, Coame, helps women report sexual assault by religious leaders, said she has spoken to women from at least three continents who claimed they bought Brazilian babies from John of God for as much as £40,000.

Europe was also listed as one of the three continents where Brazilian babies were bought.

Bittencourt claims she has collected testimony from former members of the John of God cult.

She claims Faria would offer money to poor girls from impoverished rural areas, aged 14 to 18, to go and live in mineral mines or farms he owns in the Brazilian states of Goias and Minas Gerais.

There they would become sex slaves and be forced to get pregnant - and their babies would be sold to the highest bidder from other continents, Bittencourt alleges.

She said: “In exchange for food, they were impregnated and their babies sold on the black market.”

“Hundreds of girls were enslaved over years, lived on farms in Goias, served as wombs to get pregnant, for their babies to be sold.”

“These girls were murdered after 10 years of giving birth. We have got a number of testimonies.”

“We have received reports from the adoptive mothers of their children that we sold for between £15,000 and £40,000 in Europe, USA and Australia, as well as testimony from ex-workers and local people who are tired of being complicit with John of God’s gang.”

Bittencourt said that Faria had many accomplices who helped him running the baby trafficking ring.

"My father is a monster."

Among the hundreds of allegations against Faria, his own daughter, Dalva Teixeira de Souza, came forward with a shocking statement that she was a victim of her father's crimes.

In an exclusive interview with Brazilian magazine Veja, she said that under the pretence of mystical treatments he abused and raped her between the ages of ten and 14.

She claimed he stopped after she became pregnant by one of his employees, after which her father beat her so severely that she suffered a miscarriage.

This begs the question: What did Bill Clinton and Marina Abramovic really do while visiting John de Deus?

Faria said (https://voat.co/v/pizzagatewhatever/2905745) on his website that he had treated Bill Clinton.

Abramovic travelled (https://steemit.com/pizzagate/@whitedeer9217/maria-abramovic-s-trip-to-brazil-a-comparison-of-spiritcooking-and-shamanism) the country to meet 'healers, sages, shamans and sects', and took part in 'sacred' rituals. One of the 'healers' she visited was John de Deus.

There is a film about Marina Abramovic's time in Brazil: The Space In Between - Marina Abramovic and Brazil.

As @9217 (https://voat.co/u/9217) wrote (https://steemit.com/pizzagate/@whitedeer9217/maria-abramovic-s-trip-to-brazil-a-comparison-of-spiritcooking-and-shamanism) a year ago:

'...it comes as no surprise that Marina Abramovic, whose spiritcooking rituals helped spark the pizzagate scandal, would have such an interest in Brazilian rituals that she is visiting the area and producing a film from the visit.'

'O one can only guess at the activities that will occur off-camera'

Who helped him trafficking the babies to the US, Europe, and Australia?

According to an Australian news website (http://archive.fo/8VqC9), deals for the babies were allegedly brokered by guides, the name given to staunch John of God believers who live in Western countries and assisted the travel plans for those wishing to visit the centre in Brazil.

But this would need to be investigated further.

Who visited the 'farms' where the girls were held?

Yes and I believe some are in plain sight such as the FLDS compounds and the Amish community. Fritz Springmeier who has written about bloodlines of the elite as well as MKUltra mentions how the Amish have been infiltrated by Luciferians and that was one way they procured children. The FLDS breed with young girls and boy children are 'sent away' called Lost Boys because they are seen as competition for the older males. It is my belief those boys are sacrificed or sent away as sex slaves. Rarely do any of them speak out only a few have. I have made an extensive thread about it all here on voat https://voat.co/v/pizzagate/2402536

Never heard that about the Amish or the Mennonites doing that. Got at least one small relative there with no problem. Kind of funny how Hollywood keeps attacking the Amish for being their selves, though. They most likely picked our redneck family for our robust features, and being next door also. Kids can still visit anytime. I think you are confusing them with the Western Mormans? And the Amish are responsible for about 70% of puppy mills in the United States, according to some studies. The dogs are kept in cages their whole lives, and only removed for breeding. It is really quite horrendous. Yeah, there is a lot of stuff on the internet to digest.

Wow, this is a whole new level of accusations. Brazilians are calling him Joao do Capeta, John of the Devil.

I used to be intrigued by this guy, have a book about him even. I recall he'd have a hall full of people dressed in white meditating while he 'operated', he supposedly channeled their energy somehow.

Christian goats: I once read in a book by a hands-on healer who claimed her work was all good, that Satan can't heal. Thought she said this was in Corinthians, but couldn't find it later on. Is this so?

Here's what Jesus said:

**Jesus and Beelzebul (Matthew 12)**

> 22 Then they brought him a demon-possessed man who was blind and mute, and Jesus healed him, so that he could both talk and see. 23 All the people were astonished and said, "Could this be the Son of David?"

> 24 But when the Pharisees heard this, they said, "It is only by Beelzebul, the prince of demons, that this fellow drives out demons."
25 Jesus knew their thoughts and said to them, "Every kingdom divided against itself will be ruined, and every city or household divided against itself will not stand. 26 If Satan drives out Satan, he is divided against himself. How then can his kingdom stand? 27 And if I drive out demons by Beelzebul, by whom do your people drive them out? So then, they will be your judges. 28 But if it is by the Spirit of God that I drive out demons, then the kingdom of God has come upon you.

...33 "Make a tree good and its fruit will be good, or make a tree bad and its fruit will be bad, for a tree is recognized by its fruit. 34 You brood of vipers, how can you who are evil say anything good? For the mouth speaks what the heart is full of. 35 A good man brings good things out of the good stored up in him, and an evil man brings evil things out of the evil stored up in him. 36

most people claim that his children were originally children from Ireland and the children were shipped out of country to Brazil and adopted there. we know that Roberts was being blackmailed over the story.

none of theses articles even examine the idea that the kids came from a source other then Ireland. they just assume the story that the kids were originaly from Ireland are true not a cover story
