these camps.

This is America??

“The shielding approach aims to reduce the number of severe COVID-19 cases by limiting contact between individuals at higher risk of developing severe disease (‘high-risk’) and the general population (‘low-risk’). High-risk individuals would be temporarily relocated to safe or ‘green zones’ established at the household, neighborhood, camp/sector or community level depending on the context and setting. They would have minimal contact with family members and other low-risk residents.”

“...the shielding approach suggests physically separating high-risk individuals from the general population to prioritize the use of the limited available resources and avoid implementing long-term containment measures

among the general population.”

“A group of shelters such as schools, community buildings within a camp/sector (max 50 high-risk individuals per single green zone) where high-risk individuals are physically isolated together. One entry point is used for exchange of food, supplies, etc. A meeting area is used for residents and visitors to interact while practicing physical distancing (2 meters). No movement into or outside the green zone.”

“Consideration: Plan for an extended duration of implementation time, at least 6 months.

Explanation: The shielding approach proposes that green zones be maintained until one of the following circumstances arises: (i) sufficient hospitalization capacity is established; (ii) effective vaccine or therapeutic options become

widely available; or (iii) the COVID-19 epidemic affecting the population subsides.”

How would you like to be imprisoned in one of these camps?

So far, Im not impressed with the level of defended freedom provided from your list. I met Sheriff Mack at the recent Red Pill Expo, and his movement has the right idea, to operate under their sworn oath only.

I, for one, support anyone that is standing up to defend everyones unalienable rights, even the controlled hollywood opposition acting as activist because its not looking deeply like your call list is on board, so the "Show" has taken the lead. Perhaps we can hop off at the right time and turn something that already exist into something much more inviting.

I dont have much at all. But I pledge my life in favor of a free society and one that willingly will build concentration camps to put tyrannical people into them.

If you want a mask, wear a mask. If you dont want a

mask, dont wear it. If there really was a reason to mask and they worked, Id be the first to wear one no problem. I refuse.

Will the corona
concentration camps be
privately run?
If so will it be by the British
Crown controlled SERCO
(that already runs FEMA
camps in 2 regions of the
USA).

The UK government
awarded SERCO (the
biggest company you never
heard of) hundreds of
millions of pounds to run
contact tracing and COVID-
19 test centres.

Didn't they already
implement this plan by
shipping folks off the long-

They hope to eliminate
most over the age of 65....if
they can't do it by
murdering them in nursing
homes, then the
recommended quardivalent
'flu vaccine' for seniors
ought to get the numbers up
to their expectations.

Great article Jon!

I've been wondering the last
couple of days: are there
ANY candidates running, at
the state or federal level,
who openly claim the hoax
of 'Covid-19'?

(It seems in my area that all
the candidates are claiming
they will "fix the Covid

Sure. And balance the
budget, and win the war for
our side. And end
corruption in politics.)

This is beyond scary and truly a nightmare. Some of the covid articles on Jon's website are so fantastical

they're hard to believe. Why would the "powers that be" go to all this trouble to orchestrate the whole pandemic thing? I don't get it. Money? Power? I have no doubt that there are persons in government who would like to muzzle and control the people by whatever means necessary. And people apparently are truly getting sick with SOMETHING, unless it's just mass hysteria????

The financial system, which creates the money supply through the issuance of financial credit, is operating a scam that is liable to exposure. Imagine a money system that makes no provision for allowing the community to purchase its own production, thereby governing by maintaining a constant state of artificial austerity, regardless of unprecedented ongoing advances in technology. In the

nature of things,
crooks try to limit
people's ability to
expose their racket.
Political correctness,

etc., are pretexts for

1) none of the
articles on Jon's
blog is "fantastical".
Please read older
postings about
starting fake

pandemics , about
hoaxes as AIDS,
swine flu, MERS ,
SARS etc. and you
will realize that they
are very realistic.

What he writes is
not science-fiction
— it is crime reality .

The only thing
which is new now is
the magnitude , at
global scale. But
what is to be
expected after the
above scams at local,
regional and zonal
level ? People didn't
care too much when
those events took
place elsewhere and
affecting others.

Now is too late and
really I for one am
not surprised at all.

2) you don't have to
“believe” what Jon
writes for decades
already . After all he
is just offering
FACTS and gives the
true , unbiased
interpretation of
them . Is an
invitation to logic
and to a realistic
perception of the
world around us. On
short : look at the
facts and think with

Of course they have been planning this for a long time, and ran smaller drills many times (SARS, bird flu, swine flu, EBOLA, MERS, etc.). But I believe there is a very specific reason they are going all-in at this moment. Note that they are taking a significant risk for going all-in so fast and so wide: this has shocked many people into waking up, and if exposed and vanquished, they will be ousted from their shadow thrones.

The reason is because they have no choice: they will be ousted otherwise anyway. It's because of Trump: he has been cracking down on the pedophile network and arresting thousands. Note that I am NOT talking about Q (which I think is bullshit): this has been going on for quite a while before any COVID (and has

actually been reported on some smaller news networks, though the mainstream national networks won't report a word), and this is the reason why the bad guys (not the good guys) have to execute COVID. They are being cornered into going all-in. COVID is the maneuver to impede (not facilitate) Trump's operations. And it did strike Trump's Achilles' heel, rendering him impotent.

If I were 85, obese, with hypertension, emphysema from years of smoking or working in a toxic environment, and almost crippled with arthritis, do you think I would want to be "forcibly isolated for my own protection?"

What a bunch of baloney. Perhaps the pensioners need to stand up and protest without wearing masks.

At the farmers' market where I sell a lot of my product, the group with the highest percentage of non-mask wearing (or mask dropped below the nose) and non-"social distancing" is the elderly and infirm. The youth (and those I know are quite "liberal") are the most strapped up. No one wears gloves. Cash (thank God) is constantly exchanged and sanitizer is rarely seen. Why the masks? Why the social distancing? If this were something serious and the people really believed it, they would be hunkering down in their caves, lathering up with toxic alcohol sanitizer and coming with exact change or checks. RIDICULOUS! I believe that most, even the "liberals," regard this as nothing, at least now, and are only following gov't guidelines because they are afraid (of gov't and being ostracized by others).

From the other side of the pond: it looks like old Boris Johnson is at it again with a nationwide lockdown beginning Thursday, November 5th, Guy Fawkes Day. Guess "covid" is waiting until then to make its appearance once more.

Remember, remember, the
5th of November
The Gunpowder Treason
and plot ;
I know of no reason why
Gunpowder Treason
Should ever be forgot.

Guy Fawkes, Guy Fawkes,
'Twas his intent.
To blow up the King and the
Parliament.
Three score barrels of
powder below.
Poor old England to
overthrow.
By God's providence he was
catch'd,
With a dark lantern and
burning match

Holloa boys, Holloa boys,
let the bells ring
Holloa boys, Holloa boys,
God save the King!

Hip hip Hoorah !
Hip hip Hoorah !

A penny loaf to feed
ol'Pope,
A farthing cheese to choke
him.
A pint of beer to rinse it
down,
A faggot of sticks to burn
him.
Burn him in a tub of tar,
Burn him like a blazing star.
Burn his body from his
head,
Then we'll say: ol'Pope is
dead

Guess ole Boris has chosen this date for this 2nd lockdown in order to stamp out any British patriotism remaining. Let's pray our friends o'er the pond respond with lots of marching and effigy burning and bonfires. There have been weekly protests in London (3 weeks running) with the last one met by baton-wielding goons bloodying up the protesters. Italy has been witnessing protesters and riots in 12 major cities regarding looming lockdowns. Germany, the Netherlands the same and the French are getting agitated (methinks the Gillete Jaunes — yellow vesters — need to protest some more and this time about "covid" restrictions).

WAKE UP AMERICA!

There was one in Birmingham on Saturday, the msm didn't mention it but a part of it can be found of David Icke's website, that part where he held his speech. Many think he is nut because of the reptile mania but apart from that he was right so many times in past to predicting what is happening now, he is just worth to listen.

In terms of "supporting," we already have enough

If we are at all students of history and psychology, whether by understanding pre-WWII Germany, Stalin, Mussolini, or even by listening to Jordan Peterson, we know that Tyranny requires a constant beating back.

Dear Siuoxma,

This comes from a
brother who is part
Blackfeet:

Read John 6. True
Christianity has
never been about
“keeping my own.”
Materialism is what
makes us break
away from the God
relationship Christ
always wanted with
us from creation.
Trust in your gold
and this is what you

get — imperialistic governments that actually have some bearing on you.

Why do you worry about tomorrow when today has enough worries of its own (read Matthew 5 about lilies and birds of the air)? Oh you of little faith.

When what “they” want to take from you has little value to you, what does it matter? What “they” take from you will eventually be taken from “them” whether by force or death.

Become attached to the things of this world and all of this “covid” baloney, and everything else those who think they are in power can do to you in the future, and then “they” have power over you.

“What good is it if you should gain the whole world, yet lose your own soul.”
The Greek word

bears the sense of
“giving away” rather
than “losing” your
soul.

“Why do you worry
about what moths
and rust will
destroy. Or about
what thieves will
carry away?” Put
your trust in God.
Let God add
blessings to you as
He sees fit. Let Him
take them away as
He sees fit. But
know that so long as
you don't put your
trust in the things of
this world and the
ways of its greedy,
power hungry
people it will not
“hurt.”

And, yes, you may
face torture and
death. But in the end
you will rise again —
either as yourself on
Earth, in “Heaven”
or as a new creation
(human) on Earth —
this one I still have
not found the truth,
but it will be better.

The Constitution
never has given
anyone the “right” to
anything. Only
God/Christ gives

those rights. The Declaration of Independence declares this, not the Constitution. You can fight for these “rights” in many ways — I suggest peacefully and by withdrawing from governmental society in as many ways as possible (drain the swamp? How about: “Drain the Pig?”).

“Churchians” look to government to protect them, not God. Never expect help from them (not even personal help in personal times of crisis).

Regards and peace in Christ. If you are Sioux, you know who He is.

They don't want to lock up everyone, they want to kill many, they can lock up the rest before and after that. Here comes the role of the 5G. (or long-Covid as they call it).

There is a connection between the 5G and their vaccinations. They told it openly on the meeting of Doctors for the Truth (Spain, 26. July) and there was a sad but interesting news from South Korea where 83 died shortly after they got flu shot. South Korea is a 5G hotspot. (RT.com reported) There were rumours – so wish Jon would go after it – that vaccines were polluted with two other metals apart from that they always have the mercury and aluminium. But I can't recall where I read it, sorry. Too much info in these days.

Perhaps this song by Josh
Garrels will better explain
how we are able to resist.
It's probably the only "Rap"
song I've ever liked:

The Resistance
Josh Garrels

I was born into a system
constructed for failure
It's a sinking ship being
manned by drunken sailors
An escape artist behind the
bars of a jailer
An asthmatic attack and
they withhold the inhaler
If the shoe doesn't fit what
good is a tailor?
In the midst of this crisis
please cancel the gala
Without a symphony there's
no need for a prelude
To foreshadow what's to
come.
See the secret committees
commence with their
meetings
To make red tape in
response to simple
questions
Questions threaten the
perception of a beneficial
system,

A pyramid scheme, with its
cogs and its pistons
Mechanization of man,
making more and more
Live in a miserable
existence
How can so few claim so
many victims?
And this begs the question
My rest is a weapon against
the oppression
Of man's obsession to
control things
Look at the long line of
make believe kings
And the lord of the flies
wants you to kiss his ring
Follow new rules with
invisible strings
And become a puppet in a
diabolical scheme
How do good men become a
part of the regime?
They don't believe in
resistance.

Hold fast like an anchor in
the storm
We will not be moved

Lesson number one,
Overcome every fear of
regret and confusion
It's all an illusion, delusion
Sent to disconnect the holy
fusion
Of the spirit and the flesh
Every mortal breath's
meant to bring forth fire
But only when the fear of
death gets consumed on the
funeral pyre
So let the flames rise higher

And let every man be
considered a liar
If he doubts the goodness
and faithfulness of God
Itching ears will
compulsively nod in
approval
When unbelief is taught in
all our temples and schools
But God can restrain the
madness of a fool
He can bring His truth
through the mouth of a
mule
And you can move a
mountain without any tools
It just takes the faith of a
little seed
To make a way through
what might seem to be
impossibility,
And the ability will match
the occasion
The outcome will defy
explanation
The liberation will not be
televised
When it arrives like
lightning in the skies

Hold fast like an anchor in
the storm
For your love, we will rise
and overcome
Through the fire

Hold fast my people and
sing
Through peace and through
suffering
All for the joy that it brings,
to be free
It's gonna cost us

everything
To follow one Lord and
King
True love endures
everything
To be free

Hold fast, like an anchor in
the storm
We will not be moved

Regards

AK in VT

firm. Be not moved.

And ID2020 and the
rest. I think many of

us aware now.
The key is 5G.
Without it they are
far more powerless.
Not to mention it is
a killer not just to us
but every living
thing on Earth.
Because of it – no
matter what they say
– it is sure that they
won't blanket the
whole Earth with it,
they wish to survive.
Smart cities, where
you can't have even
a garden to produce
some food and
totally dependent on
them. You can't
leave it and they can
kill you (or AIs) in a
blink with that tech.
That tech is weapon.
Military researched
weapon.
If you haven't seen it
DON'T MISS THIS
ONE
[https://sachastone.com/5g-
apocalypse-the-
extinction-event/](https://sachastone.com/5g-apocalypse-the-extinction-event/)

And one more thing
– my theory, can be
wrong but based on
what we
experienced: It
make no sense to
use 5G like run on
60GHz (oxygen
absorption) as it
would be dangerous

to them, too if they were around. They can do it but only in selected areas.

However our smart toys (mobiles, tablets, wifi – everything they can reach via net with a ‘software update’) are dangerous, they are the cross.

Selectively killing people is not so visible. Can be random, AI chose Person 5, Person 11 and so on. Or can be used against the “enemies of the system”. Stay away from smart stuff, if you need tech, use old ones.

I don’t know much about different frequencies and their effect but they do! Military researched since the II.WW.

The frequency of the Earth is 7.8 hz (low), 20 hz is a healing frequency (and works, I tried), but who knows what 42 does or 85 – they can be harmful and those smart stuff are strong enough to emit it, even much

more.
These are just my
thought but on my
part I stay away
from them.

Go back to cable, get
rid of wifi and
possibly cell phones,
too, and if you can
afford shield your
house with
grounded EMF
paint, it will make
your life more
healthy anyway,
worth it. Our health
have improved a lot
since shielding.

RE: Bioelectronic Medicine
Homework

My “research” consisted merely of reading online info. It’s all very interesting & clearly makes sense.

As afficianado of conspiracy theory, it takes me 0.3 seconds to imagine that those who favor power over others will have a literal field day if they could possess radiating machines that could stimulate or inhibit our nervous system (NS), from afar, to satisfy their agendas.

?How to protect ourselves from aberrant radiations? Maybe the “tin-foil-ers” were “a-head” of their time?

Imagine this, naive as it may be. It’s along the lines of “if you can’t beat them, join them.” The “joining” here is really “utilizing.”

Quantum Mechanics offers a Picture of A Sea of Vibrating Strings.

If aberrant radiations came your way, imagine, if you could break them down to their elemental parts. Said breaking would liberate energy (E), that you could use for your own design. Silly I know. BUT...their charged radiations would actually be providing YOU with E. Think about it.

I believe neuroanatomy (structure) has quite a good understanding of the sites of neural connections (synapse) & mapping of motor/sensory pathways.

Neurophysiology (function) is in its infancy, dare I say primitive, in its Understanding. Eg: They have not laid a finger on how simple memory precisely works.

—

These cases show that “somehow” Creativity, Skill, Talent, are “bound within” the soul/spirit/mind & perhaps the NS acts as physical mediator.

I offer a “light stick” as metaphor. Apply physical stress to it (bend it) & you mix the inner chemicals within which liberates E in light form (phosphorescence).

1. Derek Amato, 40. Non-musician. Hit head on pool bottom. Concussion. Days later began writing ORIGINAL music on piano.

2. Dr. Tony Victoria, 42. Surgeon. Non-musician. Hit by lightning. “Heard” music in head. Insatiable desire to listen to Classical music. Then play piano, then write

ORIGINAL music.

3. from Destiny of Souls (Newton), Case 66. The client is a medical physiologist & gives a novel “picture” of the brainstem & brain, & how they are connected & utilized.

The final question, asked by Newton, of this client is:

Newton: What do you see in the future for the brain with continued evolution & the influence of souls as stimulus?

Client 66: Mental telepathy.

I guess mental telepathy could prove efficacious in a lockdown situation.

“Examples of target
populations include those
who test positive for
COVID-19 who do not
require hospitalization but
need isolation (including
those exiting from
hospitals); those who have
been exposed to COVID-19
who do not require
hospitalization; and
asymptomatic high-risk

precautionary measure,
such as people over 65 or

health conditions
(respiratory, compromised

populations in non-congregate shelters should be determined by a public health official's direction or in accordance with the direction or guidance of health officials by the appropriate state or local entities. The request should specify the populations to be sheltered. Non-congregate sheltering of healthcare workers and first responders who require isolation may be eligible when determined necessary by the appropriate state, local, tribal, or territorial public health officials and when assistance is not duplicated by another federal agency.”

<https://www.fema.gov/news-release/20200722/coronavirus-covid-19-pandemic-non-congregate-sheltering>

For many years now, Dr. Tam in Canada has publicly stated that in pandemics the Canadian government has

She strongly advises that
this will involve the forcible
extraction of people from

According to Odessa, Susan

Odessa to announce that

It’s pretty clear if you read the CDC statement that the camps they refer to are the ‘humanitarian settings’, in other words, the recommendations can be applied even for those living in a humanitarian camp. It does not suggest establishing camps to send those who are sick.

The argument keeps going round and round just as the oligarchs planned.

Confuse the people and keep them in a muddle with talk of a non existent virus that will kill off the elderly.

Flood the mainstream media with spurious tales of death and disease.

Keep them suppressed with
lies and false data.

We would be better served
by holding fast to the rare
places where truth is found
such as this site.

When we know the truth
then we are not moved and
we can be strong enough to
make the right choices.

Well, I can not say that I am
surprised at the threat, but
that it seem a bit premature
for what is coming perhaps
near to 3.5 years from now
and there is a fake alien
invasion I was expecting. I
guts ta think this is a bluff
due to the things foretold in

Scripture. Its nice to have a road map.

Thank god the government has put mask mandates in place so that I can go buy my cigarettes without placing my health in jeopardy from all those damn infectious lepers.

One Gallon of Orange Juice (Tropicana Recommended!) to One Peeled and Well Blended Garlic twice a

Week, will keep your Immune System balanced and help fight Infections! Best consumed at 42°F. If after consuming a Cup worth, your Stomach feels Queasy, let it settle. This is the Bad Bacteria on your Stomach Lining reacting to the Garlic's Psilocin(Anti-Biotic).

If you have a Stomach Bug or any Virus, put two drops of PHARMACUETICAL GRADE Oregano Oil Extract from the Eye Dropper that comes with the Kit into a Family Size Can of Tomato Soup(Campbell's Recommended!). Mix and bring to a Slow Boil. Mix some Heavy Cream in it, and then consume a Serving at each Meal. In Two to Three Days, you will have cleared the Virus.

I am NOT a Doctor, but a Person who has put his own Health at Risk to test out Natural Remedies, and these two work the Best! I hope this Helps! God Bless!

The 10Th Amendment

Affords us the Right to tell our Government “NO! YOU DON’T HAVE THE AUTHORITY! WE DO!” If you live in a Township, get this out to all your Neighbors and Local Officials! Hold an Emergency Town Meeting, or whatever you have to do to get the Word out! A House United CANNOT FALL!

Nearly every paragraph is directly targeted at those deemed “high risk.”

That would be me. Healthy but “high risk” by age. And they even have a job for this future green zoner while there –

“To minimize external contact, each green zone should include able-bodied high-risk individuals capable of caring for residents who have disabilities or are less mobile.”

Lucky me.

If the virus was the threat we are made to believe it is:

- Only those at high risk would wear a mask
- Only those in a high risk situation would wear a mask
- All people would not be forced to wear masks
- Masks would not be improperly worn
- Masks would be doffed and discarded with the same attention as one does surgical gloves covered in excrement
- Men would shave their beards as with all the air that bypasses the mask they pretty much negate any mask benefit
- You would not be allowed to adjust your mask and then touch products on store shelves, hand the cashier money, touch the credit card machine, touch the door,
- Stores would be setting up decontamination stations so you could clean and then bag your products as they came off the shelf
- People would not engage in drive up shopping, trusting others to gather their purchases and place them in their car, not knowing who touched what
- People would not be eating fresh produce that could not be sterilized

- People would not take their masks off to talk to you
- A little old lady in the highest group would not take her mask off to talk to a gentleman kind enough to fetch an umbrella and escort her to her car
- You would not need to force people to stay apart
- People would stay a lot farther than 6 feet apart
- People would stay away from sports events on their own... because the players would be staying away
- People not wearing a mask would be given a wide berth for the safety of both parties
- People would not be wearing the same mask for a week
- People would not be casually storing their used masks in pockets, hand bags and hung over the rear view mirror
- There would be very no unknowns as to its origin
- Those not wearing a mask would be pitied as they would obviously have a serious issue and would not be able to use this vital piece of protective gear
- There would be no fighting the government to use a proven and effective treatments
- Infected people would not

be forced onto healthy people who cannot prevent it

- Families would be allowed, perhaps required to take their elderly members out of nursing homes if they could care for them more effectively
- Taking healthy family members out of nursing homes to bring them in to healthy homes would not require mandatory quarantine
- Test kits and treatment drugs would be dispensed over the counter or via the mail to limit contact
- You would be able to trust the WHO and CDC
- The WHO and CDC would not be contradicting each other and themselves
- All members of the WHO and CDC would be on the same page
