Everything about the "New Normal" is conditioning our world to accept the idea that it is far too dangerous to be human, and that safety is more important than liberty. We must never accept this idea that we ought to be afraid to hug one another, to gather in large groups and leave our faces uncovered even when we are well. The only thing we should be concerned about is the agenda unfolding under the disguise of public safety measures.

For Our Rights is a non-profit organization that formed in response to blatant government overreach in the wake of Covid-19. We are committed to protecting civil liberties and bringing justice for the harms imposed by our government.

We are committed to serving the people of Hawai'i by providing resources and the education needed to stake claim to your God-given unalienable rights, enumerated in the Bill of Rights and protected under the Constitution of The United States of America. We assist those looking to use common law to challenge unlawful citations, provide guidance in filing complaints for Americans with Disabilities violations and Civil Rights Violations, and act as watchdogs for activity in our state legislature. We have brought several lawsuits for a number of residents who have been wrongfully harmed from unjustified regulations around this so-called emergency in Hawai'i.

Now more than ever we must come together as a community to preserve our way of life here in Hawai'i and take a stand against this tyranny oppressing us. Covid-19 has proven to be easily treatable with protocols that are being suppressed and for the vast majority it poses no significant risk. We have not seen any tangible proof that there is in fact a medical emergency in our state, yet the deprivation of rights continue.

Rights and freedoms taken from us today will never be given back. It is up to We The People to challenge what we are facing by refusing to comply, and instead raising our voices in protest. Please join us.

## Religious Exemption Forms

by ForOurRights\_Admin | August 12, 2021 | Uncategorized | 0 Comments

If your employer is demanding that you take an experimental injection in order to keep your job start by filling out the following religious exemption form and have it notarized. If your employer comes back with demands that you "PROVE" your religious conviction you...

#### RIGHT TO REFUSE VACCINES PETITION

*"The world today has about 6.8 billion people. That's heading up to about nine billion. Now if we do a really great job on new vaccines, health care, and reproductive health services, we could lower the population by perhaps 10 or 15 percent."*

– Bill Gates, TED Talk 2010

#### UNMASK OUR KEIKI PETITION

We demand that our children not be required to wear masks. There is no immediate threat of severe Covid-19 in the majority of children and adolescents. The survival rate for this age group is 99.9% putting children at ZERO percent statistical chance of dying from Covid-19.

#### END MASK USE MANDATE PETITION

Scientific studies prove the use of masks are not effective in preventing the spread of Corona virus. This enforced regulation negatively effects the natural health of the human body by weakening our immune system and restricting our source of fresh oxygen intake.
