We have known for quite some time that the slow kill bioweapon injections in SADS, VAIDS, prion-based diseases, cardiac damage, turbo cancers, etc.

Last week the cancer data was truly horrifying:

BOMBSHELL: Just Released American Cancer Society Annual Report On Cancer Showed 11.5 Excess Cases

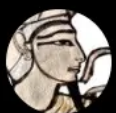

2ND SMARTEST GUY IN THE WORLD • JULY 3, 2023

This Substack has been covering the surging rise in DEATHVAX™ induced adverse events and with a particular emphasis on the phenomenon referred to as turbo cancer. And now we have more evidence of the slow kill bioweapon democide: Charts from the above Tweet:

[Read full story →](#)

We now have the companion dataset for heart damage in younger persons (ages 18-44) and it is truly alarming :

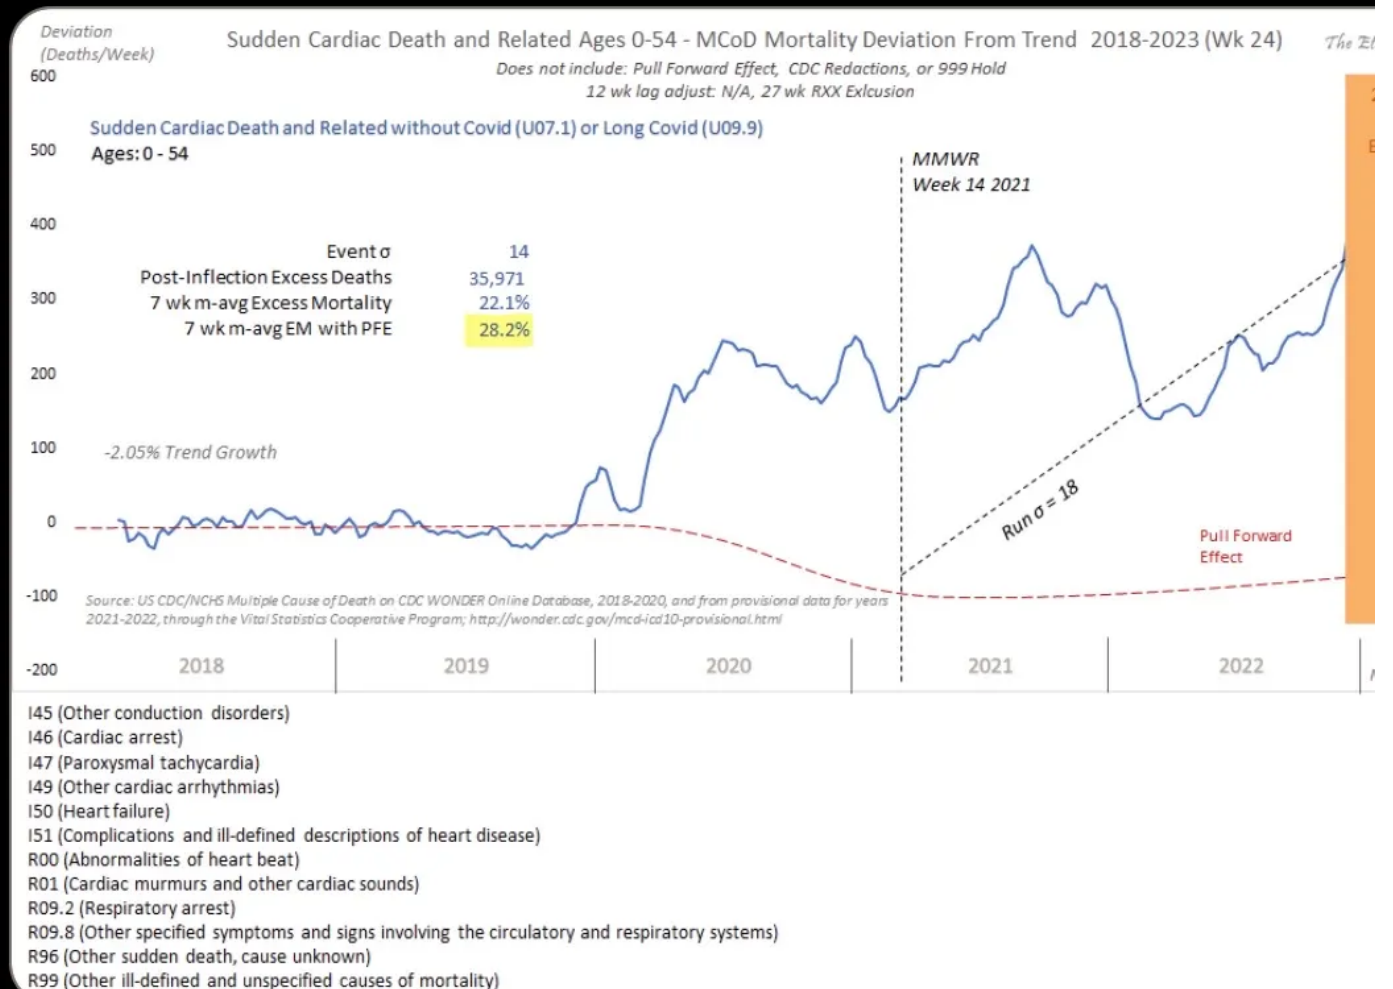

Ethical Skeptic ☀️ 🔒
@EthicalSkeptic

Wonder Week 24 2023 update.

Sudden Cardiac Death Mortality in younger persons grew from 24.8 to 28.2% excess from wk 20 to 24 of 2023.

Whatever this is, it's not going away – killing more young people per week than Covid did at its absolute peak.

No overdoses in this data.

“Free speech absolutist” fraudster Elon Musk is still blocking Tweets in Substack.

Please click the image to review the chart.

Precisely because the DEATHVAX™ and associated boosters do not deliver a l

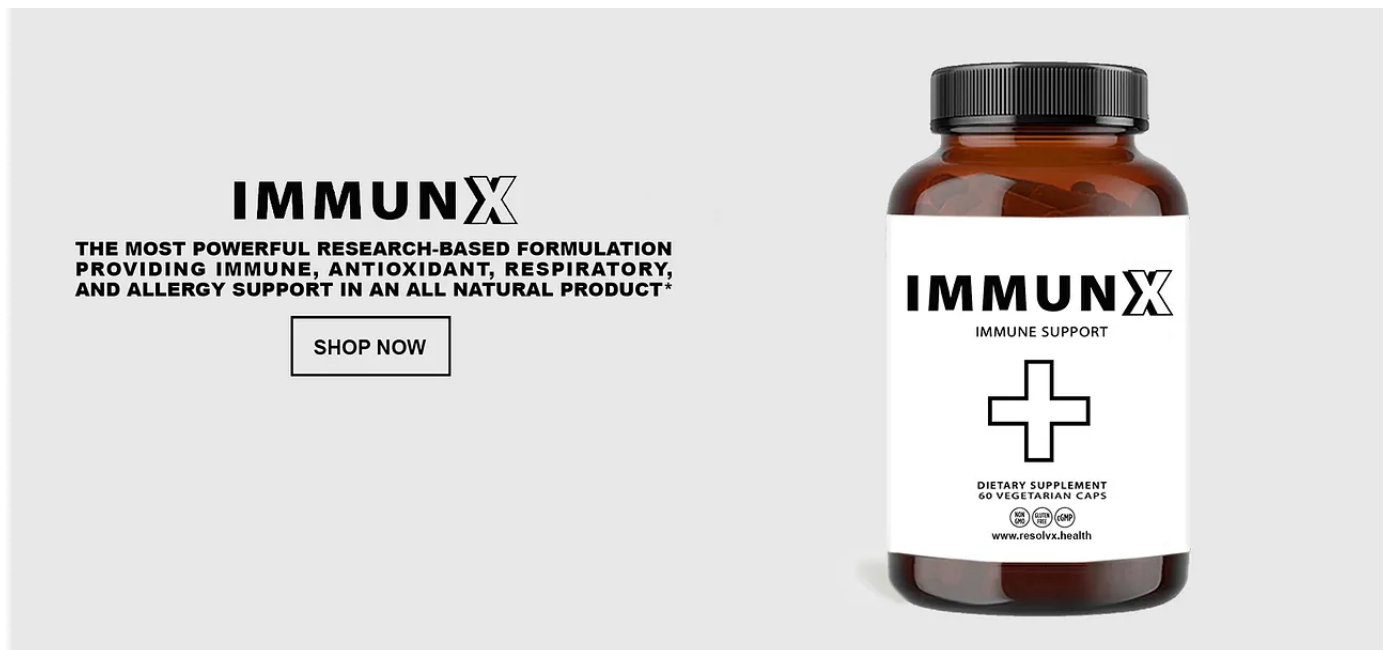

payload in terms mortality, we can extrapolate that the various adverse events time will only become worse. Much, much worse...

This is truly the bane of the “vaccinated.”

But the genetically modified still have [hope](#) to reverse this mRNA and DNA damage.

They want you dead.

Do NOT comply.

The Cancer Society. The name says it all. If they are admitting an 11% increase, imagine real data would say; their innate conflict of interest is noted, if they said cancer increases would both incriminate themselves further and draw alarm, but I am sure the real number much bigger.

I have GVD.government vaccination damage! My heart and pressure was going nuts. M
to take celery seed tea. Right away my pressure is back to normal. Still have lots of oth
deal with.Hope it helps others as it did me.
