The phrase, "become enforceable" is a passive construction with no subject, and so my question is EXACTLY what entity or agency or person/people does the actual enforcing? Somebody has to DO the enforcing -- who exactly would that be? What form would the "enforcing" take? What would be the consequences of just refusing? --Exactly what entity or agency is going to come after you? What would the REAL consequences be? I doubt that agents or soldiers from the United Nations would come after leaders of the countries that just ignored it all. Or am I wrong here?

My understanding is that the enforcement mechanism is primarily financial. National governments that don't comply, lose access to international banking systems -- loans, transactions, everything. Through the Bank for International Settlements owners, operating through the private central banks and treasury secretaries in each country and the World Bank, IMF, World Trade Organization, and WEF.

Talk talk talk. Please consider taking additional action such as: May I have a discussion about Article III, the one supreme Court claiming original jurisdiction? Where a man can find remedy against the state, Constitutionally! Have you ever attempted to locate that court? Mookini 303 declares any court whose name begins with the United States is not an Article III court. That is all of them the de facto has to offer.

An Article III one supreme Court claiming original jurisdiction is found in Amendment VII whose jury verdict has no appeal in law.

There is The United States of America stiled in the Confederation and perpetual Union's articles, their Constitution created the United States of Washington District of Columbia a management service government unincorporated with 23 enumerated responsibilities. It has been usurped by martial law/Lieber code/FEMA a color of law, de facto, incorporated governance, illegal or illegitimate; bankrupt US Inc in some form since March 1861. Except on Oregon. There a two legal and lawful names The United States of America and the United States. Any other iteration of the name such as United States of America is fraud or deception or ignorance. In any case not true. The last lawful iteration was 1859. When Oregon became one of the several states in our Union. All previous iterations are artifacts just as it was designed.

"Natural rights inherent in people. We declare that all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded on their authority, and instituted for their peace, safety, and happiness; and they have at all times a right to alter, reform, or abolish the government in such manner as they may think proper. —"

Dred Scott decision SCOTUS 1862

"Blacks are not human, Slave owners may do as they wish with their property".

Justice Taney Supreme Court Judge

Women couldn't vote until 1920's, Injun's were NOT given the right to bear arms in the USA until 1978, in the USA the 2nd amendment was always the marker of what made a 'citizen' of the USA;

Voting too was considered what separated humans, from non-human;

Yep, OREGON constitution;

- 1.) People have the right to abolish a rotten gov
- 2.) People have the right to bear arms, no if's, or but's about it;

we know ARTICLE I Section 1 is ours and we are enforcing it. Hopefully Athens, Tennessee 1946 does not get in the way. Everything after March 1861 is color of law. SCOTUS counts in the United States inc Washington District of Columbia and its forts, ports and needful buildings that the States agreed to them owning.

When we arrive at original jurisdiction the United States can let the chicks,

blacks and indigenous be equal. :) On Oregon we already made that decision.

Paper laws & rules are worth nothing in a Nation of Cuck'd Men;

A cuck is a man who lets niggers rape his family and then say's, are you not going to rape me too?? :(

Mao spoke the TRUTH of power in human being, why some are CUCKS, and others are MEN.

Ask why is the feminine male banned in China&Russia movies & social-media? They don't want woke cuck's, that's a Western Perversion;

When one writes and speaks against their own and my best interests they need to become aware of the power of the spoken and written word. I did not make the claim the pen was mightier than the sword. When one quotes Mao it is a mind set and lends credence to the originator. Not good. The infringements on the 2nd have been going for a long time. Trump signed two of them

Me thinks the founders were rather clear, back the they said "We the People", and then there was them 'people'

The lower case versus the upper case People vs people

The founders were scholars, and then & now most of the USA citizenry were un-educated harelips, all of penal colony blood, as the USA began as a Penal Colony, where like AUSTRalia, UK dumped its human garbage;

Everybody when the USA 1776 papers got signed, knew the score, "All Men are created equal", some men more equal than others, and wo-man not even to be considered in the pogrom; Then to go on and offer cash prizes for injun scalps for a 100 years, until the US-GOV had successfully decimated indigent populations

Now today we have uppity niggers, and uppity women, and worse of all 'HOMOS have left the closet'

Coltson's Cullin' ...

Solution? Culling, massive purge, CIVIL-war

A failed penal colony, or as the Captain of Rampart LAPD used to say in the 1990's, when the USA dies the tombstone will say "Failure to allow black men to enter USA civilian society".

In Australia the past few years there is a noticed change in the way our Governments implement new programs. In the past, individuals were offered to formally opt in to a Gov program. Now, just like this method by the WHO, we are not told that we are being automatically opted into a new Gov system (eg National eHealth database). Someone had to publicly expose it and they reluctantly decided to allow individuals to opt out. The WHO method may explain the change in Gov behaviour. In fact, it almost feels like our Governments here are already captive to the WHO system and methods.

Acts 5:29 "Then Peter and the other apostles answered and said, We ought to obey God rather than men".

We have to choose who/what is our authority. Ultimately man will bow to the Creator.

Philippians 2:5-11"Let this mind be in you, which was also in Christ Jesus: Who, being in the form of God, thought it not robbery to be equal with God: But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men: And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross. Wherefore God also hath highly exalted him, and given him a name which is above every name:

That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth;

And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father."

says who? no one wants pain, it's a signal of harm

most humans define themselves through their work...humans do not have same same motivations, energies, interests, capacities....some people love to work, and simply are not allowed...others hate to, and do so every day anyway....humans also pass through cycles...but if you know too much, judgement becomes impossible

As usual Katherine knocks it out of the park!! Thank you for all your hard work.

Here's the thing:

Look over here! Noooo!! Look over there!!!

Trump's indictment today just set precedence for the whole DC swamp to get indicted. And all living past presidents . . . Probably all those hundreds of thousands of sealed indictments we have been waiting for will finally also be unsealed.

What's happening right in front of our eyes?

The US petrodollar is going up in smoke.

Kenya President said to his people "if you have USD now, get rid of it. In two weeks it will be different." In broad daylight last week . . .

BRICS = Brazil, Russia, India, China, South Africa, Saudi Arabia, Malaysia, Iraq, Iran, and Zimbabwe are all ditching the USD and taking gold backed money for trade. That's more than 75% of the world's entire population that are now no longer using the USD in trade. You think there might be a small problem there, folks? Less than 25% only use the USD. Hmmm I'd say [they] are done.

When the dollar bites the dust, no one will get paid in big government, institutions, Wall Street, banks will shut their doors, insurance companies will pay out especially the FDIC as they don't even have 2% of the funds required for bailouts insuring depositors. No one will get paid. We will all have to walk off the job and rediscover our true nature and values.

The Fed is Dead. This economy is imploding in on itself. The world no longer needs the BIS, NYSE, federal reserve, the Rothschild banks, ad infinitum. It's done.

Do not take CBDC as your way out of [their] Problem/Reaction/Solution. It's just like CCP merit based system. You're never going to be in control of your own money again. Period.

Physical silver and gold are real wealth. Pull your money out of the bank. Use it wisely to buy your supplies. The bail-ins will seize your savings and checking accounts like [they] did in the EU & Cypress. You'll be up a creek without a paddle.

Stock up on everything. Enough to get you through a month of "The Big Ugly"

Stay Safe 🙏

Ron Johnson.

The same man that has hearing after hearing but no indictments or convictions.

The Same Ron Johnson that supports the Ukraine in their cover up of the money laundering scheme for the US elites.

I can say the same thing about Rand Paul as he willfully convicted Americans on J6 and decided to push through the vote instead of contesting two states.

It's us, against all of them and by all of them, I mean both parties and any person that has ever uttered one word of support for this BS official narrative.

DJT indictment is candy for the stupid supporters of MAGA and the GOP who just can't accept the burn from their behind.

It's pathetic to see the support for him.

We will never enact justice unless we take control of the system ourselves.

How, is the big question?

But to put faith in a government to correct this, that has gone so far in treason against us to this very day, is wishful thinking and borderline fantasyland.

I wish I had the answer, but all we can do is wait and watch and pray.

They can't win ultimately, but GOD has the time when His plan will be enacted against them.

Hello Katherine Watt and concerned readers: Obviously this intrusion into National and personal sovereignty will not stand if a citizen (individual) is not engaged or participating in commercial activity. Treaties are contractual agreements within the legal "Semblance" of commerce. Treaties should not be considered as Constitutionally binding agreements. It is the intent of the United Nations to falsely interpret silence as agreement... I'll leave it right there...

Nearly all modern concepts of Lawful order have been replaced with legal Statute. Statute

law is dictated by alleged authority, Not Common Law. The American Constitution (a Common Law construct) was hijacked sometime prior to 1861. Most civilians are not aware of the existence of the Original 13th Amendment. A brief explanation can be found here: >

<https://michaelruark.blog/2020/09/12/the-first-and-missing-13th-amendment/>

Further evidence can be perused here: >

<https://web.archive.org/web/20160311142648/http://constitutionalconcepts.org/13thamend-%20images.htm>

The above facts Negate all subsequent Constitutional amendment, and inform the reader that all governmental agents, agencies, and operatives, are actively committing acts of treason against the civil populace of the former United States.

Where can I find this entirely inverted definition of the word "consensus"?

The only codified "law" in North America was The Great Law of Peace.

Gerry Mander's "In The Absence of The Sacred" gives the definition and usage of "consensus" that used to apply.

I do know that "majority" is not defined as..."meaning"...those with the most power.

So, I'm not surprised that consensus now means the opposite of what it defines. It always has been, and remains, a War of Words. Lots of shape shifting going on. And the Mother remains "ghosted".
