Harari is just another demonic psychopath. He's the kind of undisciplined decadent man who never bothers to question the implications of what he advocates. He can be summed up in the phrase, "If it can be done, it must be done." Omnipresent in all of these lunatics is their absolute hatred of religion and their rejection of any concept of morality. He is so self-assured of their insignificance and irrelevance. "Do as thou wilt." They always reveal who they are. He should just end every speech with, "Hail Satan!" while throwing his own excrement on the audience. At least, that would be an accurate depiction of what he truly envisions. It's all a Satanic Cult.

I will say I appreciate the apology for airing the video of the mind control victim playing doctor. I'm glad you kept it brief, see I believe he is one of the ones that are dangerous because they believe the bullshit they spout, I appreciate the conversation you are having about his views... You can be smart and observe many things, but when a smart person gets hung up or partisan with respect to their views sometimes they won't give up on things they know are destined to fail. I recognize for you with a lot of Bible exposure you want to talk about it in terms of God, I just hope their is eventually an acceptable social paradigm where people can take professional criticism without getting offended or thinking the criticism is only because of their sexual orientation or their gender, nobody should be excluded from being able to get better or get help, even if they are LGBTQ, or straight sis whatever martian, asexual whatever, you still could benefit from some capacity for criticism, and to take it objectively pretty much everyone everywhere I have ever met could or has benefited from actually learning to actually listen and really hear criticism, and actually effectively change.

there are sheep and goats according to the bible. the right hand and the left. the church is supposed to be like apostle Paul and they have been. However the democrats and police are like the transgenders and think everyone is like them. this has always been the problem with the jesuits being like the transgenders and always causing trouble in the church and always thinking everyone is like them. then the pope absolves these jesuits with some kind of magic and wants everyone to be like the jesuit. now not satisfied with that the jesuits are trying to change the DNA. However no matter and despite the work of the popes and jesuits there is still the sheep and the goats.

For GCN, to be sued for $500 million dollars, his enemies need to prove damages. Exactly what damages do they claim, and for what?
If GCN hurt them by having an opinion, they still have to prove damages. It's impossible. And a frivolous lawsuit.
His lawyers are no good. They should have motioned to dismiss based on this obvious fact.

Harari, Schwab, Gates, Gates' tranny man-wife, Fauci, Zukerberg, Jack Twitter, Bezos, Larry Fink, Trudeau, Chicago tranny mayor, Lady Tranny Gaga, Hunter Biden, Ukraine's Zalensky, and all their cohorts...are all sodomites.
So is Satan; he is not married with kids.:-))

The prophecy in Daniel is happening now, it's the same prophecy in revelation, revelation just elaborates, and all of its happening, the seals are being broken right now, the prophecy is global, so all of the other times these prophecies were beginning to unfold it was regional not global, it will not be stopped this time because there are no more moral nations to come to the rescue, this is everywhere on earth, nothing will stop it this time, the king has begun to break the 7 seals, the first trumpet can happen at any time, we're only on the 2nd or 3rd seal, once our king starts the process, nothing will stop it, but also in this prophecy is that his followers will spread the word to everyone and everyone will be without excuse, the great falling away is happening, and the ones who are in the know will be the ones to repent more than ever, but we will also be martyred in Christ's name, nearly all the saints will be conquered. Maranatha!

Sinners hate the light, they hide in the shadows, light always defeats darkness but since we didn't shine the light into the shadows, people like this were allowed to sneak into the world and now their numbers are great and we must shine light brighter than ever, the big problem is the right people will not point their lights into the darkness to expose them because the darkness has overcome and overrun the "right people"

Thank you Dr. Zelenko for your work on C19 issues.

Both Alex and Dr. Zelenko are wrong when it comes to man being able to freely choose God unless of course you through out the entire OT and NT. The only free will man has after the fall is to choose his sin because a spiritually dead person has no capacity to wake himself up from being spiritually dead in his sins and trespasses.

Why do you think Jesus came? To SEEK and to SAVE the lost. Show me a verse in scripture where man's will to chose God exists. Has anyone read Ezekiel 36 beginning in verse 22 till the end or Romans 9? Matthew 22:14 sums the entire issue as stated by Jesus: For many are called (invited to hear the gospel), but FEW are chosen (chosen by God to believe and be saved)

Romans 9 verses 15 and 16 says - For He says to Moses, "I WILL HAVE MERCY ON WHOM I HAVE MERCY, AND I WILL HAVE COMPASSION ON WHOM I HAVE COMPASSION." 16 So then it does not depend on the man who wills or the man who runs, but on God who has mercy. I cannot get much clearer than it does not depend on the man who wills, but rather on God who has mercy and compassion (love).

Kurzweil is an interesting study. He was a pioneer in the synthesizer instrument world. If you watch his documentary from over a decade ago, he wasn't evil, he was beyond scared of dying and absolutely obsessed with living forever. He was taking 300 vitamins a day (could have funded Alex by himself) to prevent death and ended up giving himself a stroke from vitamin excesses.

Dr. Zelenko is correct. But people commenting here will tell you not to believe him because he is a Jew. THAT is satanic in and of itself. People, God is fixing to judge this world for its sin. You either get right with God by trusting HIS plan through His Son as your SAVIOR or live through the worst disaster to come upon mankind. A one world godless government who wants to kill most of you and enslave those they allow to remain via this inorganic platform that will make you unsavable because you will no longer be in the image of God.

I heard rumors that the virus is not real, the 'virus' (poison) is coming from the municipal water supplies, and it is targeted for the Native Americans, hispanics, blacks, lgbtq, and Jewish communities. It is targeted to hurt/kill the sick, mainly the diabetics (pancreatic diseased). This Doctor A. will come out with this information, plus a whole lot more, early next week. After if first airs on the Stu Peters Show, it will then be released to the whole world at the same time so as to not stop the info from coming out. There's more but I can't remember all of the details. The main thing is that the poison is in the water supply. The part that doesn't make sense, is that it leaves straight white people. We know good and well the evil power structure is after the straight white people. Remember, you heard it from me.

Alex, the Bible was inspired by God. The descendants of Abraham, Isaac, and Jacob didn't come up with it on their own. They simply were vessels the Almighty used to tell us the end from the beginning.

Interesting view, I think people should check out on YouTube:

Sheikh Imran Hosein.

He gives also kinda same narrative to the end of time, with maybe more details to how it might occur in our times. He explains using eschatology and geopolitics.

It would be interesting to have Alex Jones having him for an interview too.

When Abraham laid his son down on the altar of sacrifice it was symbolic. That the Father would be faithful, one, the Son would be faithful to be willing to lay himself down upon the altar of sacrifice, two, then the angel appearing to stay the hand and provide the ram was like the Holy Ghost, three. The God head is three different and separate beings yet are the same for their hearts and minds are the same, yesterday, today and forever.

Adam was the first true prophet, Lucifer was the first false prophet. Before the flood those who followed the false prophet Lucifer destroyed themselves. Those who followed the true prophet Noah, were saved, and they were very few in number. Mr. Harari will lead the goats to death, the true prophet of God will lead men to life eternal.

0 reply report

Pilati 3 days ago

Since the beginning God has had a prophet. Adam was the first prophet. He spoke with God face to face. God told Adam because he has partaken from the forbidden fruit he will surly die. But God would prepare a way for redemption. And since that time prophets who are the high priests of God have declared that God will make intersection between fallen man and God. All of them. Abraham was tested, to lay his son down on an altar for sacrifice. It was symbolic an angel stopped him from slaying his son and prepared a ram from the wilderness to come. All prophets have testified that the ram of God will come and He did, and now prophets, true prophets still testify that the son of God has come and He is still yet to come. True prophets decry sin and plead with men to repent and lead men to their only salvation. They hold the keys of authority on earth to open or seal up the heavens, if commanded by God to even bring new revelation and commandments, they are Gods mouth piece oracles, of God. They are special witnesses of Jesus Christ and can even commune with Him in the holy of Holies. God is the same yesterday today and forever. If He spoke with and through prophets of yesterday and does not today or tomorrow is He then the same? Does it not make God a liar if He then has changed? Any man who claims to be a prophet like Mr. Harari and denies Him, denies the coming and the existence of God and claims there is no God for I shall be God, denies himself. Man can become like God, but only after the manner and boundaries that the creator of all things has charged. Israel has at least one meaning "LET GOD PREVAIL ". That's why Israel is always under attack, for the very meaning denies Lucifer and man their power and self proclamation of they themselves are god and will do as they wilt.

Psalm 2
1 Why do the nations conspire[a]
  and the peoples plot in vain?
2 The kings of the earth rise up
  and the rulers band together
  against the Lord and against his anointed, saying,
3 "Let us break their chains
  and throw off their shackles."

4 The One enthroned in heaven laughs;
  the Lord scoffs at them.
5 He rebukes them in his anger
  and terrifies them in his wrath, saying,
6 "I have installed my king

Depopulation, useless eaters and the end of free will and freedom will never succeed in the long run, cause it goes against our nature and the spirit of hope, which is the reason why humans can heal and survive

What is especially "VERBOTEN" is discussing the fact that by 2100 half of the global population will be BLACK. And we will still have open borders policies.
Pair that with the fact that BLACK have historically always been the most easy to enslave.
What better way to ENSLAVE HUMANITY than to breed them with the race of human that has historically always been the most easy to enslave? There's your ultimate conspiracy theory. Nobody will touch that with a 10 foot pole, not even your precious Alex Jones.!

It's because Isreal means is real. They want to live in a dream world. They hate reality.

I never expected to be what by am. The third party pointing out everything these assholes are doing wrong. It passes me off that I'm having to go through this. It's like wtf? I didn't sign up for this. I was living and then I was taken away to be this. Then, they play I'm to go down with them becuase a bunch of idiots Can't read between the lines.

Everyone is stupid. I'm just as stupid. Grrr....nvm. what's gonna happen is exactly what always happens. Someone is gonna catch wind of what I'm saying and think it's my fault their body is filled with disease and decomposing. It's accelerated death. They want to be God's. Well, you got to be dead motherfuckers. Dead dead dead. You will no longer need your body so, be thankful you chose to download your ignorance into a storage device. Your now a living dead piece of shit.

What do they.....you can polish a term but it's still a piece of shit.

Being stuck as the go between here inthe Astral plane, all I can say is you assholes missed so much. Once, your in such a hurry to finish this life, it a wonder why? Havnt you heard of the tortoise and the. Hare? The tortoise crossed the finish line a lifetime ago. He's your judge. You should thank him for giving you a second chance but, whatever. Your the rich famous smart people. Wtf am I?

I'm just a fisher of men and all I wanted was a woman. You killed her. You killed my dog too. So fuck you. You can sit out my house and beam your shit into my head but, all your doing is giving me your life.

Blah blah blah . You know my story. You know why you cant touch me.

Hey, everyone. The devil satan whatever was a innocent person. That's why they blaspheme and use him as a evil being. It's just a twisted story to trick the masses. Killing Satan is what they want. That's the blood of the innocent. Blood of man. The blood of christ.

0 reply report

TheFalseProphet 4 days ago

If you look at all these people believing what they will and then see how its all the same thing you have a huge scale of justice that forms. Judgement.

Who's the judge? Who has the right to judge anyone without taking on judgement themselves? God? Wtf is that? That light being? These people use light to act as God's. That is the God the belief supports. So, that cannot be a judge.

We're stuck in the middle of confusion and creation. These assholes are a minority that think they know about something and then claim to be godlike. Ghey can't even be a decent human being . How could they ever be a god?

They already fried their channel and connection To reality. Their judgemnent is starting to look like they reap what they sow. Their beliefs can't withstand the beliefs of the masses. It's pure irony. That's the scale they can't override no matter how many people they kill.

That's just the walls of the mental prison they are in. You then have the truth about all the people they think they are harvesting are really here and that is another situation we the innocent, will not have any problem overcoming.

Your born, you grow, you learn, your senses guide you and help you understand right and wrong. You cannot escape that. They can be isolated but, when you have a body trapping you making you exist, you can accept it or you can kill yourself.

They chose to kill themselves. Their dead.. we're all dead. This process of life is a moment and a chance to make good on what we hadn't finished. They did this same thing. That's why the Bible is a script. They are trying to change that and they can't becuase it already happened. So, they are dead. They can't escape what already happened. If you or them are having trouble understanding this it's becuase its from the other side of sense. Deal with it. And just live your life assholes. You don't want us shitting in your skull. I'll see to it personally.
