Goiás, strategically positioned in the middle of the country, is the nation's second pharmaceutical center; this hub is concentrated in the Agro Industrial District of Anápolis (DAIA), located in the city of Anápolis, Goiás, at the center of the North-South Railway – an ideal location for effective distribution.

While the State of Goiás offers competitive business advantages that are attracting foreign direct investment, there are more national than international companies in Brazil's pharmaceutical sector. However, the international players have three times the turnover of their national counterparts.

International players you say.. Well Novartis is there and I haven't yet checked for some of our other pharma friends but I thought of another organisation that is interested in foetuses and works with pharma... Planned Parenthood.. so I googled them for a presence in Brazil,.. because you know.. I have nothing better to do and got... Alexander Sanger of the International Planned Parenthood Federation https://www.ippfwhr.org/about/board/ (https://www.ippfwhr.org/about/board/) . He's the Chair.

Sanger you say? Yup ..

https://en.wikipedia.org/wiki/Alexander\_C.\_Sanger (https://en.wikipedia.org/wiki/Alexander\_C.\_Sanger)

Alexander C. Sanger is an American reproductive rights activist and the current Chair of the International Planned Parenthood Council. He is the grandson of Margaret Sanger,[1] the founder of Planned Parenthood who opened America's first birth control clinic in Brownsville, Brooklyn, in 1916.[2][3] [4] Sanger previously served as a United Nations Population Fund Goodwill Ambassador, as the President of Planned Parenthood of New York City (PPNYC) and President of its international arm, The Margaret Sanger Center International (MSCI) from 1991–2000.

He joined the board of Planned Parenthood of New York City in 1984 and was elected President and CEO in 1990

Sanger is trustee of the **Virginia B. Toulmin Foundation**, which funds programs for disadvantaged children, in women's health and for the commissioning of new works by women in the performing arts, particularly composers, playwrights[31][32] and choreographers.[33] It originated the Opera America Discovery and Commissioning Grants to female composers and the Women Composers Readings and Commissions program through the League of American Orchestras. The foundation also supports the Luna Competition Lab, which targets high-schoolers, and funding for female composition students at the Juilliard School.

If you present opinion/argument, connect your dots and provide sources for them. Avoid baseless speculation. ALL posts must include at least one link. The International Planned Parenthood Federation (IPPF) is a global nongovernmental organisationwith the broad aims of promoting sexual and reproductive health, and advocating the right of individuals to make their own choices in family planning. It was first formed in 1952 in Bombay (presentday Mumbai), India by Margaret Sanger and Lady Rama Rau at the Third International Conference on Planned Parenthood with support of an expanding population with limited resources.[1] Nowadays, it consists of more than 149 Member Associations working in more than 189 countries. The IPPF is highly developed and organised into six regions. The organisation is based in London, England.

The IPPF is financially supported by governments, trusts, and foundations including the European Commission and the United Nations Population Fund for special projects. Half of the balance of their funding comes from government official development assistance programmes. To achieve their goals as an organisation, the IPPF often collaborates with the World Health Organization (WHO), the United Nations Development Program (UNDP), the United Nations Children's Fund (UNICEF), the United Nations Population Fund (UNFPA), and the Organization for Economic Co-operation and Development (OECD).

The international abortion NGO released two documents to be used by child sex advocates as part of a media blitz, directing children of any age to "explore avenues of sexuality", and directly attacking the protective role of the parents.

That really makes me want to vomit and sort of explains why MSM often reports the child rape crimes of NGO and peace keeping 'humanitarians' as sex with 'child *prostitutes*'.

So, researchers might want to think about which companies might be operating in that part of Brazil at the moment.

They call it a pharmacy but he was just producing bottles of Passionflower herb capsules, and water. I spent about half a year in Abadiania many years ago, going to the Casa and know all about the place and heard about the sexual abuse over the years. No one would listen. I and others have been sick since our "healings" and "spiritual surgeries" they do there. There are many people online talking about feeling worse after seeing John of God. I believe everyone has to take the Passionflower herb to make people more spiritually open and vulnerable to the "entities" (demons) that are working on people. I even had a remote surgery when I was home and had the herbs sent to me. I immediately felt worse afterwards and I still haven't recovered. So besides all the sexual abuse on girls and women, he has made countless people sick just from seeing him and ungergoing his treatments.

I couldn't believe it when i saw NBC (or ABC) and Oprah both do separate shows on JOG, promoting him, and afterwards there was a ton of Americans that came to see him, turning Abadiania into even more of a spiritual Disneyland than it was already. My friend wrote about JOG and all that went on there on a page called Volconvo and eventually they removed that specific page without any explanation.

Here is a page describing people feeling worse after seeing JOG for treatment: http://entityclearing.net/john\_of\_god.html (http://entity-clearing.net/john\_of\_god.html)

So de Faria claims he channels Dom Inácio de Loyola, aka St. Ignatius of Loyola, founder of the Jesuit order.

https://www.britannica.com/biography/St-Ignatius-of-Loyola (https://www.britannica.com/biography/St-Ignatius-of-Loyola)

Loyola is the 'spiritual patron of the clinic'.

http://johnofgod.com/category/john-of-god-entities/ (http://johnofgod.com/category/john-of-god-entities/)

A lot of 'conspiracy theories' feature Jesuits as arch-villains. Here for example we read Loyola was a crypto-Jew and cabalist:

https://israelect.com/reference/WillieMartin/Ignatius\_Loyola.htm (https://israelect.com/reference/WillieMartin/Ignatius\_Loyola.htm)

Don't know if de Faria had any connection to the actual Jesuits.

The Africa Center is at the corner of Fifth Avenue and East 110th Street in East Harlem, Manhattan. growth into the cultural center has been spearheaded by, Chelsea Clinton, Halima Dangote, and Hadeel Ibrahim daughter of Mo Ibrahim. Begun as the Center for African Art In 2005, the museum was among 406 New York City arts and social service institutions to receive part of a \$20 million grant from the Carnegie Corporation, which was made possible through a donation by New York City mayor Michael Bloomberg. Hadeel in a board member of the Clinton foundation. Guggenhiem was added onto by Gwathmey Siegel & Associates Architects who designed homes for such famous clients as Steven Spielberg, David Geffen, and Ronald Lauder. Lauder is the current president of the World Jewish Congress, and succeeded Edgar Bronfman Sr. The large rotunda was a gift of the Mortimer D. Sackler family. Art, Fashion, Politics, Drugs, and every pizzagate connection you can think of right on one street. The only connection I am not completely sure of is how 854 Fifth connects to Bill Clinton. Warren & Wetmore, built it so there is a possible tunnel. Former US President Bill Clinton's special envoy to the Balkans, Robert Gelbard, had earlier described the KLA as "without any questions, a terrorist group." (The KLA was later repeatedly accused of being involved in the organ trafficking of Serbs in the late 1990s.

123 we will vomit together. I changed my view of abortion a few years ago and what I have been reading is sickening. Some of those babies born on the Baby Farms must be aborted, for not all of them will be healthy. What becomes of those poor little babies? Sold? To whom. This guy Sanger should be hoisted on a petard. I have my ideas about who gets the top picks of those healthy babies too. How about some of those Pedowood Moms that have amazingly flat tummies after giving birth. I would love to know if there is a file on babies sold.

I am split in different ways on abortion. There was some spoiled kid that was riding around on crotch rockets and raping joggers until he got caught. He was adopted by a pilot and his seriously evil wife. Was his real dad a rapist too? No one will ever know ... because of the system. What they are doing? Oh, Hell no!

I know what you mean. I get it but out of all the Babies 👴 that we're aborted well many would have turned out ok. We can't decide who gets born and who doesn't. God sends them and we should really supply the right kind of help for these single Moms. By that I mean parenting classes and setting them up with basic supplies. We have the money. It just goes into the wrong pockets.
