

# Why I'm Removing All Articles Related to Vitamins D, C, Zinc and COVID-19

Analysis by [Dr. Joseph Mercola](#)

**Over the past year, I've been researching and writing as much as I can to help you take control of your health, as fearmongering media and corrupt politicians have destroyed lives and livelihoods to establish global control of the world's population, using the COVID-19 pandemic as their justification.**

I've also kept you informed about billionaire-backed front groups like the Center for [Science in the Public Interest](#) (CSPI), a partner of Bill Gates' Alliance for Science, both of whom have led campaigns aimed at destroying my reputation and censoring the information I share.

Other attackers include HealthGuard, which ranks health sites based on a certain set of "credibility criteria." It has sought to discredit my website by ensuring warnings appear whenever you search for my articles or enter my website in an internet browser.

## Well-Organized Attack Partnerships Have Formed

HealthGuard, a niche service of NewsGuard, is funded by the pharma-funded public relations company [Publicis Groupe](#). Publicis, in turn, is a partner of the World Economic Forum, which is leading the call for a "Great Reset" of the global economy and a complete overhaul of our way of life.

HealthGuard is also partnered with Gates' Microsoft company, and drug advertising websites like WebMD and Medscape, as well as the Center for Countering Digital Hate (CCDH) – the progressive cancel-culture leader with extensive ties to government and global think tanks that recently labeled people questioning the COVID-19 vaccine as a national security threat.

The CCDH has published a [hit list naming me](#) as one of the top 12 individuals responsible for 65% of vaccine "disinformation" on social media, and who therefore must be deplatformed and silenced for the public good. In a March 24, 2021, letter<sup>1</sup> to the CEO's of Twitter and Facebook, 12 state attorneys general called for the removal of our accounts from these platforms, based on the CCDH's report.

Two of those state attorneys general also published an April 8, 2021, op-ed<sup>2</sup> in The

Washington Post, [calling on Facebook and Twitter to ban the “anti-vaxxers” identified by the CCDH](#). The lack of acceptance of novel gene therapy technology, they claim, is all because a small group of individuals with a social media presence – myself included – are successfully misleading the public with lies about nonexistent vaccine risks.

*“The solution is not complicated. It’s time for Facebook CEO Mark Zuckerberg and Twitter CEO Jack Dorsey to turn off this toxic tap and completely remove the small handful of individuals spreading this fraudulent misinformation,”* they wrote.<sup>3</sup>

Pharma-funded politicians and [pharma-captured health agencies have also relentlessly attacked](#) me and pressured tech monopolies to censor and deplatform me, removing my ability to express my opinions and speak freely over the past year.

The CCDH also somehow has been allowed to publish<sup>4</sup> in the journal Nature Medicine, calling for the “dismantling” of the “anti-vaccine” industry. In the article, CCDH founder Imran Ahmed repeats the lie that he “attended and recorded a private, three-day meeting of the world’s most prominent anti-vaxxers,” when, in fact, what he’s referring to was a public online conference open to an international audience, all of whom had access to the recordings as part of their attendance fee.

The CCDH is also partnered with another obscure group called Anti-Vax Watch. The picture below is from an Anti-Vax Watch demonstration outside the halls of Congress. Ironically, while the CCDH claims to be anti-extremism, you’d be hard-pressed to find a clearer example of actual extremism than this bizarre duo.<sup>5</sup>

## **Gates-Funded Doctor Demands Terrorist Experts to Attack Me**

Most recently, Dr. Peter Hotez, president of the Sabin Vaccine Institute,<sup>6</sup> which has

received tens of millions of dollars from the Bill & Melinda Gates Foundation,<sup>7,8,9</sup> — with funds from the foundation most recently being used to create a report called “Meeting the Challenge of Vaccine Hesitancy,”<sup>10,11</sup> — also cited the CCDH in a Nature article in which he calls for cyberwarfare experts to be enlisted in the war against vaccine safety advocates and people who are “vaccine hesitant.” He writes:<sup>12</sup>

*“Accurate, targeted counter-messaging from the global health community is important but insufficient, as is public pressure on social-media companies. The United Nations and the highest levels of government must take direct, even confrontational, approaches with Russia, and move to dismantle anti-vaccine groups in the United States.*

*Efforts must expand into the realm of cyber security, law enforcement, public education and international relations. A high-level inter-agency task force reporting to the UN secretary-general could assess the full impact of anti-vaccine aggression, and propose tough, balanced measures.*

*The task force should include experts who have tackled complex global threats such as terrorism, cyber attacks and nuclear armament, because anti-science is now approaching similar levels of peril. It is becoming increasingly clear that advancing immunization requires a counteroffensive.”*

Why is Hotez calling for the use of warfare tactics on American citizens that have done nothing illegal? In my case, could it be because I've written about the theory that SARS-CoV-2 is an engineered virus, created through gain-of-function research, and that its release was anticipated by global elites, as evidenced in Event 201?

It may be. At least those are some of my alleged “sins,” detailed on page 10 of the CCDH report, “Disinformation Dozen: The Sequel.”<sup>13</sup> Coincidentally enough, the Nature journal has helped cover up gain-of-function research conducted at the Wuhan

**Institute of Virology, publishing a shoddy zoonotic origins study relied upon my mainstream media and others, which was riddled with problems.** [14,15](#)

**So, it's not misinformation they are afraid of. They're afraid of the truth getting out. They're all trying to cover for the Chinese military and the dangerous mad scientists conducting gain-of-function work.**

**You may have noticed our website was recently unavailable; this was due to direct cyber-attacks launched against us. We have several layers of protective mechanisms to secure the website as we've anticipated such attacks from malevolent organizations.**

## **What This Means for You**

**Through these progressively increasing stringent measures, I have refused to succumb to these governmental and pharmaceutical thugs and their relentless attacks. I have been confident and willing to defend myself in the court of law, as I've had everything reviewed by some of the best attorneys in the country.**

**Unfortunately, threats have now become very personal and have intensified to the point I can no longer preserve much of the information and research I've provided to you thus far. These threats are not legal in nature, and I have limited ability to defend myself against them. If you can imagine what billionaires and their front groups are capable of, I can assure you they have been creative in deploying their assets to have this content removed.**

**Sadly, I must also remove my peer reviewed published study<sup>16</sup> on the "Evidence Regarding Vitamin D and Risk of COVID-19 and Its Severity." It will, however, remain in the highly-respected journal Nutrients' website, where you can still [access it for free](#).**

The MATH+ hospital treatment protocol for COVID-19 and the iMASK+ prevention and early outpatient COVID-19 protocol – both of which are based on the use of vitamins C, D, quercetin, zinc and melatonin – are available on the [Front Line COVID-19 Critical Care Alliance's website](#). I suggest you bookmark these resources for future reference.

It is with a heavy heart that I purge my website of valuable information. As noted by Dr. Peter McCullough during a recent Texas state Senate Health and Human Services Committee hearing, data shows early treatment could have prevented up to 85% (425,000) of COVID-19 deaths.<sup>17</sup> Yet early treatments were all heavily censored and suppressed.

McCullough, in addition to being a cardiologist and professor of medicine at the Texas A&M University Health Sciences Center, also has the distinction of having published the most papers of any person in the history of his field, and being an editor of two major medical journals. Despite that, his video, in which he went through a paper he'd published detailing effective early treatments, was summarily banned by YouTube in 2020.

“No wonder we have had 45,000 deaths in Texas. The average person in Texas thinks there's no treatment!” McCullough told the senate panel.<sup>18</sup> Indeed, people are in dire need of more information detailing how they can protect their health, not less. But there's only so much I can do to protect myself against current attack strategies.

They've moved past censorship. Just what do you call people who advocate counteroffensive attacks by terrorism and cyberwarfare experts? You'd think we could have a debate and be protected under free speech but, no, we're not allowed. These lunatics are dangerously unhinged.

The U.S. federal government is going along with the global Great Reset plan (promoted as “building back better”), but this plan won't build anything but a

**technological prison. What we need is a massive campaign to preserve civil rights, and vote out the pawns who are destroying our freedom while concentrating wealth and power.**

### **Kassie**

**My heart is very heavy and I want to weep. Thank you with all my heart, Dr. Mercola, for your dedication, true love and concern for humanity, caring for and educating us all these years on how to be the healthiest people we can be. I depend so much on your truth and information, insight, and wisdom. These are dreadful times we are living through, how can there be so many evil people who work together to willfully destroy life, liberty, and the pursuit of happiness? I am so grieved right now. TLDR: I suggest that this site should seriously look at arranging a Tor onion site, possibly shared with other sites, to host the material it was coerced to remove here, so that it can remain available e.g. a massively infrastructure-level censored, infamous site added Tor onion access, and stayed online there. I'm not surprised, effective threats to revenue are a well known method to coerce self-censorship, or drive unprepared sites off-line. I expected growing censorship, so have Joplin and it's browser extensions installed, and use it to clip whole or part web pages in Markdown (MD) format, to an appropriate notebook. I already learned that videos can disappear, so use tools like "Free Download Manager" and utube-dl, via Youtube-DLG, to capture videos, even on alt video sites.

My opinion is we are facing ruthless, evil, anti-nature (Edomite, Black Magi to Satanist) monsters, and negotiation is probably futile. This information should remain available, because the victims of this evil are growing e.g. I just discover that my mother had surprisingly serious injuries from a fall and suspect that her Oxford AstraZenica jab(s), earlier this year, despite my warnings, may have contributed to this, together with her years of statins, which I also warned about! I am concerned what will happen to my brother's family, and young children, who are also at least part 'vaccinated'?

Thank you for your beautiful words Kassie. I could have written them myself. Please know Dr. Mercola, how trusted, respected and beloved you are by the only people that matter. My hear and prayers are with you as you fight this horrendously one-sided battle. But know that you are David to their Goliath. We must all believe that right and truth, light and love will prevail.

## rebel\_still

Dr. Mercola... You are a brave man and your service to Humankind as an Alt Med Doc has been magnificent. You must protect yourself and your family. The country is in the control of clinically overt psychopaths now and things are going to get worse for a time, I fear. All here should really prepare for some months (years?) of chaotic techno-fascism. Every institution in this failed state is corrupt and beyond redemption. I have been in clinical medicine for >45 years and have witnessed the dissolution of the medical profession into a "Disease-Creation-and-Maintenance" cabal in service to the worst elements of society. It cannot be fixed.

It will be painful, but I have come to hope for complete system collapse. It is time to build anew - not "build back better" (which is but a catchy phrase for reinforcing the ancient regime). The society that we have today is not sustainable - it is anti-Human - and, it cannot and will not stand. A reckoning is upon us and the old karmic chickens are coming home to roost. Our would be "Masters of the Universe" will be hoisted on their own hubristic petards very soon... Universe does not suffer fools forever. Stay safe, Dr. Mercola! We will need you on the far side! Thank you, Robert Dotson MD, very well said. My thoughts exactly. Perhaps now is the best time to expose the rapid global expansion of Human Capital Markets (see wrenchinthegears dot com). Not enough lipstick in the world to make the HCMs 'pigs' seem benevolent. Mountains of evidence.

## **derekszen**

Thank you Dr. Dotson. Dr. Mercola is very brave man, and it seems that this Covid hoax has brought things to a head. It is a world-wide attack on everyone, and personally I will never acquiesce to the constant barrage of lies trying to force me into testing and vaccination. So many of these billionaires, especially Gates look exhausted and very sick to me? It could be my imagination but I am certainly not afraid of him or what he preaches. Constantly lying and trying to cheat the entire world must take immense energy and cannot be healthy for these elite minority and this scam just may be their downfall - it seems the fate of most dictators.

It was reading doctor Mercola that I believe I saved my own health when I got the courage to quit statins, that I was scare-mongered into taking for 2 years after my heart attack back in '06 and I was only 58! These drugs had turned me into an old man before my time.. But now, I am fitter and more knowledgeable about my own body, eating an organic diets and take no big pharma chemicals at all. Dr Mercola gave me the confidence that I could get a life again.

I will mention one other thing you can do. Today, I went out and spent a lot more than necessary to buy a good quality American flag made in the USA (not China and not nylon!). The American flag flies at our house. My husband and many of his family are veterans. We are seeing more and more flags. They are a symbol of resistance and traditional values. They make a political statement.

I happened to have a pdf of Dr. Mercola's article interviewing Dr. Brownstein, 3-27-21. I got to wondering how I could post it in a place where it wouldn't be attacked. So I wondered if I could convert it to video form for upload on bitchute, where, at the time of this writing, it seems they won't censor. It took me a few minutes but I have now done that. I hope this may be helpful to someone:

We used nebulized hydrogen peroxide, Vit D and Zinc as an early treatment in Covid recovery in our household and I'm confident it was a reason for a very short period of symptoms that passed quickly. Non infected members used as a preventative a couple times a day and did not contract covid from family members who did have it.

Dear Dr. Mercola, I'm sure I represent many who are deeply grieved for you in this situation. Please know that our gratitude to you for your work knows no bounds. Thank you for reporting this; when I first discovered this redirect page there was no article content posted yet explaining this beyond the page title, though anyone following your work could certainly surmise what was going on. I was concerned that people posting in the comments here may have been looking for help - possibly for

imminent illness, so I found and posted links to bitchute, where two of your videos on the topic had been posted by others.

I also saw someone looking for a pdf on the topic, so I quickly made that available on bitchute. I gave attribution of course. I used bitchute for the obvious reasons. I wrote you earlier today to say that if this is in noncompliance with your intentions please let me know and I will immediately delete my comments with those links on this page and take down my video. I'm a long term follower of the site, regularly recommend it to others, and only want to support Dr. Mercola. I'm sure I speak for many when I say that I will stand by you and stand up for you. I'm confident that many are willing to fight this injustice in any way we can. Please let us know what we can do.

In these times if you find an article of interest you must save a pdf or paper copy before the Fahrenheit 451 Squad toasts your computer, they are actively trashing the internet content providers. I checked the Wayback Machine to see if the Doctors articles were there, his site has been BANNED. We need to do something about these Fascists before it is too late!

If you have not ordered the book yet you better, that is assuming that Amazon does not cancel all the orders. I believe you can get it on Kindle May 6th if the 451 goons don't get it first! We need to get these articles for better health transferred over to the newer "free speech" sites like Frank or Parler and others. The "Great Reset" idiotology is being pushed harder and harder to allow the tyrannical government and big pharma/medical to take over our country. The FDA and other Alphabet Soup government tentacles are never coming up with "cures" because it isn't profitable, their goal being to keep the sheeple just healthy enough to work and just sick enough to keep buying their snake oils. The only way to stop them is to control their "bottom line" by not buying their poisons. The above is just my opinion, so think about it, research it yourself, and make up your own mind, instead of letting them think for you and programming you to think what they want you to think. Does everyone understand now why the printed word (paper) is so important? Information in printed form can be possessed by individuals without being controlled by someone above them threatening to shut it down with the flip of a switch. Sure, paper information harder to share instantly with millions of people, like digital information can, and sure, it can be burned if the controllers gets their hands on it, but it's impossible for them to confiscate ALL of it without a huge fight. Does everyone also understand this holds true for money as well? Cash, paper money, not digital money. We must prevent this digital dictatorship, or our freedom will be gone forever. The young people who worship their phones and have a hard time envisioning a digital-free world especially need to be educated on what we are facing if they don't stop worshipping their digital devices.

The governments of the world own the power and can back up their policies with guns! Should the football and basketball supporters, numbering hundreds of millions worldwide, get involved things could be changed. However, if nothing else, Dr. Mercola's experience has shown one man cannot do it. And all credit to him for his many years of wonderful humanitarian service.

Lone voices are targets. I had my gmail account blocked days after writing against the

Pay attention. They can and will invade your home and forcibly remove you. Heavens, where have I heard of that before?

Headline in the UK Daily Mail today: Bill and Melinda Gates' \$130bn SPLIT: Microsoft founder's wife, 56, files for divorce citing her marriage to 65 year old as 'irretrievably broken' and court documents reveal there is NO prenup. [www.dailymail.co.uk/.../index.html](http://www.dailymail.co.uk/.../index.html) I wonder if this is to get his records involved in the divorce to delay a forensic audit of his books? Dr. Mercola, I know you're from the state of Illinois, where Chicago is a hotspot, but not your town. I am sure you're aware of the sensible path to take and everyone here will support your wise decisions. We need you and your family, staff, to be safe. I don't agree with Bill Dovel, "stand up to the tyranny" - there are times it's best to let it pass on by. If we can do anything, please let us know, such as write letters in your defence. I've already done that a few times in Canada. Please take care.

A very sensible message to the Doctor. A rational man that he is, I believe he'll take heed of your advice and continue to be there to guide us like he's so successfully done so far, on the right path. And what a splendid idea for all of us to be the Doctor's witnesses for the defense. Anger is paralyzing me; we need wise voices like yours right now.

Is it possible that one of the Gates (of Hell) is not a satanist, got sick of being one, or only one of them has reached the 33rd with the other one not having a chance to get there? I agree Randyfast and brodiebrock12 it's just more of the puppet show to distract those in the Bear Pit. However there is a chance that Mrs has more brains than Mr Gates (which is not difficult) and has finally realised that it's their heads which are above the parapet and that at the moment, those behind them, with the real money and power and plan are going to be sitting pretty when the whole covidian cult falls apart, which it has been doing since the start. There are a lot exceedingly angry people out there, many of them with nothing more to lose, they have lost jobs, businesses and what is worse, loved ones and Punch and Judy shows incur high visibility.

My problem with vitamin D is that it taxes the liver and I am not sure how far that goes. At the same time, I'm quite sure vitamin D is a fad; humanity has survived without artificial additives for millennia. Vitamin D is not even absorbed without sun exposure. The chemtrails, of course, have poisoned sunshine, so even direct sun exposure can be dangerous, but not as dangerous as the monsters' sunscreens. :) It looks like we are finding ourselves between two chairs on the floor. :)

Excellent video. Pass it on. I would think Bill and Melinda Gates would be more preoccupied with their divorce at this time. Is it really a divorce or a financial reorganization? Well, we all know what taking flak means. And, yes, it is difficult to stand in the limelight while also trying to get work done. History

exonerates those individuals with integrity. I think Dr. Mercola needs to be nominated for a Nobel prize in any one of several categories. He has saved so many lives. I am grateful for this website. It is under attack because it is effective and highly visible. So, we must also do our part to disseminate this information far and wide. In order to change public opinion, most people need to hear something several times or more before they will consider changing their old way of thinking. We need to keep repeating the message. Coupled with people starting to see their loved ones experiencing adverse effects, this is starting to change people's way of thinking.

I have been treated so horribly by standard medicine with an attempt to impose dangerous protocols on my that I am done with standard medicine. It is no longer safe to see an MD, at least one who is not in private practice with a degree of autonomy. I think we need to prepare for a long siege. These tyrants are not going to go away. Just at supper this evening, hubby and I were discussing how they will not stop with people like Dr. M. They are coming for each of us next. We will not be left alone to live our lives in peace.

It is going to get very ugly. Much worse than I can even imagine. One thing I do know--when they try to take away your rights is when you will most need them. The best thing we can do at this time is to keep exercising our rights in every way. Not be compliant or submissive. Unwilling to be led quietly to slaughter. This is also a battle of good vs. evil. Do everything you can think of to prepare. It is going to be a long battle. You must hold out and resist to survive

You will need the 3 B's. Networks. Spiritual strength and a moral compass. Physical fitness. Righteous thinking. Knowledge, skills, references. Resources of all kinds. Plan A. Plan B. Plan C. Expect plans to fall apart and have other options. As much as possible. Realize that the govt that is intent on raising your taxes produces nothing. Before anything can be produced to restock empty shelves, people must have incentive to get out of bed in the morning and go do some kind of productive work. This starts with natural resources--food, fuel, materials. Ranching, farming, fishing, mining, logging. Only then can mills and factories operate and provide jobs. Jobs transporting products to markets. Paychecks for discretionary spending on services.

I was in the supermarket buying nonfood items. I rarely use coupons because most of what I need does not have a coupon--people buy necessities anyway. There are still many shortages. I discovered that having a coupon does not mean the item will be in stock. There is little in supermarkets I even want to buy anymore. When ads come out in the newspaper insert, there is rarely anything worth purchasing. Food quality has fallen so low. (I am happy to have receive the weekly free newspaper ads for repurposing, though, even though I do not get the local paper.) In having much of our own (healthy) food, we are especially blessed.

It is terrific to have a garden and save your own heirloom seed. However, in an attempt to control every aspect of our lives, more and more seeds and foodstuffs will become compromised by greedy tech-tyrants. Try, as much as possible, to shift to a hunter-gatherer lifestyle relying on wild foods. When making plans for your self-reliance, ask yourself how you would cope if you suddenly could not buy or sell. If you were no longer able to enter a supermarket without a cell phone and covid passport app, for example. Caches. Do not forget that there are many good people in the world and much beauty.

Is This the Most Effective Weapon Against Viral Infections? Video: [brandnewtube.com/.../RXs6B6](https://brandnewtube.com/.../RXs6B6)

In this interview, Dr. Thomas Levy, a board-certified cardiologist perhaps best known for his work with vitamin C, discusses nebulized hydrogen peroxide, which has become my favorite intervention for viral illnesses, including COVID-19. In his latest book, "Rapid Virus Recovery," Levy details this treatment. Best of all, he's giving the e-book away for free. The 321-page physical book will be available soon online. It's also available in Spanish.

Levy has suffered with lifelong sinus problems and about a year and a half ago, while doing

research for his book on magnesium, he came across nebulization with magnesium chloride, which sparked his interest. As a result of his research, he began nebulizing with hydrogen peroxide and noticed “incredible changes in my health” almost immediately, including the reversal of his chronic sinus problems. So, after finishing his magnesium book, he took a deep dive into nebulization. “Rapid Virus Recovery” is the result of that journey.

“Just about the time the pandemic hit was when I really had my most compelling compilation of evidence for what nebulization with hydrogen peroxide can do,” he says. “And as I point out in the book, this is not just for common cold. It is for any respiratory virus. I make the assertion – and I don't generally make assertions that I can't back up – that nobody needs to suffer with a cold or the flu again, unless you wait too long before nebulizing. Nevertheless, you'll still recover much quicker after you do this.”

Levy also points out that if you can easily prevent or cure a viral infection, then vaccination becomes irrelevant. “Why vaccinate for a disease that you can prevent or easily cure after you have it?” he asks. As for why he's giving the book away for free, the answer is simple. “I want to stop this pandemic,” he says, “and nebulized hydrogen peroxide is not only simple to administer by

Yesterday I heard that Bill Gates was getting a divorce. He has been divorced from empathy, compassion and love of humanity for years. Now they fight us. (Actually been fighting us.) They keep moving the goal post to now include children. Given the Miracle Genetic Disruptor has been delivered to those who if it, and regular vaccines, worked as advertised, leaves those whose absolute risk must be near zero. Yes, it sucks if you or your loved one succumbs to whatever is going around and gets counted as being part of those who actually may have had Covid.

A huge thanks to Doc & Staff, the many doctors, nurses, researchers who know the truth and try to push back with the truth as and when they can, and a huge thanks to all the Gardeners with Creation who grow true Life, Health & Abundance. ## **Hercster**

[controlsfordiabetes.com/nebulizer-and-covid-19](https://controlsfordiabetes.com/nebulizer-and-covid-19) The Magic Formulation Really it's not the magic formulation, I will walk you through the process step by step. No matter how you look at it you will have to do some mixing but as I said before it is so easy. Pick up a face mask as opposed to a mouth piece because the virus infection goes into your sinus and you want the vapor to go into

**your sinus. 1. Fill a pint jar with pure clean water (distilled water) do not use tap water. 2a. Convert to normal saline add 1 level teaspoon or 4.5 grams of sea salt, into the water and dissolve by stirring, note this does not have to be sterile.**

**OR 2b. Use the 0.9 % saline solution and add 1 level teaspoon and mix in the water.**

**3. Add Food Grade Hydrogen Peroxide (H2O2) 12 %, put 3/4 of a teaspoon of H2O2 into the water solution. So you would take your 1/4 teaspoon and add 3 level scoops, count them out 1, 2 and 3, add and mix. 4. Now you have created a pint of 0.1 % H2O2 diluted in normal saline, this jar will last for 3 months. If you have taken a WHIMIS course you will know to label the jar H2O2 nebulize solution. There is no stabilizer in the H2o2 and will degrade over time so put the jar in the fridge after use.**

### **A Simple Table**

**To break down H2O2 from 3% to 1% is very simple, use 2 parts water to 1 part H2O2. Also to break down 12% to 1% use 11 parts water to 1 part H2O2. Note 1 US tsp is not the same as 1 Imperial tsp, but can be used in the same proportion.**

**H2O2 Concentration H2O2 Saline Final H2O2 Concentration**

**3% 1/4 teaspoon 1.21 ounces or 7 1/4 teaspoons .1%**

**12% 1/4 teaspoon 5.0 ounces or 30 teaspoons .1%**

**36% 1/4 teaspoon 15.0 ounces or 90 teaspoons .1%**

Randyfast: "nonexistent vaccine risks". Tell that to the people who have already died from the DNA altering garbage! I know they're calling it (it being the Covid-19 vaccine), 'experimental gene therapy', but it's not 'DNA altering' insofar as I know... Even though 'the central dogma' (one gene= one protein) is wrong, even though most proteins are multi-gene proteins, for the sake of simplicity... think of a gene as simply a recipe for making a protein... Ok so that recipe can be written in different languages... It can be written in the language of DNA, the language of Transfer RNA, OR (as in the case of Covid-19 vaccine) the language of Messenger RNA....The vaccine contains m-RNA which provides cells with the genetic information needed to make (if memory serves) a spike protein which is part of the Covid-19 virus... this is indeed a form of gene therapy...it is novel/experimental/dangerous imo... BUT it's not 'DNA altering' (leastways not to my knowledge).... GOT IT???

I sent many family and friends the video of Dr. Mercola interviewing Dr. Levy and am upset that I can't download it again and send it to more people. I keep telling friends about it and can't share it with them. When I saw it that evening, I became so ecstatic that I immediately wanted to share it with everyone I know. It was the best thing I'd heard during the whole horrible year we've been experiencing.

I knew about using the HP in the nebulizer and I had one from a few years ago and bought one for my 2 sons, my housekeeper and her daughter's family, and my elderly neighbor. I don't know how many of them believe in the miracle this simple treatment could do. I've been trying to have my two sons see the video and as yet haven't been able to schedule the viewing. Now I realize I can never show it to them. I'm extremely depressed that they will never see it. I did however spend the hour to do an audio capture of it but the sound is not easy to listen to. I'm happy that I'm 73 and may soon exit this world.

This cancelling of our voices that are only sharing helpful information has to change. We need to be able to debate these issues!

I am sick to the back teeth of the tyranny that has been unleashed upon the world. Here in the UK the lunatics are truly running the asylum. Every absurd diktat is enthusiastically followed by the sheeple. They parrot the drivel and dross as fact and are psychotically wedded to their germ infested muzzles. I hate them. In contrast Sir, you have been a bastion of humanity. Speaking the truth in a tsunami of liars and their lies. We will not forsake you. We will continue to support you. Your efforts are not wasted and the knowledge that you have given us will never be expunged. This must have been an extraordinarily difficult decision for you to make. Perhaps your family's lives are being threatened as well as your own? In any case, discretion is the better part of valor. It is best to retreat from a battle in order to eventually win the war. My guess is that you will find discrete ways to disseminate valuable information without associating it with the Mercola name.

Dear Dr. Mercola, this article was very upsetting. I suggest to make an option available to sign up for an

email mailing list so we receive your articles directly by email, not a link to a website online. I can't speak for everybody, but I would pay a reasonable monthly subscription fee for this service. You should have all our emails in your database, so you could just send this directly. Also, you could sell an article archive on CDs or a USB or a digital download (like a zip file). Dr. Mercola, I know that your purpose of life is to help people naturally and you already fulfilled it to a great extent, so you don't have to put yourself at risk and suffer personal consequences.

I wanted to mention that I came to this country 20 years ago from Russia with a belief that this is where people have the most freedom in the world, but it is getting worse and worse, and there is no real freedom any more. Trump was our hope to make America great again, but this is gone now too...

The title Alternative Medicine Dr. has always troubled me. I find that title offensive. What Dr. Mercola promotes is the truth and Real Medicine. He is a REAL DOCTOR. The standardized medical system doesn't have doctors. They have DRUG DEALERS! Drugs don't promote healing. They rob Peter to pay Paul. That's what the conventional medical system offers. Dr. Mercola offers truth and healing. That makes him a real doctor, not an alternative medicine doctor. If everyone was raised from early in life to live life the way Dr. Mercola recommends, the need for our conventional drug dealers and quackery would go away. They would go out of business. An entire system (healthcare system), based on Cult-Like philosophies and snake oils, would vanish over night. That is what they are afraid of. The truth always prevails over lies and deception. God Bless Dr. Mercola for all he has done for humanity!

Whether as in the bible, a "reptilian" as David Icke believes, an "extra-terrestrial" or "inter-dimensional" this is who we are battling. You can use the peroxide neat (i.e. 3%).

I don't bother diluting. Just ensure it is pure food grade. Of course if it stings or "burns" then dilute with 0.9% saline. Try half and half and go on from there.

The main thing that I have discovered is that the dilution ratio doesn't have to be exact if you are starting out with the 3% H<sub>2</sub>O<sub>2</sub> because the majority of people tolerate this well. However, dilution ratios ARE very important if you are starting out with more potent peroxide solutions e.g. 12% or 35% etc etc. In which case be very, very careful indeed and triple check your final diluted solution is correct before use.

Dr Mercola has gone further to defend and protect all of us than just about anyone I can think of given his long history of service to humanity. I'm sure he would continue to stand up if possible. Keep in mind the Fourth Industrial Revolution is based on a global dictatorship backed by the world's militaries. All of them. Operation Tribal Spike has been launched. A global Operation Phoenix was launched under the Trump administration. They will use any means at their disposal to control the population. We should have vigorously resisted the rise of the global police state back in the early 2000s. Many of us did, but not enough. If we're very fortunate, Entropy catalyzed by elite Hubris will become the wellsprings of a grassroots awakening and effective resistance to create freedom and transparency.

BTW, I have no doubt CODEX ALIMENTARIUS is waiting in the wings to sharply limit our access to vitamins and all kinds of supplements. I hope this realization will bring the holistic world together, along with the farmers in India and other farmers around the world fighting for food sovereignty, Europeans fighting for their culture, and many others in various nations and cultures fighting the good fight for human freedom and dignity.

You realize I must choose my words carefully... I hope the message is well-received. pam and all... I am sue Dr. M. has investigated options for remaining online and has received expert advice. Not to criticize your suggestion, just to point out how dire this restriction of first amendment rights is. I, too, wish there was a place where we could all connect without intimidation and surveillance. MeThink and all... I am concerned about the nature of "personal threats". Will we learn more about this? Esp. if the info on the modus operandi of tyrants might be useful to us? SeeStraight and all... yes, I think that is what it will come down to. However, it will take more than that to fight govt. It will take larger numbers of people than we have ever seen before protesting in the streets. It will take business owners with the courage not to comply with mandates that would eliminate "undesirables" from access to public places. Perhaps most importantly, it will take computer skills to take down the technocracy.

We must each be prepared to take care of ourselves and maybe at least one other person.

Selectively set aside a bit extra if you are able. Time is short, but also do what you can to teach young people the kinds of tribal skills and knowledge that have been traditionally passed down from one generation to the next. Focus your time and energy on those who are actively trying to help themselves. Triage.

Our country is lost. Its official, open discourse and free speech are dead. The coup d'tate has, thus far, been successful. Hitler was successful up to a point, but he and those who stood with him ended up paying the ultimate price. Maybe instead of using the term Covid-19 and natural remedies replace it with FAUCI-19. If you have optimum Vitamin D/C/zinc levels your chances of catching the dreaded FAUCI-19 virus is minuscule.

I am extremely dismayed by this information Dr Mercola. My family and I have relied on your valuable advice for over 20 years. We all have our own mind; to evaluate and make decisions. This applies to getting the vaccine or not getting the vaccine. Taking supplements or not..Do the real criminals here think that we can be brainwashed into doing something we don't want to do? We are considered no better than sheep! This is very alarming.

Well, there is still a God in Heaven who is in charge. The power of prayer is beyond measure. It is infinitely so beyond the power of the billionaires. It has saved many beyond measure when hope seemed to be exhausted. Along with standing our ground, it is what is needed of us now. Let us who have Faith join arms in perseverance and pray daily for Dr. Mercola and the few like him. God be with you and most certainly is with you, Dr. Mercola. Let us not even give any thought of defeat. No one, no cause is defeated until it is abandoned. Let our unwillingness to give up send shivers down the backs of our enemies.

I am so very sorry to hear you are unable to continue informing us, not for us, but for you. It's sad because your freedom has been taken away at a time in history we thought that would never happen. What is most important Dr. Mercola, is the safety of you and your family. What can't be stopped is the network that has developed that through your knowledge, will continue to live on. Each one of us who informs another new person and that person informs etc., will continue your work. We're not just people that don't want to take a vaccine that we feel will harm us, we also a people that believe in freedom and the first amendment, freedom of speech. I have and still do depend on Dr. Mercola for the truth. I have compiled most Covid articles for

ammunition when my jabbed relatives realize I am unjabbed. I sure hate to lose all this valuable lifesaving info !! I am a server in the mountains of Colorado. We have been open for business thru most of this madness. I have been maskless and down in the faces of THOUSANDS of travelers for over a year. Many coworkers have tested positive and I'm right there beside them(they say it was just like a seasonal flu) and because of the GREAT Dr. I have been just fine...my vit. D levels are optimal and I eat clean and follow all his advice. I even have a portable nebulizer ready...but no covid !! Thank you to this community and all your helpful comments. If ANYBODY was or is exposed it is me...It's a bunch of overhyped BULLSHIT !!!!

The problem is that most people still trust what comes out of the approved media outlets and medical 'care' system and that most of us have complied with the nonsense suppression measures dictated by the industry-driven governments for too long. If more of us would have searched for the truth ourselves and then accordingly dropped (or never started) compliance with nonsense, it wouldn't have come that far. 'Fascists only have as much power as we the people give them'..... and they know it, that's why they are panicking and now making more and more mistakes. It is still time to drop our compliance with idiotic fascist 'orders.' Simply dropping our masks and interacting like the natural humans we are would do it; even at this point it would help turn this boat around which clearly is being steered towards an abyss of absolute misery, slavery, and death for us the people.

What we're seeing here is purging and readjusting data and history to fit the regime's current needs (Brave New World live). And again, most of us don't even see this since we still blindly believe what our trusted sources tell us; sources, which have brain washed us for decades to a degree which makes us assume they are working for benevolent forces and our benefit.

Thanks Dr. Mercola and anybody else speaking the truth and opposing tyranny. Source will continue to bless you and consequently us. Even if truth speakers are forced off fascist-infiltrated and -controlled platforms, the waves the truth speakers helped to rise can't be stopped. The digital worriers have been born and are too numerous to be slain; they are the people who have discovered the truth by looking under the carpet; and this enables them to escape the deadly shots fired at them. The wave they are

riding will help take our blind sisters and brothers to safety; at least many of them.

Dr. Mercola I am deeply sorrowed that you need to take this action. I counted on your information as my main source of what was/is the TRUTH! So very sorry for the attacks you are personally receiving. That is exactly how this works. I came from Cuba. A Communist/Socialist/Totalitarian government. I know the tactics of removal of freedom of the press, freedom of speech, personal attacks and slowly remove the rights so 'they' can gain total control. We are there in this beautiful country! How are you going to fight without water, electricity, access to food and money, against drones and robot armies combined with private mercenary armies recruited from foreign countries, but equipped with the latest tech? YES! I should have watched the video first! I am a bit of a rebel (I actually wanted to catch it because when the young adults at the steakhouse my friend works at got it the 2nd time around, they said it was nothing! So their natural antibodies worked!) ... how long do they last? I don't know - and I don't know if a person gets it a 3rd time outside the antibody window - is their body going to remember and neutralize??? BUT the "WILL IT NEUTRALIZE OR WILL IT BIND" is the million \$\$ question!!!! 6'7 podcast clearly spoke of ADE and if you research what 'they' are saying on it, they have no idea, they're just saying things without support to back it. Dr. M would NEVER do that!

So Dr. Paul Offit - I have hated this man and Sen Pan FOREVER after the SB277 made me stay out of California as a prospect for living there (born and raised there - I miss my golden state and my family!) ... but did you see the video? Dr. Offit actually MADE SENSE! I was shocked!!! I don't know about you guys, but I think the majority of us on here wants to see what is truly going to happen when these vaccinated folks meet covid in the wild. A nurse told me just yesterday that her friend's mom was fully vaxxed and tested positive for covid. AND SHE BLAMED THE UNVAXXED POPULATION! I couldn't

even - I bit my tongue so hard! Of course now I want to say everything I didn't say! It was painful because my thoughts didn't come together fast enough to say the right words she needed to hear. When I read through the comments, I'm so happy at the love Dr. M gets from everyone. He is never out of line, he always cites his sources - and this form of bullying is typical when they aren't winning the game. I'm an 80's kid - I learned how to JUST SAY NO!

Dr Mercola, I am grateful for all your research and quest to preserve human life and educate us and get the truth to us. I am saddened that those who want to save our lives and that of our loved ones are viciously attacked to achieve the opposite goal. The Hippocratic oath should renamed the hypocritic oath as it no longer is to prevent patients from harm and preserve life but to preserve the doctors careers and livelihoods. On reflection the doctors never lined up to get even the previous vaccine

shots in the hospitals they work and watched all the other members of staff (who work so hard to support them in their jobs) line up to get these shots and never informed them what they were doing was not wise and kept quiet counsel on the fact these shots were extremely harmful to those taking them and could cause ill health and even death.

I will be forever grateful for your hard work and I will pray every day until I am no longer here for everyone who endeavors to fight this wanton destruction of human life, including all the unsung heroes who do likewise and we do not know their names. We are taught in the church to follow the example of the Savior who saved lives. He never maimed or harmed anyone whilst healing others during his life. He was exemplary in caring for others and could not be bribed to do otherwise. I love all my family and friends who have been hoodwinked by the evil agenda today and will support them in any way I can.

I also remember Brandy Vaughan who was cruelly taken from us for educating people of the subject of vaccines. I feel for all families who have already lost loved ones. It is extremely heartbreaking when this should never have occurred. My father died because of the flu shot and true reason for death covered up so I do know how the vaccine bereaved are feeling as our family went through this also. I commend you for your bravery and for looking after us. I pray for your protection and that of your loved ones.

Obviously one of the best things we on this site along with other like-minded people can do is simply NOT GET THE VACCINE. Then on the nightly news where they give the daily statistics on what percentage of people have gotten their shots, hopefully, that number will no longer be rising as it had been.

God Bless You Dr. Mercola for all you have done and hopefully, through the grace of God, will continue to do for all of us. Stay safe!

What kind of a world we have created... lucky the people who are awake know what supplements to take, best to stock up with a few, because they could ban all supplements that are good for us. Evil is fighting back, unless we cut off the head, it will keep on doing evil work. These are really sad days, who are they to slave us, good bye freedom, 2 weeks ago here in Australia we celebrated ANZAC day... (Australia and New Zealand) giving thanks to the millions of young people who died in the wars to give us freedom, I was so ashamed that we have allowed this charade to happen, did they die in vain? they fought back, this time people have been paid to stay home, play with their toys and a full tummy. Imagine if we had it like those young people had, no money, food, nothing. These generation would not have survived, no one has the skills to survive..that would have been a test. Teaching us how to survive with on our own.. never mind, different times, different mentality. People will wake up when freedom is gone and we have to beg for everything, censorship for every thing we say and do.

## **Watsonandco**

premiademar14, I wish you were right but I don't believe people will wake up. Our freedoms have already gone and who woke up The vaccinated population will actively participate with governments to seek out the Non-Vaxxers just as ordinary people did with the Jews and they will feel justified that they are "cleansing the population". The holocaust could not have happened without the tacit agreement of both the medical and legal professions. They are, in effect, our enemies not our saviours. There is nothing new in history. And has anyone considered how all this is going to be paid for? The idea is to get control of all the money on the planet and drastically reduce the population - is it not? So where is the money? In your bank account and your pension fund. They can now (since 2017) legally steal it. Anyone who has a pile in a bank is a fool.

I wake up every morning with the anticipation that I will read more articles that you have compiled on the truth, strategies on ways for us to fight back, stay healthy. Dr. Mercola We applaud you for everything you have done. Standing up to bullies is never easy and they are only attacking because they fear the truth will get out. The battle has already been won because people are waking up and this has had to happen gradually. Decades of brainwashing are gradually being unwound. People are realising that the media is censored and are starting to question why - and this is thanks to your information and from the likes of Robert Kennedy Jnr and Children's Health Defense. So please take heart! And everyone - keep sharing! All we can do for the uneducated is to plant seeds. Eventually, these seeds will grow and when all realise the crimes that have been committed against humanity, the perpetrators will be brought to justice and a new world of compassion and kindness will begin.

I have a screenshot of it but can't post the image... here's the details:

**#1: Make Saline Water:**

Put one pint of water into a canning jar, and add one teaspoon of salt. stir to combine. This makes 0.9% saline solution.

**#2: mix peroxide solution: (gives 0.1 % end concentration)**

3% HP – 1/4 tsp HP + 7 1/4 (7.25) tsp saline

12% HP – 1/4 tsp HP + 5 oz saline

**#3: add your 0.1% solution to the nebulizer**

Good luck! What a sad day, this article and more taken down.

Try this for Dr. Levy pdf. Dilutions of H2O2 are fairly arbitrary...I have used 3% to huff directly into lungs from a nasal spray bottle...but 3% is a bit strong to inhale through nose...You can get 60 or 100ml graduated syringe..11 parts saline : 1 part 35% food grade H2O2 gives 3% H2O2....Nebulizer cup holds 20ml..so 1ml 3% H2O2 to 20ml saline would give .15% solution which I don't believe is too strong to nebulize by mouth/nose...Add 2 drops 2.5% Lugols iodine...and try 5 minutes on nebulizer, should be no burning of nasal passages...Keep 35% food grade H2O2 in freezer, dilute very carefully since 35% is dangerous and will burn skin, then work with 3%.

Dear Doctor Mercola I thank you for all your hard work along with other doctors all over the US and the world who have advocated for human health.

Your information has been a godsend to everyone reading and studying about this "panic" demic.

My comment it a question ,

If the so called vaccine is so safe and wonderful why do they have to go to such lengths to shut down voices who say it's not , won't the proof be in the pudding?

This shows me they are lying about this so called vaccine agenda.

It is blatantly an experiment.

They are planning to give it to kids now which is against the EUA they applied for . The EUA says people 18 and over in the authorization. Are they not violating this , where are the lawyers?

I believe they need a new trial and EUA.

The 4 covid vaxxes in USA are already EUA. FDA will NEVER do animal trials b/c Fauci of NIH says "we have the genomic sig of the virus; we don't need the real virus" This is obvious double-talk gobbly-gook, but MSM can't seem to notice. Dr. Andy Kaufman says: "what's in the vax if the virus was never isolated?" Good question

Dr. Mercola, please know you have built a foundation of immense respect in those of us who look to you for the truth about health, how WE can help ourselves be healthier and take control. My family and I have been discussing at length the surreal times we live in, and wonder if we actually live in America because in all actuality "this" resembles nothing like the "land of the free." I owe my health to you with the information you so willingly impart. My heart breaks knowing how long and hard you fought the tyranny of suppression of freedom of speech. We who constantly search for the truth, we who love freedom of thought and expression, we who have faith in our own ability to make health freedom choices, continue to stand with you.

If you trust Bill Gates there is a problem. The man is not about saving lives but saving the planet of which that is only God's responsibility. Bill Gates has been one of the leaders trying to save our planet from people. Quite a job for humans unless you finds ways to reduce population. Low and behold a pandemic with lockdowns and mandates. All adding to high death tolls but blamed on the pandemic virus. People like Bill Gates and those that blame people for climate dangers are the real danger in the world.

## **versatile**

Dr. Mercola, I have a suggestion. I'm serious. Study CURE. The military industrial corporate medical complex does not study cure. It's not just COVID-19. Cured is simply not defined for most diseases. If anyone claims a cure, they can be ignored, dismissed, shamed, and as you have noticed, attacked. If you, or anyone, claims to cure COVID, you are a monster. Why? Why is cure, and cured not defined? There is a simple reason CURED is not defined: most cures come from health. Most approved medicines cannot cure any disease. The system fears the truth. And you? Have you ever CURED anyone? Can you prove it? No, you can't because cured is not defined. There is no test of cured for most diseases. There's a reason over 90 million people have RECOVERED from COVID, but not one has been cured. If we want to get serious, we need to study cure. It's not hard, just "new". I have ordered your COVID book on Kindle, and look forward to reading it tomorrow. But I'll bet, before I've seen it, that

the word CURE does not appear. That COVID-19 CURED is not defined, not even discussed. What is the truth about COVID-19? Most people are cured. Most are cured easily. Most are cured by health. A few are cured by medicines, and medical procedures. Many are cured by medicines that are not approved, even medicines that are banned.

Posted On 05/04/2021

## **fvomasch**

versatile Very True. The word CURE can not be used. If you beat lets say cancer you are in REMISSION not cured. Is there a "cure" for the political and medical insanity that's going on? We know the answer to that!

Posted On 05/04/2021

---

## **versatile**

fvomasch: curing cancer is hard. I'm not surprised that even the best doctors don't claim a cancer cure, even when it occurs. But it's far worse than that. CURED is not defined for SCURVY. A trivial disease. Medical texts recommend "treatments", refusing to use the word cured. Cured is only defined medically for an infectious disease "cured" by a poison that kills the infectious agent, or a surgery that removes. If an infection is cured with health, or with healthy actions - it doesn't count, so... "There is no cure for the common cold (influenza, measles, COVID-19). I've had many colds, a few cases of influenza, measles twice - all cured. But cured is not defined.

Each of us needs to respond in kind to each of the oppressors Dr. Mercola has named in this article, by exposing the frauds and retaliation they have engaged in--and never buying their products again. In fact, we need to disparage their products far and wide, disparage vaccination, and circulate Dr. Mercola's articles even more widely (which means: download them now!).

Breaching the skin barrier by injecting any kind of foreign substance into your body is a really bad idea. It does not prevent disease, especially in the case of the COVID bioweapons (both the engineered virus and the genome-altering, surveillance enabling "vaccines").

As a Board Certified Holistic Health Provider, I feel your pain-literally. The monster is out of the closet and all methods of true prevention and cures are being targeted by the most corrupt "diseasecare" system in the world. I was fortunate enough to provide hundreds of Preventative Health lectures in the years prior to this Plandemic, and over 90% were amazed they had never heard of information on PREVENTING disease before. The majority just assumed they would all get sick and come down with diseases, and be "taken care of" by our inept system (which is now generally regarded as the 3rd reason for DEATH in the US). They have seldom seen the term "prevention" except as with "screenings"-which is far from true prevention! We will find a way to get the message out. Our numbers have been growing since the 1970's. In the end, we will win because we are RIGHT!

To answer msp21911's question about the formula for nebulized food-grade H2O2: fortunately, I had printed out Dr. Mercola's article & written down the formula after watching the original video. Here is the formula: If you're starting with a 3% peroxide concentration, use 1/4 tsp. + 7 & 1/4 tsp. of normal saline. That will give you an ending 1% concentration. If you start with a 12% peroxide concentration, use 1/4 tsp + 5 ounces of normal saline. This will give you an ending 1% peroxide concentration. If you are starting with a 36% peroxide concentration, use 1/4 tsp.+ 15 ounces of normal saline for a 1% ending peroxide concentration. I hope this helps.

"Sorcery"/witchcraft intriguingly, is 'Pharmakeia' in Greek, from which we derive our words "pharmacy" and "pharmaceutical." Diviners, enchanters, witches, and sorcerers employed drugs and other potions to put them or their clients "in the spirit" so their "magic" would work. In 2000, Pharmacia & Upjohn merged with Monsanto Company, at which time the name was changed to Pharmacia. The food Big Pharma produces kills off good bacteria in our micro biome, which makes us sick so we can then be prescribed Big Pharma Drugs. It's akin to the Bermuda Triangle. The covid vaccine is the Mac Daddy

The local morning news (3 stations) continues to warn that we won't have herd immunity until at least 1/3 of us gets the vaccine. Only half have succumbed to the constant blitz surrounding the propaganda to "take the vaccine" disseminated daily. Dr. Mercola has been a refreshing beacon of hope to those who are avoiding the news cycle barrage. I am disgusted and deeply disturbed, but should we be surprised? These elements seeking to constrain the bastions standing against their tyranny are winning with such speed it is mind boggling. Copy and paste, go to the sites that still have the information you want, purchase a hard copy of the books you need and hope they don't come to your home to burn them!

You, Dr. Mercola, have been one of my favourite health heroes for over 25 years. We will continue the fight against the measures they are bringing onto us. I know you will do everything you can as well. I wish you and your family health, safety and feel the amount of love we all have for you. Blessings.

This is appalling, but not unexpected after the last couple decades as truth-tellers & men & women of good will were silenced & eliminated one by one. We are grateful here for the truth that's been dispensed by this source through thick & thin, & which has benefitted us & everyone we shared it with. Thankful that hard copy was made & distributed on much of it, & looking forward to the book which has been pre-ordered to the same end.

God hates & is angry with the wicked everyday, may he give the deceitful who refuse to love the truth that they might be saved to the end, & who wrest & corrupt the truth to their evil, antichrist ends, according as their works deserve. And may many eyes be opened to how seriously God takes his word & promise to judge any nation or people who not only refuse the truth, but who are so wickedly & delusionally self-serving & self-centered, idolators, that they refuse to tolerate salt & light, hindering those who would otherwise receive it. God has mercy for & is a refuge for the little ones, the humble, & repentant, but he is far from the proud who make themselves his enemies. For these things judgment comes & does not sleep, and he was faithful to warn us of the need for vigilance & diligence in this life. No tyrant lives forever, & then the judgment before the judge who cannot be corrupted or deceived, thrice holy.

Sad? You should be absolutely angry that Dr. Mercola has given up and not fighting back as he PROMISED to do. This is not LEGAL, he specifically says that above, so apparently he's been full of \$h\*^ the whole time...like most of those that claim they are "fighting for us". What a load of BS.

I was afraid something like this would happen to you Dr. Mercola. I'm a retired acupuncturist who learned much from you over the years. I have referred you to countless patients in the past, and continue to refer you to my friends. Unfortunately, we live in a very dangerous time with very powerful

people are arrayed against those of us who seek truth and personal freedoms. I just ordered your new book in hardcover. I'd previously had it downloaded into my Kindle, but with Big Tech's attempts to censor you I was afraid the book may be disappeared from my Kindle. In any case, keep up the good fight. There are plenty of good people who are doing what they can to push back against the evil forces trying to enslave humanity. All we can do is try.

## Astonished

Too bad, the good doctor hasn't realized that this country has always been ruled by gangsters.

The technology that can kill you with a tiny ice bullet goes way back. Of course, you don't die right away, but develop cancer or die of a heart attack, but the substance that caused it remains undetectable for coroners.

I thought Dr. Mercola knew this and went against the tide knowing that the monsters WILL kill him, because he is a major influencer. Giving in now will make no difference. Survival is NOT the greatest value in life; a life well-lived is.

I hope he can read my message here, because they are going to kill him (and possibly all his relatives), no matter what. Remember the JFK case and 9/11; a lot larger process is going on and it will not be stopped.

The only freedom you have now is to chose the way you pass.

Sorry to say, "democracy" has always been still-born. Already Aristotle observed that it is the rule of the mob. Our country's founders found a way to avoid the mistake by installing constitutional rights. After the "Patriot" Act (Newspeak, for sure), "the US Constitution has become just about as relevant as an old copy of Pravda in an abandoned Siberian outhouse." I do not agree with everything Dr Mercola says but it is important that we defend his right to say these things. He is not alone; there are tens of thousands of doctors and clinical scientists all over the world who understand the weaknesses in the vaxxers' case, and will not promote it. Some of us remember the Asian flu in '57/'58, (which had the same order of lethality as Covid), and the government's response - lead by Dwight Eisenhower - which was easily as effective as the current one. It did not involve lock-downs, the widespread destruction of people's livelihoods or the loss of our freedoms.

Basically, his and Robert Kennedy's website (Children's Health Defense) are the only two websites left that I know of where people can still access real info (well, I have been eternally banned from CHD and even Mercola's site banned me a couple of weeks ago for a day without telling me why). Mercola had to act as if CV existed, but if you knew what he was talking about (mostly 5G symptoms and murderous CV policies), it was useful info, especially the most intelligent commenters I've ever seen on a website. With my two doctoral degrees (right, despite that, I haven't been "properly" brainwashed! :) or just not enough? :D), I am honored by having friends here.

## Astonished

That is the idea. Viral infection theory has never been proven, but there was always an epidemic, when EMF exposure increased beyond human limits. Well, the 1918 pandemic was apparently caused by the meningitis "vaccine" given to soldiers, who carried the bug around the world, but the real problem was the muzzle. Even Fuxi's own report from 2008 for the CDC confirms that exhumation of the victims from 1918 showed they had died from bacterial pneumonia, caused by the muzzle... Moreover, even medieval plagues strangely coincide with extreme sunspot activities (which caused an EMP around 1859, wrecking telegraphs); again, the plagues were caused by EMP. I was wondering even at the age of five, "how come those doctors and nurses are not getting killed galore, if infectious diseases are so dangerous?" Well, only you can answer the question. You are responsible for your decisions and you back them up with your life.

Children's Health Defense run by Rober Kennedy is the only authentic-looking site; they are closing in on alternative sites.

Our only chance is to organize chat rooms that can be moved after they are shut down (they will be after 2-3 weeks all the time). But we NEEDED to keep in touch; the people here are even more precious than the good doctor who, however, has been invaluable by making these comments and contacts possible. Absolutely amazing. I am just so sorry he thought legal procedures would protect him. This country, after 1865, has always been run by criminals and the thugs are cheap and well-equipped... The problem is that he is not realizing that backing out is not going to save him and whoever else he is associated with. I thought, he put up his life for something good, and now it turns out, survival (to what end?) seems to be more important for him than a life lived well... I am truly sorry for him...

Sorry to hear about this Doc. They're basically using **CRIMINAL MAFIA TACTICS** against you and your family but this is really **NO** surprise as the **ENTIRE US GOVERNMENT** is **NOTHING** but a giant mafia anyway and has been since the end of the Civil War! This is the beginning of what the Bible calls a famine of the word of God and even though this is specifically talking about God's truth as Jesus taught which mainline Christian churches do not know and it extends to all truth on any and all subject especially human health because it directly threatens the profits of the Rockefeller **BIG PHARMA** crime medical cartel Who are leading the charge **AGAINST** humanity with this depopulation weapon!

Remember that these people do work for Satan and are all part of the plan to literally destroy the entire human race although they think that they're following the Georgia guidestones and the population will be limited to 500 million the true goal is the entire elimination of the human race and this is just the first stage in the open depopulation Agenda and global genocide plot.

Eventually it will get so bad that no amount of Truth telling will be allowed on any subject outside of the mainstream propaganda channels via the nightly brainwashing known as the news and only God's direct intervention in empowering specific people to share the truth to the world as a witness will allow any factual correct information to get out at all.. But then just as now most people are simply **S0000** brain **DAMAGED**, soo weak of mind, body and spirit through laziness, destructive lifestyles, eating **GARBAGE** food with no vitamins, minerals, Enzymes, and watching **SOUL SUCKING MEDIA, MOVIES AND MUSIC** that they simply do **NOT** Care what's going on & don't have the intellect or IQ to **UNDERSTAND ANYTHING** other than what they hear on the nightly news.. **EXACTLY** what those in charge have been working towards for the last 50+ years! This is why it's a **FACT** that IQs have been

dropping since 1991.

## **fundamentalassumptions**

The famine of the word intensified as men were ungrateful for the restoration of the word of God with the non-copyrighted Authorized English Version that seriously set back Rome's darkness & inquisition, corruption w/ world cult elites & craft, & her layered, crony corporatist & occulted powers exposed & weakened: the light of God resulting in the salvation of millions & an explosion of liberty worldwide. The new versions are all copyrighted merchandizing schemes, the 'better ideas' of men, weakening & perverting the words of God, ponzi schemes like the mass & salvation for sale by initiated men of craft, not Christ. They are all now set upon the sand of the universal corrupt UBS text, Laodicean & Babylonish, that is used for all new translations. The leavening has been exponential & purposely done by unbelieving & presuming men, & we see the light & liberty of the free nations diminishing in direct correlation to that corruption just like Jesus said, the light to be set upon a stand....not hidden or shaded, slanted; & if the salt be corrupted, what is it worth but to be cast out and trodden under foot of men (paraphrasing: men should seek the passage for themselves). Evident & conscientious truth & conviction set men to seeking the revelation of God: it still exists & is still found of those sincerely seeking it, & not their own imaginations & idols, the 'version that best says what I want it to'. When the last of the big evangelical denominations gave over to the UBS schema in the '70's, it was pretty much over save a few biblically ordered independent Pilgrim churches still holding to the simplicity of Christ & not joined to State. Dumbing down & demoralization are a given among fallen men without the faithful preaching of God's preserved word, & when men of craft make that the extinguishing of that their end & the people are not vigilant it works outward from the loss of revealed truth to even evident truth being suppressed & denied. John 8 or 2 Peter 2&3 KJB.

The word on the street was that “our” government, the one behind the curtain, threatened to eliminate everyone snd anyone remotely related to him. So, he too was pressured to leave, just like Dr Mercola, our crusader's.

He explained how Monsanto's thugs came to each farm and strong armed the dairy owners to say that rBST wasn't having any negative effects on the cows. It was UTTER BULLSHIT - and he went on to explain just how bad it was. But the FDA STILL SAYS it's safe for humans. Good God! The lying and BS ... you can't trust anyone! bgefellerslive.com, you are so right. We none of us must stop. But be under no illusions, there will be casualties - and I'm not talking about people being fined or facing short prison terms. It's all in the history books covering the period from 1933- 1947. We have no choice or humanity will be dead, possibly forever.

As i have blogged here before, Hotez is a dangerous NUTSO, who really believes his daughter's autism is coincidental, not caused by vaxes. He's not an MD anyone can trust, b/c he's a menace to ALL thinking humans, including MANY OTHER MDs and medical pros (like Mikovits) who DARE to ask the right questions.

Dr. Mercola may be censoring himself now, BUT WE WILL NOT. Let's organize even more effectively to confront the menace to humanity caused by the Wuhan-Ft Detrick juggernaut funded by the US gov, Gates, BigPh, the vax companies, and others...

Of course it's disgusting that the FTC and other members of the scandemic cabal have put Dr. Mercola under such pressure. They did it earlier to Dr. David Brownstein, who had to take down his blog as a result of FTC pressure; Brownstein published a paper after that, giving him more ammunition to counter the FTC's spurious claim that he was making health claims without being backed by published research. Dr. Mercola may yet find a way to restore availability to the material he just removed; perhaps by putting it behind a modest subscription paywall, possibly requiring a combination of measures like some signed legal waiver, GPG- or SSH-encrypted connections only, etc.; therefore, since such communications are not immediately available to just any member of the public, they should be outside the category of "advertising" or whatever spurious, tenuous legal basis the FTC might have.

Regarding the many comments and questions about H2O2 nebulization: I just learned that another medical hero, Dr. Vladimir Zelenko, published a paper on his site in 2021 January about how nebulized HCQ is about 80 times more powerful than his previous therapies using oral HCQ and/or oral ivermectin! That's another clue that using the most efficient administration method of suitable antimicrobials (whichever might work best to counter a given pathogen) is critical for getting the best results, the fastest and most safely, avoiding severe complications, leading to quick resolutions. That ends any supposed logical basis for fear-porn propaganda, next-to-medically-useless lockdowns, masks, person-separation, etc. Perhaps Brownstein and Zelenko, two heroes which Dr. Mercola interviewed, have been comparing notes and boosting one another's protocols, thanks to whatever freedom of communication we still have. Watch out, because the WEF's proposed 'Great Reset' includes "Internet Governance" as part of their control scheme to follow the 'C19' scam. LEARN: GPG, SSH, IPFS, Safenet, etc.!

The irony is that I read what Dr. Mercola wrote, did my own calculations on the data he provided, made my own decisions, just as Dr. Mercola has always said we should, and it was therefore on the basis of his writings that I concluded that I definitely did want to have the coronavirus vaccine (but not the flu vaccine) and have done so. Where else could I have found all the relevant facts? The best way to get the most accurate picture is to get both sides of an argument. Had I not had the facts from Dr. Mercola I might have decided otherwise! Now I am beginning to wonder is there some further dire fact that they are hiding and afraid that Dr. Mercola will discover about the vaccines. But most likely it is just unbridled greed. Disclosure: I am over 80 years old.

What about if it's a newsletter we pay for? Would that work? I'm more than happy to pay in order to stay in touch. I think you should be **VERY SPECIFIC** about exactly who is threatening you and with what! Name names, point fingers ... blow the whistle loud and clear on every one of these satanic lunatics! And don't cave in to their threats!!!!!! Perhaps you could hire a body guard Something I've seen other newsletter/website owners doing is moving to a membership-based newsletter, so that they can avoid the censorship. If you make the membership really cheap - like say \$1 a month - everyone can still afford it and have access to your information. kurlikew, this is a lot easier said than done. Whilst you might know who the organizations that are threatening you, actual proof that can be used in a court of law is a completely different matter. Everything else just becomes slander, which the accuser can be held liable for. I feel Dr M's pain and fear and completely understand his position. I personally have lived this. Over 3 decades ago I worked for a subsidiary of Moody's as a risk management consultant. I came across very disturbing information in relation to corporate funding of an entity being completely funded by international criminals. I started working with the best investigative journalist in the country. He was extremely excited about being able to write a story that would have been as big in this country as the Watergate scandal was in the US. Shortly after starting to gather the information joining all the dots my work and home phone was bugged. I was being followed everywhere. I came home one night after getting the bugs at work confirmed and then removed to find my cat nailed to my front door. He was getting photographs sent to him on a daily basis of his kids. Some of them whilst they were walking to school, some whilst in school and some whilst they were playing in their back gardens. We both decided to walk away. Sometimes life is too short and the stress that goes along with those very subtle levels of intimidation can have life long ramifications. Just staying don't judge until you walk a mile in their shoes.

This is beyond sad. It's soul destroying. Dr Mercola, you will ALWAYS be a heroic leader of truth, integrity and light. That they can't take away. The 2020's McCarthyism, Fascism, Nazism is now called Vaxism years. And it's global WAR. The war against truth and humanity. World WarIII is raging and it's not about left-right politics. This is TOP-BOTTOM politics (the 0.5% ganging up with the fearful, now brainwashed majority to crush the "disobedient terrorist dissenters" who are standing up for freedom from tyranny and oppression FOR the silent or mind-numbed masses held in a grip of fear). History repeating itself in the worst possible manner as previously unfathomable in our previously "free" (on the surface) societies.

Civil War anyone? May have to wait for the numb masses to realize and not be continuing to work for their own destruction but as it looks now, sadly may never happen, before next steps. What 'BANG' world event will wake them up I wonder, when they are still so much living in the "safe" Truman Show? I have made a choice last year; THIS will be the hill I die on if need be. I will NOT be a slave to this sh!t show. I will choose death. So nothing left to lose here and ready for a fight! It may get more nasty in the end. Let's unite....

Posted On 05/04/2021

## **Watsonandco**

NoFear11, people have to unite behind something tangible - like a flag. There is no flag yet invented to represent the world. So what else can be used? Uniting behind a cause or an idea, as in the Spanish Civil War, led the squabbling rival parties to lose to a very united Generalissimo Franco who won a war he should have lost - but his troops were united behind one flag, not three different versions of it.

Dr. Mercola.. Get in touch with Ron Paul and get your story told on the Liberty Report. You have been my health hero for two decades now.. You cannot capitulate and submit to these thugs. You cannot fight this fight alone. You need to find some people in the mainstream, perhaps write letters to Senator Rand Paul . Of course, I am sure you are heavily armed and have protection, but if you are receiving death threats and have reasonable belief high level actors are pursuing your life this is a serious

situation.

Of course there is no such thing to these fascist bureaucrats as Freedom of Speech, it is a bureaucracy. If you truly feel your life is being threatened your best bet is to find refuge out of the USA where you can broadcast your message. As well, you should use third party outlets and work with groups of other like-minded health professionals to keep your work going in the event you are murdered. You are a true patriot, American hero, a martyr perhaps. DO NOT SUCCUMB! We need you more than ever. But, you must form a movement and raise an army of other like-minded individuals. You cannot go at this alone anymore.

Dear Dr. Mercola, while, by and by, the scientific community gets aware that herd immunity will NOT be achieved by vaccines [www.nature.com/.../d41586-021-00728-2](http://www.nature.com/.../d41586-021-00728-2) Vitamin D (even quicker in

combination with the other vitamins and minerals you mentioned) IS the KEY to herd immunity since it facilitates T-cell activity, and T-cells are crucial for unlimited herd immunity. Your articles especially on those issues are high level science and reflection, broadly read in Europe as well. Who exactly dares to shut the doors to such knowledge? The Pfizer CEO already is sued by people from Israel, further decisions are pending at the international court in The Hague. Vitamin D is - if you take a look at its meta analysis to successfully prevent and treat COVID 19 symptoms - inevitably part of the choices which the Nuremberg Code calls for, when information has to be given in order to enable individuals to give informed consent. Ignorance of the Nuremberg Code means crime against humanity. Those who threaten you must be arrested in time! Can we launch mirror sites?

I've been following Dr Mercola for over 10 years and found his advice absolutely correct on all health matters, despite contradictions from Big Pharma and other interested parties. Recently I've managed to Tweet a number of Dr Mercola's articles and videos on Covid-19 without any problems, or having them removed – you just have to be a bit clever how this is done – so it'll be very, very disappointing to

not have this information available in order to spread it on Social Media and counteract the censorship emanating from Big Tech and Big Pharma. (See @MarzipanRug on Twitter) Is there another url – perhaps disguised or camouflaged from these censors – where we can freely access Dr Mercola's information without jeopardizing his position? If there is, please message me, I'd like to know.

As has been pointed out here, in broad strokes, the USA has become a nation of dumb-asses who have no self awareness. That is why there is no longer any discussions of anything meaningful. You Americans did it to yourselves. You elected people who hate you and the principles on which your country was founded and now you wonder why all your freedoms have been taken away...yep, dumb as wood. No sense of history either... It is not until they come for you and put you on the train to the 're-education camp' that you pay attention. Well, sorry, you get the government that you deserve. Maybe now some of you will begin to understand why so many people laid down their lives for personal liberty during the American Revolution...

People want power and they will do anything to get it. That means killing you. That means destroying your nation. It means that you will not be allowed to say anything that those (WHO YOU PUT) in power do not like. It means that only those people who fully support the LEADER and are sure to clap the loudest will have any rights or justice. Watching the demise of the USA from afar is like watching a train derail in slow motion from a distance. You can see exactly how it is going to play out. You Americans are being enslaved and brutalized. You are being replaced by an invasion force in the millions. And like the soon to be fired employee, your last orders are to support your replacements and help them to take over your job, while you quietly go away and die... And you are actually doing it...

Go ahead. Try saying something that is not approved by Zuckerfuck or Dorseyfuck and see how long you have a job, a livelihood, a family, the ability to travel... I promise you that you will be enjoying some nice solitary confinement at your local penitentiary. But do not worry. **This is terrifying that these billionaires have this much power. I have been a loyal Mercola follower for as long as I can remember and he's NEVER failed me with his wealth of brilliant and critically important info that he shares so I believe goodness will prevail. Gates and his cronies are not above killing people who don't follow in line with them but it's always labeled as a "suicide." These people are dangerous, greedy and EVIL but I do believe the majority of Americans aren't as stupid as these billionaires think they are so I think they'll have a tough job of trying to conform the whole county.**

Nothing new, there have always been people at the top with life/death controlling power. My grandmother remembered the body of a little girl riddled in bullets hanging over the window sill, shot by British soldiers in the south of Eire, before independence. My great grandfather was kicked to death in his bed by the black and tans. Dictatorships arise through history. Dictatorships occur in families, and children must comply. If enough people stand up it changes the momentum and turns back the tide. That takes time, before the majority realize they have been enslaved, pain results in the breaking of denial.

Can someone tell me if this is the correct recipe? 3/4 teaspoon hydrogen peroxide of 12% food grade 1 pint distilled water 1 teaspoon Himalayan sea salt And then put 1/2 teaspoon into the nebulizer?

Posted On 04/29/2021

## BiomedMom1

Yes. I've written it here as a "recipe" to follow for those who want specific instructions on how to do.

**Make a saline solution:**

Combine 16 oz distilled water, 4.5 grams (roughly 1 teaspoon) Himalayan sea salt. Stir, let sit for few minutes.

Add 3/4 teaspoon of 12% food grade hydrogen peroxide to the saline solution. Stir.

Keep/store final product in the fridge.

When nebulizing, use 1/2 teaspoon of final mixture. Breathe normally while using the nebulizer. For severe symptoms, nebulize every hour. Otherwise, every 4-6 hours.

You know this is why I love Dr Mercola and this website. Look at this community coming together to help each other find information each of us needs! As a nurse I have seen far too much to ever consider just relying on traditional medicine anymore. So via chats and whatever else we figure out, I guess alternative medicine is the new back room abortion 1. Can anyone post the details/formula for nebulized hydrogen peroxide? If course I book marked it and now can't access it 2. I hope this isn't a ploy to increase book sales! 3. I am so over the censorship- please someone give me some hope! This is TERRIFYING. Dr Mercola's resources were giving me strength to get through this. Many of his insights and thoughts were mine as well as a nurse of many years

## **Ami A.**

Using 3% hydrogen peroxide and saline, mix 1/4 (one-quarter) teaspoon peroxide with 7 1/4 (seven and one-quarter) teaspoon saline. This will give you a concentration of 0.1% peroxide. Using 12% foodgrade peroxide, mix 1/4 teaspoon peroxide with 5 ounces of saline. Using 36% foodgrade peroxide, mix 1/4 teaspoon peroxide with 15 ounces of saline.

Search "nebulize H2O2" or similar and plenty pdfs out there Some prefer very dilute solution made with 100 cc (3.3 oz) saline (.9% NOT plain water plus you can make your own) to 3 cc food grade 3% H2O2 (some say 3% regular from the drugstore is just fine). Some say 1:1 saline to H2O2. Some say 100% H2O2 if it does not burn your nasal passages is fine as well. I have to dilute 1:1 personally. Also, nebulizing causes moisture buildup on your face and in your nose. 5 min then stop and wipe is what I do. I'm sure everyone else is different. I only found one comment about it in an instruction for children to wipe their faces when finished. Earth clinic talks about soaking your feet in H2O2 for 5 minutes. Get the info while you can. They are fixing to try and choke us down. Print it. They will suck it out of your devices. They have more evil power than normals can fathom.

We must all try to spread the truth about the lies being forced upon us to expose the forces trying to control us. The political party controlling the United States now has nothing but an evil agenda in mind and I truly believe it is satanically influenced whether they know it or not. They are on China's payroll and taking marching orders from China our sworn enemy. They do not care about our country and it's citizens, but are more interested in lining their own pockets. If we all try to spread the truth about what is happening we might be able to fight it. If the elections in 2022 and 2024 are run fairly then we might take our country back and let Dr. Mercola continue to spread the truth without harm to him from the evil forces in control now.

Since that it is doubtful that COVID-19 exists (It hasn't been proven to exist.), objectively speaking there isn't much of a loss except for the information that would enable people to help fight off any allegedly "infectious" illness. Certainly, given that people can die from these illnesses this is to be deplored.

Even if Dr. Mercola still did in person Dr./Patient consultations/examinations, Insurance won't pay for the services he provides. The system is designed that way on purpose. It is why Obama put Obama Care into law. If everyone has insurance and people like Dr. Mercola can't accept insurance as payment it forces everyone to follow the rule of the Fake Healthcare System (Death Care System). It's another form/layer of bureaucracy and technocracy. This is the Liberal way of thinking. All private doctors that only accept cash/credit/checks for payment are now forced to accept insurance as payment. Now these doctors that were running a private practice with just themselves, a receptionist, and a couple of nurses/interns have to hire a complete staff now. They practically have to triple their manpower just to have the resources they need to process all the red tape. They have to have at least one person that does nothing all day but process insurance paperwork and follow up on insurance payments. Most of these doctors just close their private practice and sign on to a medical network like Baptist or Methodist. Even if they decide to continue with just their current employees and private practice they now have to consult outside help for processing all the red tape. My doctor, who says basically the same thing Dr. Mercola says decided

**it was easier and cheaper to just RETIRE!**

Let me give a few suggestions on how you can preserve the data. 1. The data is vulnerable because it is centralized in one location. The data needs to be distributed over as many websites as possible. Remove it from your website so you wont be targeted. 2. Open source the data so anybody who wants to can freely post it on their website. If it is posted on a million websites how can they shut it down? This will also bring the data to more peoples attention through the independent search engines. 3. Post it on the Dark Web.

Dr. Mercola - 1) You should not succumb to these threats. Think of the young and old people alike who have given their lives fighting for our liberty. Yet, you are folding. What example does that set for everyone else? Freedom isn't free. 2) You should allow us to download all of your articles before you purge your website. In response to Elleanee's remark above: All activists, including myself, have put our lives on the line by criticizing and resisting the "powers that be". I have been involved in issues where people have been murdered because they were reporting the truth. Dr. Mercola is in a position of power that requires that he face down those who seek to intimidate and destroy our freedom of thought and choice. By succumbing to these threats, he is setting a terrible example for everyone else. Instead,

**he needs to do what he can to protect his safety, but go on with his life.... Our folks in the military, police, and many other professions put their lives on the line everyday so that we can live free. Dr. Mercola needs to suck it up and continue to be the hero to millions that he already is.**
