

# The Truth About COVID-19

Analysis by [Dr. Joseph Mercola](#)

✓ Fact Checked

## STORY AT-A-GLANCE

- > National and global crises are seen as opportunities by government technocrats, billionaire oligarchs, Big Pharma, Big Data, Big Media and the military industrial intelligence apparatus to increase their power and wealth
- > Incitement of fear has been a central strategy of totalitarian systems for millennia. Demagogues weaponize fear to justify demands for blind obedience and to win public acquiescence for the demolition of civil and economic rights
- > The technocrats' plan, as laid out in various papers and reports, is to use bioterrorism to take control of the world's resources, wealth and people
- > That pandemic measures are not about protecting public health and saving lives can be ascertained by the fact that no cost-benefit calculations for any of the measures have ever been presented. They are merely tools for control
- > The "scientific consensus" the medical technocracy wants you to believe in is that vaccines are the only available answer to this pandemic. The reality is there are many alternatives, and all of them are far safer than the experimental COVID-19 gene therapies being given. Two of the most important are vitamin D optimization and nebulized peroxide. I review many others in "The Truth About COVID-19"

In the interview above, Robert F. Kennedy Jr. interviews me about my new book, “The Truth About COVID-19 – Exposing the Great Reset, Lockdowns, Vaccine Passports and the New Normal,” co-written with founder and director of the Organic Consumers Association, Ronnie Cummins.

Kennedy wrote a piercingly insightful foreword<sup>1</sup> to it. The book is being released today. If you preordered, thank you! If you didn’t, you can now pick it up without delay.

## **The Weaponization of Fear**

In “The Truth About COVID-19,” we review the evidence suggesting a laboratory origin, and how the technocratic elite have used this pandemic as a justification for eroding liberty, freedom and democracy from Day 1. As noted by Kennedy in his foreword:

*“Government technocrats, billionaire oligarchs, Big Pharma, Big Data, Big Media, the high-finance robber barons and the military industrial intelligence apparatus love pandemics for the same reasons they love wars and terrorist attacks. Catastrophic crises create opportunities of convenience to increase both power and wealth.*

*In her seminal book, ‘The Shock Doctrine: The Rise of Disaster Capitalism,’ Naomi Klein chronicles how authoritarian demagogues, large corporations and wealthy plutocrats use mass disruptions to shift wealth upwards, obliterate the middle classes, abolish civil rights, privatize the commons and expand authoritarian controls ...*

*The methodology is, in fact, formulaic, as Hitler’s Luftwaffe commander, Hermann Göring, explained during the Nazi war crimes trials at Nuremberg: ‘It is always a simple matter to drag the people along whether it is a democracy, a fascist dictatorship, or a parliament or a communist*

*dictatorship.*

*Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked, and denounce the pacifists for lack of patriotism and exposing the country to greater danger. It works the same in any country.”*

## **Bioterrorism Is the New ‘War on Terror’**

As stressed by Kennedy, the 9/11 attack was used to launch the “war on terror” and implement the ironically named Patriot Act which, far from protecting the rights of patriots actually eroded them and laid the groundwork for the modern surveillance state. Now, the enemy is microbes, which are even more nebulous and untouchable than the amorphous “terrorism” before it.

**“ The suspension of due process, and notice, and comment rulemaking meant that none of the government prelates who ordained the quarantine had to first publicly calculate whether destroying the global economy, disrupting food and medical supplies, and throwing a billion humans into dire poverty and food insecurity would kill more people than it would save. ~ Robert F. Kennedy Jr.”**

Make no mistake, the plan, as laid out in various papers and reports – including the Rockefeller Foundation’s 2010 report,<sup>2</sup> “Scenarios for the Future of Technology and International Development,” in which they describe their “Lockstep” scenario, a

coordinated global response to [a lethal pandemic](#), and its 2020 white paper,<sup>3</sup> “National COVID-19 Testing Action Plan” – is to use bioterrorism to take control of the world’s resources, wealth and people.

It’s to use the need for coordinated pandemic response as the justification for permanent surveillance and social controls that hobble personal liberty and freedom of choice.

Pandemic measures indeed are not about protecting public health and saving lives. This can be ascertained by the fact that no cost-benefit calculations for any of the measures have ever been presented – not even now, nearly a year and a half later, at a time when states and nations are again considering another round of lockdowns and home quarantines. As noted by Kennedy:

*“The suspension of due process, and notice, and comment rulemaking meant that none of the government prelates who ordained the quarantine had to first publicly calculate whether destroying the global economy, disrupting food and medical supplies, and throwing a billion humans into dire poverty and food insecurity would kill more people than it would save.”*

If public health were the primary goal, no measure would be reimplemented a second, third or fourth time without first making those calculations. After all, we have well over a year’s worth of data on mask wearing, lockdowns and social distancing from all around the world. The only reason for ignoring that crucial part of health policy making is because they know the data do not support any of these strategies.

## **Censorship Is an Essential Feature of Totalitarianism**

In addition to the weaponization of fear, totalitarian regimes need censorship. Not only must objections be quashed, but to effectively subvert democracy, with the aim

of eliminating it altogether, you must first eliminate freedom of speech. As explained by Kennedy in his foreword:

*“In including free speech in the First Amendment of the U.S. Constitution, James Madison argued that all our other liberties depend on this right. Any government that can hide its mischief has license to commit atrocities.*

*As soon as they get hold of the levers of authority, tyrants impose Orwellian censorship and begin gaslighting dissenters ... The free flow of information and self-expression are oxygen and sunlight for representative democracy, which functions best with policies annealed in the boiling cauldron of public debate. It is axiomatic that without free speech, democracy withers ...*

*To consolidate and fortify their power, dictatorships aim to replace those vital ingredients of self-rule – debate, self-expression, dissent and skepticism – with rigid authoritarian orthodoxies that function as secular surrogates for religion. These orthodoxies perform to abolish critical thinking and regiment populations in blind, unquestioning obedience to undeserving authorities ...*

*Censorship is violence, and this systematic muzzling of debate – which proponents justify as a measure to curtail dangerous polarization – is actually fueling the polarization and extremism that the autocrats use to clamp down evermore draconian controls. We might recall, at this strange time in our history, my father’s friend, Edward R. Murrow’s warning:*

*‘The right to dissent ... is surely fundamental to the existence of a democratic society. That’s the right that went first in every nation that stumbled down the trail to totalitarianism.’”*

## **Fabricated Dogma Poses as ‘Scientific Consensus’**

**For years, I have exposed corruption and the collusion between private industries and the government agencies that are supposed to regulate them. Today, the danger captured agencies pose to public health is clear for anyone to see.**

**Conveniently enough, the only “reputable sources” people are allowed to peruse are the very agencies that have been captured and corrupted by industry. Meanwhile, there are many thousands of independent medical experts and scientists who vehemently disagree with the “scientific consensus” presented by these agencies, and have the evidence to back up their objections.**

**All of them are now being censored to some degree or another. The end result is a thoroughly underinformed and misled public, and not a single good thing can come from that. As Kennedy says:**

***“Instead of citing scientific studies to justify mandates for masks, lockdowns and vaccines, our medical rulers cite WHO, CDC, FDA and NIH ...***

***So, it’s unsurprising that, instead of demanding blue-ribbon safety science and encouraging honest, open and responsible debate on the science, the badly compromised and newly empowered government health officials charged with managing the COVID-19 pandemic response collaborated with mainstream and social media to shut down discussion on key public health and civil rights questions.***

***They silenced and excommunicated heretics like Dr. Mercola who refused to genuflect to Pharma and treat unquestioning faith in zero liability, shoddily tested experimental vaccines as religious duty.***

***Our current iatrarchy’s rubric of ‘scientific consensus’ is the contemporary iteration of the Spanish Inquisition. It is a fabricated dogma constructed by***

*this corrupt cast of physician technocrats and their media collaborators to legitimize their claims to dangerous new powers.*

*The high priests of the modern Inquisition are Big Pharma's network and cable news gasbags who preach rigid obedience to official diktats including lockdowns, social distancing and the moral rectitude of donning masks despite the absence of peer-reviewed science that convincingly shows that masks prevent COVID-19 transmission. The need for this sort of proof is gratuitous.*

*They counsel us to, instead, 'trust the experts.' Such advice is both anti-democratic and anti-science. Science is dynamic. 'Experts' frequently differ on scientific questions and their opinions can vary in accordance with the demands of politics, power and financial self-interest.*

*Nearly every lawsuit I have ever brought pitted highly credentialed experts from opposite sides against each other, with all of them swearing under oath to diametrically antithetical positions based on the same set of facts. Science is disagreement; the notion of scientific consensus is oxymoronic."*

## **Protect Your Own Health**

The "scientific consensus" the medical technocracy wants you to believe in is that vaccines are the only available answer to this pandemic. So far, all preventive strategies and safer drug therapies have been downplayed at best, and censored or banned at worst.

The reality is that there are many alternatives, and all of them are far safer than the experimental COVID-19 gene therapies being given. I review the ones I believe are the most important in "The Truth About COVID-19."

## **Nebulized Hydrogen Peroxide**

A heavily censored and ridiculed strategy that can be used either preventatively or acutely is nebulized hydrogen peroxide.

It's extremely inexpensive, easy to use (0.1 percent, which is 30 times less concentrated than regular drugstore 3 percent peroxide).

Your immune cells actually produce hydrogen peroxide. This is in part how they kills cells that have been infected with a virus. It appears that nebulized hydrogen peroxide merely enhances your immune cells to perform their natural function more effectively.

The key is to have your nebulizer already purchased and ready to go so that you can use it at the sign of first symptoms. You can also use it concomitant with vitamin C, as they likely have a powerful synergy and use different complimentary mechanisms.

For more details, check out my interviews with Dr. David Brownstein and Dr. Thomas Levy. Both have extensive experience with this treatment and have treated hundreds of COVID-19 patients with it.

Brownstein published a peer-reviewed consecutive case series of 107 COVID-19 patients treated with nebulized peroxide and other remedies, including oral vitamins A, C and D, iodine, intravenous hydrogen peroxide and iodine as well as intravenous (IV) vitamin C, along with intramuscular ozone, in the July 2020 issue of *Science, Public Health Policy, and the Law*.<sup>4</sup>

Since then, he's treated more than 100 additional patients with these strategies. All have survived. Levy also details how to use nebulized peroxide in his free e-book, "[Rapid Virus Recovery](#)." It's also available in Spanish.

## **Hope, in the Face of Tyranny**

At the end of my discussion with Kennedy, I express what I believe is the absolute truth: We will ultimately stop their drive toward global tyranny. It's not going to be easy. It may take years, and it may get far worse before it gets better.

The founders of the U.S. actually fled repressive societies or were children or grandchildren of those who did. They had to personally reckon with criminalized speech, arbitrary arrests and state sanctioned torture and even murder. The men who signed the Declaration of Independence knew that if they lost the war, they would be executed for treason.

These men and women were radicals, fighting for liberty and personal freedoms. They had a vision of reality that was an absolute slap in the face of what the rest of the world tolerated. They were willing to sacrifice their lives to turn that vision into a reality. Most all of us have forgotten their sacrifices and have capitulated to the carefully constructed narrative to create fear that allows most to give up their claim to freedom.

The Founders NEVER expected us to become complacent and fall sleep or simply get lazy. They trusted us to be ever vigilant, to keep the precious web of liberty and personal freedom that they constructed from evaporating so that there would never be an American tyrant. The creators of the U.S. Constitution understood that the price of liberty was eternal vigilance.

Hopefully, enough people will see through the mainstream fog and see the truth of where we're headed and how we got here (if you don't, read "The Truth About COVID-19"), and once you understand who the actual enemy is, you become less fearful and more efficient. You can now help educate others, so that they understand what's going on, how they're being deceived, and what they're actually about to give up.

Lastly, there are **legal solutions** that can help thwart the globalist takeover, **technological solutions** that can strengthen citizen's lobbying power, and censor-proof technologies that will allow us to circumvent current Big Tech monopolies. We have to work on all of these fronts, but together, I believe we can resecure freedom for our children and future generations.

CONGRATULATIONS Dr Mercola on the publication of your latest book "The Truth About Covid 19" - I sincerely hope it is read by the multitudes and gets to be another Mercola "best seller" - this book DESERVES to be read as it deals with the GREATEST CRIME Mankind has ever committed on the genocidal level - not millions of victims as with WW2 but instead billions of victims in the Final Apocalypse of the Eugenic Population Destruction Movement - - the underlining of the complete lack of RISK ASSESSMENT when these amateurs like Snake Gates Junior are allowed to RULE the World by the Zombie BRAIN DEAD and inflict Mass Damage to its populations so that Snake and his CRONIES can confiscate OUR WEALTH -

this is OUTRAGEOUS - and this latest book by Dr Mercola makes this clear - these "rich types" must be opposed and overthrown or society itself will become a "prison camp" and everyone who breathes can expect to be visited by the Grim Reaper to satisfy the blood lust of the Snake who has externalized his fangs so that a syringe now delivers the fatal venomous strike aka as the "vaccination" -

censorship cannot hope to suppress human curiosity and critical analysis that God has provided human beings with - control of information can only work for the BRAIN DEAD if they are not injured by the "vaccination" - but the adverse effects are piling up - even the most STUPID among us cannot ignore "DEATH BY VACCINATION" - and the post vaccination deaths are REAL and not manufactured like the Covid fictionalized "deaths" have been {with incentives paid out as bounties for Covid Death Certificates} - READ THE BOOK - and become educated

Mary - watched Bishop Sheen give his sermon - I agree that the USA has revolutionary origins - his comparison of Jefferson and St. Just illustrates the difference in end goals that revolutions exhibit - the revolution itself is not contradicted - the aspirations of the revolutionary theorists reflect human consciousness or deteriorates in to primitive blood lust - but Sheen endorses revolution - this is the key point

hi there steve - yes, the Gates of Hell have opened up and the Masses are being corralled into the fenced in abattoir/ slaughterhouse - this makes Rancher Snake much richer and us much poorer - while humanity flattens the curve of extinction - Rancher Snake dreams of living forever - however, all nightmares come to an end when the sleeper wakes up - the solution is clear - stop dreaming and look at the reality.

hi Newlands - a "toast" and as "prayer" - that should be a start.

Who didn't see this coming 50 yrs ago? The food, the water, the environment, the corporate consolidation, the shrinking dollar, the confiscation of lands, the epidemic of chronic disease, the cost of ineffective healthcare, the rise of the bureaucracy? No, we chased our vanity and boasted of freedom, power and compassion. We stopped thinking critically as we ego-tripped the decades. We took sides in political parties. We gave credence to authority, universities and the one-trick media. We been had.

the fact of the propensity was even noticed >100 years ago makes current events highly anticlimactic, boring even. (For more information/insight, read the various books by Andrew Jukes[freely available on archive dot org] to note what was seen even in the late 1800's and how

Apparently most people did not see this coming. Even though could see massive environmental degradation, doctors who fail on chronic illness, food quality seriously depleted. Due to enormous scale, could not get head wrapped around it until last September, that its not just one or the other, all are connected and on purpose. Or that fake pandemics had been called in the past, or rushed vaccines that failed had been rolled out anyway; repeating history is truly the scary part.

## Darzoum

I have been continually astonished during this “pandemic” to realize the amazing power of words and narrative, and the role they play in creating various realities. This is not meant figuratively, but quite literally. In talking with those feeding their minds on a steady diet of mainstream narrative, I am left with no other conclusion than that they are living in a different reality from me, one I barely recognize.

That doesn't happen by accident. Principles at the core of perception are being exploited. I've taught many people basic art skills, including how to draw and paint what they see. Typically, students will draw what they think is there... an idea... a “narrative.” The reality right in front of their eyes is in conflict with some learned preconception about that reality, and it's the latter that determines what they see.

Imagine, then, the power of those deliberately crafting narratives. It's the power sustaining the dominant covid story. What installed ideas have people living in a reality where anxiously lining up to be part of a risky medical experiment is reasonable? It's the same reality that has them suddenly social distancing, masking their faces and forcing their playing children to do the same, hating the guy they're told to hate and listening to the “expert” they're told to believe. It all “makes sense” from the constant “programming” they are passively downloading. This is the power of narrative; control it, as the media-government complex aspires to do, and you hold the key to hypnotic powers that no bomb can match.

But like any such artifice, hypnosis requires special conditions. The hypnotist needs to monopolize the attention of the subject. Contrariwise, democratic practices only work in the clear daylight of open debate. The censorship, of Dr. Mercola, RFK jr. or anyone else, is the evidence that it is the hypnotic and not the democratic arts that are being practiced. Calling it the latter is merely part of the hypnosis.

A very wise and eloquent post Darzoum. This creepy all-consuming scenario has been planned for years and the dehumanising ghouls behind it have used all kinds of mind-warping techniques to mislead and abuse the public. FEAR is the bullet, and the media is the gun - to enable them to shoot their lies into millions of human hearts and minds across the globe. Thankfully people like Dr Mercola and Robert F Kennedy Jr are not having any of it, and the more people who realise what is going on the better the push-back will be. However, Israel appears to be the "test site" for this Godless tyranny, and warning messages are already being sent out by frightened people there.... One message begins: "Hello, my name is Gal, I am an Israeli citizen, and I want to convey this urgent message to the world: Contrary to what you are told, Israel has not "returned to normal" in any way...the Israeli Ministry of Health JUST RECOMMENDED TODAY TO EXTEND THE DECLARATION OF A "STATE OF EMERGENCY"

Yes! A reason why many artist are viewed as mad, or insane. Those who are hypnotized by the shadow puppets on the cave wall edit out & disregard what they are actually experiencing. It is so

joyous to see someone open their eyes & start drawing,, painting or writing & speaking for that matter after turning away from the shadow puppets to see what is behind the blinding confusion used by puppet master's to express their own witness to a larger reality. Those who don't have usually been herded into black & white, digital on or off, dualistic thinking, existence. The general population is also fed interfering toxins making it hard to fill our full potentials.

People have visited my garden & express my god how beautiful, where are your weeds, but then say what are you doing, you can't do it this way. ???? It's in front of you. It's being done this way. How do I get rid of the weeds? Find one in the few there & pull it. Nope, their mind can not accept it. It's the same all over the board, so many numbed, not stupid, numbed by so many toxins, constant never ending messaging designed to keep your attention distracted from what you really need to see or engage in. Programed. There is a reason TV shows are called programming.

## Lakhana13

"Fear is a motivator; Fear of Death is the Greatest Manipulator". In the ancient Vedic and Buddhist texts, "fear of other" is the greatest divider. The perception of "other" as distinct and separate from ourselves, is how all tyrants down through history have kept their power/control over the masses. In most recent times we had Hitler (Goebbels), Mussolini, Lenin, Stalin and the Bolsheviks and Mao - they knew exactly how to Divide & Conquer. The eugenicists Carnegie, Ford, Du Pont, Rockefeller, Sange and all the others of the early 20th Century supported Hitler. Gates Sr was among them. The wealthiest families at the turn of the century believed in their right to rule. They taught their children who taught their children on down the line who today, are the "leaders" in business, politics, medicine, arts etc... Those family lines bought as much as they could to control their narratives of "blue blood" - the right to rule.

Goebbels knew the power of propaganda - media is the tool of propaganda. Words are literally biochemical in how the brain reacts when the ears hear them. The use of chants, prayer and other forms of auditory meditation stimulate regions of the brain causing chemical reactions throughout the body. Use the right words and you get the reaction. Use words that connotate fear, physical, psychological and spiritual threats and the body throws cortisol through the roof. Now you're in a

constant state of stress leading to adrenal fatigue which, in turn, drives more cortisol. Heart attacks are not from "blocked arteries" so much as from the sympathetic nervous system in overdrive without the parasympathetic unable to counter. Keep the masses constantly on edge with fear of death by repetition of "today's new deaths, reminding them of daily cases, surges in the cases, unprecedented new variants" etc...The masses are hypnotized by the barrage of WORDS WHICH ARE MEANT to keep them in fear.

Very well laid out, David. We are definitely living in a different reality from those on the other side of this equation. The most amazing aspect that I've seen; is that we have been told by the lamestream media that people have died from these injections (when have they ever admitted this at any other time?); yet, they tell us that these "incidents" are "very rare" and there is "very low risk" - and the zombie masses STILL line up for their shots! You may as well tell people to go jump off a cliff...It "could" kill them, but it's worth the risk! Nothing has made sense, from the beginning of this insanity and still, it makes no sense. Then again; we're not supposed to make sense of it. We're only supposed to follow orders!

Newlandswanderer, we're locked down once again today in Oregon. Restaurants, theaters, gyms, etc all closed. I'll be curious how many brave small businesses will stay open this time. Those are the ones I now support. As I go maskless, I wonder if I'll be brutalized again by the zombie masses. It'd lessened somewhat in the last months. A number of us have said recently how we're glad we're no longer young as life pretty much sucks anymore. I personally have no family and very few friends who talk to me any longer as I'm a non-believer, go maskless and refuse the vaccine. Life without human contact and interaction isn't a life. I'll keep fighting, but the price I've personally paid has been horrendous.

This is such a powerful comment. Truth does NOT wear a mask and Health does NOT come in a

vial. We are being poisoned and have been poisoned all our lives by Mommy Medicine and Daddy Government via pills, potions, and poisons all cloaked as pharmaceuticals to treat the ailments, when it's the treatments and the "cures" that are causing the sicknesses, diseases, and chronic illnesses, which keep us lifelong consumers of a very insidious medical business. Viruses occur as a result of systemic toxicity (tainted/laced food, air, water and foreign materials like metals and chemicals being injected into us), not because the body has been invaded by some external threat. That is the medical fraud we've been spoon fed by the system, in which the medical profession relies upon to justify the use of vaccinations. When the body becomes too toxic, cells will conspire to cleanse themselves by manufacturing specific non-living solvents know as viruses, which break down and disassemble those substances into particles to be expelled out through the skin, mucus, and bowels.

In reality, the virus is attempting to heal the systemic toxicity of the body and reverse it. Metals accumulate from the body from many various sources, one of which is vaccine adjuvants. More lies have the masses believing that adjuvants may be added to a vaccine to boost the immune response to produce more antibodies and longer-lasting immunity, thus minimizing the dose of antigen needed, when it's really nothing but more poison being injected into the blood stream to make us sick. Making us sick and providing the treatment is PROFITABLE. Far too many are still swooned by false promises from people with initials like "Dr." and "CEO" in front of their names. Vaccines are war chemicals" disguised as "medicine." ALL vaccines are experimental; even those "FDA approved" ones.

BrianFraser, indeed true, on many levels.

NewlandsWanderer, so much power resides in dominating people's attention. But then that reveals the power of attention... we each must control and direct our own attentions—that is true Self Government.

juststeve, they can be looking right at the beautiful garden as the living evidence, and still not

believe it is possible without Roundup or some other death agent. And then, taking our lead from Emerson—"what is a weed? A plant whose virtues have not been discovered"—we have to consider that even the word "weed" is a concept we project to color our seeing. Along with fruit trees, I have mustard, dandelion, lambsquarter, purslane, mallow, chickweed, stinging nettle, various sages... never planted one of them; all "weeds" providing nourishment and medicine in salads and teas.

Lakhana13, the names change; the principle remains the same. I remember the schoolyard chant: "sticks 'n stones may break my bones, but names will never hurt me." Well, it depends. Words are powerful spirits; they can be used for good or ill; they can enslave or inspire. Words cast "spells"; "gramarye"/"gramary" (grammar) refers to this magical potential. A wise man once conveyed to me that the larynx is "man's primary creative organ"... he was observing a decades-long vow of silence. Thank you for the historical context.

Randy, even a little effort at self reflection should help the hypnotized see the cognitive dissonances... without that effort—or the outside assistance from a sighted friend—what chance is there of breaking the spell?

nsshue, I'm not so sure, but thanks all the same.

Rose, "absolutely separate"... I know... it's astonishing how that works! MiketheAngel, yes, they're in the bubble-blowing business; very apt... their bubbles are evanescent illusions... even if you get caught up in one, breaking out should be easier than it seems; break the bubble, break the spell.

In reading Jon Rappaport's "Not Fake News" site - I think you nailed it! Crafting narratives ... He talks so much about the narrative we are living in and how to get rid of the giant monolith that is blocking so many people caught in the matrix! Wild! haha ... Get them to believe and you win! I don't know why my ears feel like smoke will come out of them when I'm listening to news or inaccurate information - but I thank God for it! I wish I had known long ago to trust that - whatever that is!!!

I've been on Quora for over a year now. I'm afraid I've had bad news. I've presented all of the ideas about big Pharma and big Tech. All I get in thanks is vicious condemnation. "I'm putting peoples lives in danger" "Trust the scientists". They never even read the articles, videos I present. They ONLY read the articles presented by the mainstream and believe these implicitly. I'm afraid it doesn't matter how fantastic Dr Mercola's book is, they just won't read it. Furthermore they will condemn it WITHOUT READING IT. These are NOT trolls. Just sheep. It's depressing, but it's these dumb morons who will willingly help big Pharma and big Tech to lead us all into the abyss.

I have a twitter account for something neutral of interest. I do no politics or show my true colors on

the covid issue, which are in complete alignment with everything here. I do however on occasion use it as a moment to present something on Covid but I do it in a round about way. I'll preface a study with something like this: "Wow, just saw this. Very interesting thoughts from Stanford prof John Ioannidis." Then present the study or data point that I want to bring to people's attention. It isn't making myself a target and it may be a small pebble in a big pond but it's out there. The polarization that exists is stomach churning, the name calling from everyone is stopping anyone from listening. I don't have a global answer but like the kid throwing starfish stranded on the beach back into the ocean, upon being told he couldn't save them all, he responded, "No, but I can save this one." If I can get one person or 5 or however many to read and think and change, it is worth it.

I like you, wrote an article on Quora when someone was questioning whether or not to have the vaccine. I thought better of it and deleted it. I realized that they didn't really want to know the truth. They just wanted people to make the decision for them. The red flags were apparent for me from the start. I was accused of being ridiculous and stupid. I've spent the last year saying this was a hoax. Friends didn't believe me. My family won't speak to me. They think I'm a Conspiracy Theorist. The truth is, they don't want to know the truth. Their fear is too strong for them to question the insanity of it all. They believe that no one could be that evil.

I've lived first hand with evil. My ex husband has Narcissistic Personality Disorder. They are experts at manipulation, blame and shame, pathological liars, gaslighting. Fauci and Gates are

truly evil. There is nothing altruistic about their intentions. It is diabolical. Bill Gates has said he'd like to reduce the population to 500M people. How do you get rid of 7billion? He's said the way to stop population growth is with a vaccine. And here we are. The red flags were waving fiercely for me. My first thought was follow the money. It is the largest transfer of wealth in history. I believed this was manufactured from the start.

This has been planned for years. I believe the vaccine was not made for COVID, but COVID was made for the vaccine. How can the vaccine be 95% effective? It doesn't keep you from getting COVID. So what's its purpose? When you are censored for questioning the powers that be, that tells me to look deeper. I just watched the Matrix. Do you take the red pill or the blue one? I'm sure those colors were not by accident. The red pill leads to the truth. The blue pill you just go back to sleep. Our society has been indoctrinated to believe what they are told without question. They have no capacity for critical thinking. It will cause their doom. Sheep following each other to the slaughter.

Yup, there are cyber warfare trolls targeting people like us, everywhere, telegram as well, just the other day, trolls were dog piling me for pointing out the 5G, and it was a tirade of disinfo and insults, this was on the white rose channel too, the anti-covid propaganda sticker peeps, the moderator decided to love up the cyber warfare trolls, so that was the last straw, bye. Now, is not the time to try and save the foresaken, save yourself, and anyone smart enough to know what's up,

that's your micro bubble team, focus on that. The sheep are a bloody lost cause, they'll waste your time, they'll leave you feeling indignant and apathetic towards them, and that's the same way they're conditioned against anyone baring gifts of truth, take you gifts and bare them to the choosen, the people who chose not to get tested, vaxxed, or comply with mask-a-cide satanic rituals. And FFS, arm yourself and be ready for psychopaths pretending to represent law and justice, for they will come to destroy justice and break the law, under the direction of their masonic masters... I abandoned Quora and Reddit a few years ago. I could see the mind bending going on. When a majority of commenters are twisting reality in such a shocking way, it causes a lot of dissonance. People will actually stop believing what their senses are telling them. It is intentional. It is paid for. It is a tool used by military, corporations, government, etc. It can be generated by AI. Facebook and Twitter are the same now too. I would venture a guess that 20-50% of comments are manipulation.

I believe some may escape the technocrats. But many will embrace their own enslavement. Freedom is risky and too much work. They prefer Big Brother--or Big Nanny--to save them from ever catching colds by forcing them to hide from draughts. And a Universal Basic Income beats a real job, right? They can get all their "social" needs met from posting selfies about how great they are for likes and shares. Maybe we can prevent our own enslavement. But it's hopeless to save someone who wants to be abused.

Yes, over 400 years ago the first Lord Rothschild was reported to have declared:" Give me the means of controlling the money on this planet and i will control the whole planet." A clever cunning mind but however not an intelligent one. Why? Because the universal intelligence has the greatest power in this

universe. The universe and all it contains, and not just on the physical level, IS intelligence itself, and every newborn child is shining with that original intelligence which is then perverted by the downloaded conditionings, belief systems and programming of each culture on this planet. Underpinning this conditioning process are the religions, the military and the vested interests which are goneressreedy for more power ,money and prestige.

However fundamentally what is happening now is that the intelligence of the planet itself is creating a great wave of light sweeping across and enveloping this planet because ,in its natural spiritual intelligence, it sees that the parasites on its surface need to be eradicated and swept away.In reaction to this happening, the controlling power obsessed minds are reacting and are insanely making a last grab for absolute power and control through all the detailed scientifically and rationally outlined ways Joe Mercola has noted above.Existence does not run on control but on let-go and attunement to nature and to the highest spiritual truths: awareness and the witnessing consciousness,.

So what does each unique individual on this planet need to allow to happen? Fall in tune with the highest truths. The way? Avoid blindly following the sheep-like collective mind and be strong enough in your inner knowing and intelligence to stand up for the truth and expose the lies. The way is meditation ,which is conscious awareness in action at this time and NOT retreating to some Himalayan cave .That's merely escapism.

If somebody would have told me a year ago, that 200 million Americans, 33 million British, and 9 million Israelis would willingly volunteer to take blindly an UNSAFE, UNTESTED, EXPERIMENTAL, DANGEROUS and DEADLY pseudo vaccine and accepted to have their DNA transformed into a weird vaccine factory to get pseudo protection from a barely deadly virus, I would have said that you were indeed a conspiracy nut..... But here we are and that is what is happening. I always underestimate the criminal stupidity of people. I am stupid because I forget how a LOT of people are indeed total idiots. They are lazy and do not want to get educated. So they leave their health in the hands of what I consider mass murdering wolves (politicians, journalists, banksters, big pharma and MDs). I never learn.

PS: Insurance Companies across the world have refused to issue any health insurance policy covering damages or deaths caused by the COVID 19 terrorist vaccines. It say it all. But not to worry our satanic evil politicians (Trump included not just Biden, and also these european criminals by the way) have legally protected the vaccines mass murdering pharma gangsters of any civil or criminal lawsuits. Is this what TURNS THE TIDE for people to see and change their mind about getting the jab for example-- "OMG if I'm not covered by insurance what will I do? Can I drive anymore? 10 months ago, I put out adds in different locations across the country, for whistleblowers working on "the front-line" in hospitals and clinics, to contact me with their stories. I received 1 email. It was from a father of a nurse at a hospital in MI who worked in the designated COVID ward. He explained how hospitals were being reimbursed triple times the amount when COVID was listed as the diagnoses or on the death certificate. They were not being paid by insurance companies but by Medicare. OUR TAX \$\$\$. They were doing this to by pass insurance companies. The insurance companies never paid a penny and our government was saving billions for them by paying out the \$\$ instead out of it's Medicare coffers. How's that for "fiscal responsibility"?

I am being forced to learn the lesson of respecting someone else's decision no matter how foolish I think it is. I have gone through life guns blazing with my opinions, which I am entitled to, however, I have been inconsiderate in ignoring how my forcefulness can affect others. What a learning experience this is for me. Some family members have not even mentioned they took the 'shot' for fear of my reaction. I don't want this type of relating, and I can see my part in it now. They choose what to believe and that is okay. My family are well aware of the dangers of smoking and they do it anyway. My parents got the Moderna without telling me...actually HIDING it from me, even through the serious adverse event my mom suffered. I am living with them and unvaccinated, and what I am concerned about is, as the fall approaches, they will be at risk for ADE. If one of them begins to get sick, will the nebulized hydrogen peroxide prevent her from going into a cytokine storm? I am very worried about this, and I am also worried that my mind-controlled, vaxxed family would blame it on ME if they got sick, as they refuse to do any research and don't want to hear about ADE. Hope someone here has ideas.

ETG: I understand vaccinated people are now uncharted waters. We are holding our breath to see what happens. From your arrival date I see you've been around for a while, so why don't you put them on a strict real food diet, not too much, with some good old fasting time daily, get them out in the sun at midday for half an hour give or take, in bathing suits in the back yard (that maybe difficult but try), get them off their chairs and the TV, give them two teaspoons of ascorbic acid with one soda once or twice a day, have the nebulizer ready and I think all will be well. If they're cooperative that is. If they are not, and especially the blame part would make me pack .

My brother works with Big pHarma and urged our parents to get the death jab. After yelling at them to isolate for over a year! He doesn't know what he's doing. J thinks men and women who smile

nicely can't be evil. At least not on this level. Mom already has a nebulizer. And hydrogen peroxide. I've got access to hydroxichloriquin. Combined with zinc it may help. Prednizone or Benadryl for breathing. And lots of vitamin C to prevent organ shut down. They already take vitamin D3 and zinc.

It would be advisable to take the Jarrow brand apolactoferrin as it was shown to be preventative and therapeutic. You are exposed now to what else is in the shots your folks took. Also quercetin, vitamin C, zinc and the big one Vit D as preventatives for your sake. Wormwood also known as artemisia absinthium is known to be beneficial. Licorice root, unless one has hypertension, is another herb. Green tea extract as well. Dr Tenpenny said it is not about cytokine storm but curcumin, standardized at 95% curcuminoids is for cytokine storm. B

"I am also worried that my mind-controlled, vaxxed family would blame it on ME if they got sick"

Even though it is not true that is what they have been conditioned by Big Pharma and our government to believe.

If the vaccine actually did work, then a vaccinated person would not have to be worried about being infected by an unvaccinated person. Sadly the vaccine, that is by medical and legal definitions, is not a vaccine at all does not prevent infection or transmission. Big a Pharma hopes that it will lessen the severity of COVID, although thus has never been proven!!

IMHO, the vaccinated are the real danger to any unvaccinated person and to any woman of child bearing years because of shedding and ADE!!

As a person with a doctorate in psychology and a 35 year career in a private practice I have been thinking about people who need to stay in their convictions because it's too difficult to experience 'cognitive dissonance'. The experience of going through it is excruciating while examining all that what you believed was true, now is not - down to how it shaped who you are. I personally got 'red pill'd' last March. Prior to that I never questioned mainstream media or even wondered if I was being programmed. After 'waking up' I went through 4 months of a dark time: I dived deep into the proverbial rabbit hole and learned about the cabal, et. al. And now, with eyes opened, I feel grateful that I went through that. When I tell people of all the research I have done and offer even one or two articles, links or sites - lightweight really- they refuse. "No thank you". They are not curious in any way to explore alternative narratives, which contain scientific information. So, my conclusion is that to do so would threaten their very existence and at some level they fear the pain of that. Perhaps having their heads buried in the ground, like the Ostrich, is far easier than knowing what is behind the ultimate evil plans to decimate the human population.

At age 4, I angrily stated "there's no santa clause". When I was 12 , my aunt, who had a high position for a records security company told me "these men dont run the country, a small group men run the world, we dont know who they are". Three years later Pres Kennedy was assassinated. What a dog and pony show that was, live on tv. Im glad I "knew" very early in life. At 72 I have found where there's smoke there's fire. We are all conditioned. George Orwell made me think. George Carlin helped me value critical

thought. In Bill Hicks I found many truths. While Rockefeller and dozens others admitted what they are up to. But they also correctly conclude that the herd is unable , or unwilling to comprehend what is going on. Using the faux Covid pandemic for programming the herd, surprised me though. The herd is afraid. While the elites surround them with ignorance and censor dissenting voices. I have always found knowledge to be the antidote for fear.

Globalist says we cannot eat meat, it is unsustainable. Bill Gates wants the world eating his plant based foods. Instead of meat. Meat which could be farmed ecologically, morally, and sustainably. Today a food service announces no more beef due to ecological concerns. Beef farts, are the harm to the planet while the mega amounts of methane coming out of the ice in Siberia is meaningless, while Gates has his own jet... The rich will eat meat. While we will eat bread. Our socio economic paradigm will regress to just before the Magna Carta under the auspices of globalism by bankers. When people ask me inappropriately, why I wont put on a mask? I tell them I have a medical condition called ODD. Dull stupid animals.

Did you know that fluoride is a mutagenic, geno toxic, EPA designated class 4 developmental neuro toxin ? It affects I.Q. ( stupidity) and reduces thyroid function. (apathy) That is a matter of public knowledge. While the EMPLOYEES of the EPA also tell us that fluoride reduces I.Q. and damages developing brains, and causes cancer, alongside other so called benefits. And the bureaucracy lies about it. And the sheep drink it. 60 years of anti science. Ask the average tool what a PCR machine is. Or where the last 4 countries we bombed back to the stone age are on a map. Although I received copies of Dr M's book a week ago from Blackwell's, there is another arriving today from Amazon and the digital version will be sent on May 6th. Dr M personally expressed his appreciation on the comments page of our efforts to distribute the truth via his book which is the least we can do in return for his fearless determination to keep the world up to date with the corporate and technocrat global agenda which aims to destroy both our health and our freedom. The old argument about keeping politics separate from either traditional or natural medicine seems obsessively quaint now that we have first hand experience of the intimate collaboration between the two. In fact, the prominent figures in the natural health world who ignore the whole plandemic in their efforts presumably to maintain favour with both sides are the ones I despise most - you cannot with integrity remain silent about the neo-Na-zi eugenist philosophy once more gaining ascendance. I wonder what happened to the event promoted yesterday on mercola.com. ## Cabochon

Have now received the recording of the tribunal event on his co-author's website. There are many contributors including Dr M himself and Professor Dolores Cahill. My Amazon copy of "The Truth" arrived today and it will be a back up copy until the digital version arrives. Don't forget to review it on Amazon as our reviews should generate even more sales and help open the eyes of the doubtful, the uninformed and the brainwashed. The point of ordering from Amazon, remember, is not to fill Bezos' bank account but to raise the profile of the book and to reach a much wider, international audience. Yes, MoMac, we have all benefited greatly over the years from an unbiased body of knowledge and research studies made available to us free of charge. I was first introduced to the site by a UK therapist several years ago when I worked in the health food retail industry. If Dr

**M were a British citizen, he would surely have been knighted by now.**

The "Plandemic" would end very rapidly if the People in USA, werent the cretins they are. It is now quite evident that institutions like The Rockefeller Foundation, the Bill and Melinda Gates Foundation, the CDC, the Atlantic Counsel, the Darpa Pentagon, the CFR, the Trilateral Commission, the FDA, the CDC, and the WHO and their european and asian criminals against humanity associates, are all part of the conspiracy to enslave humanity and CULL US !!!!! It is worse that even George Orwell or Aldous Huxley ever imagined in their "science fiction" novels. Both authors knew very well who rules the World.

These monsters will indeed have to rounded up, arrested and tried like the eugenicist german fascists were in Nurenburg. I would say today that people like Bill Gates and Dr Mengele Fauci and the eugenicist psychopath multi billionaires backing them, are hundreds of times far worse than Hitler, Stalin or Mao because they are now targeting the whole of humanity, not just a specific group of people. The vaccines are clearly not vaccines. They are already acting as bio weapons. The UN should be renamed Universal \*\*\* because that is who from the start backed the UN, eugenist pro Hitler like David Rockefeller, truly a satanist that merely saw us all as farm animals, worse as bugs ! His malefic spirit still dominates the world. The main philosophy behind globalism is satanism.

I agree 100%. We are in a war in the western world trusting and believing our politicians, governments and public health. When do they start suffering casualties? Write your local or state police depts and ask them to charge the politicians and public health people with Charter of Rights and Freedoms (Canada) or Constitutional violations? They are breaking the law and need to be held accountable.

At first I didn't think much about who was behind this as I knew most of the players. As the minutias have become clearer, I have thought quite differently about this. I do not believe humans were capable to carry this out - Soros, Gates, Rothchilds etc.....are taking orders from some other "one(s)" whom I have come to believe to be "the nameless one" ie a "Satan" if you will. Without getting all religious, I honestly believe there is a being, or beings, much "smarter" than humans that set this in motion decades ago, working with/through humans. Whether as described in the bible, an "alien" or "inter dimensional", humans could not have created the finer details for this to be achieved. "The Greatest trick Satan ever pulled against humanity is to convince them he doesn't exist." And so it is, the sheeple may never know who is pulling their strings. Lakhana, a lot of these alleged safety precautions are not just worthless. They are linked to occult rituals. Especially Satanism. Those black masks many wear--especially in Congress--are just like those worn by witches and sold online for that purpose. You can look them up on Amazon even if you don't use it to buy. Keeping exactly 6 feet apart at all times. 666 Sequestering is a spiritual practice for many religions. But for Christians it is to concentrate on God alone. Not because our fellow men are diseased and must be shunned. I was surprised to find even the elaborate hand washing rituals are found in occult ceremonies. And they've deceived many Christians into doing this without knowing. Very wrong. And Christian worship must be stopped of course. No singing of hymns. The devil hates praising God with song. Banning communion or the assembly except passive viewing on a screen.

Lakhana13, that's an interesting idea. I've never been a religious person, always wondered how a smart person could be a devout believer although I know some are. After all, if you are an American Christian for example (and I think Christianity is a damn good religion compared to most), what do you think you'd believe if you were born into a Hindu family in India? In other words, people's religious beliefs are determined by what they are told by those around them, not by any objective reality. But, there does seem to be some profound spirituality around us well beyond our understanding. I think there are quite a few very weird things going on that make your explanation quite plausible.

And Tavistock ?? Erasmus & fam, the Huxley's, good old Galton & Crowley weren't cretins? Blame America for THAT? Great Britain went from the empire upon which the sun never set to socialist nightmare in what? 50 years after reneging on promises to Israel & leaving the Authorized for the perverted re-romanized RV? The US only enjoyed the immense liberty it did due to the blessing of God as the last bastion of liberty & the only nation to ever escape the Babylonian Romish European order entirely since that 4th century 'deal'. Madison didn't believe the Bill of Rights was necessary, & if it were not for good old faithful Patrick Henry, John Leland, General Washington & John Gano and nameless others who stood against elitist corporatism in the spirit of that old King James which peaked Great Britain's greatness before the old powers & spirit subsumed it yet again, like that first constitutional convention: we would never have had it.

Those pilgrim Christians trusting the Book & the God who preserved & restored it to the masses from the elitists' tender suppressive & manipulative crafted care were never a majority, even here, but the salt & light they pointed men to was not puny self & Man, or the cosmos, but transcendent God Almighty, Christ the living Word...Creator, Saviour & Judge/King. He will not bless a nation become as in the days of Noe and Lot, & men can blame who they like, but a good look in the mirror of God's word would be informative not only in that regard, but also as to what is going on in the world with the deceiving and being deceived, & where it is going. The whole world is going to wonder after the Beast & very few will come to their senses after he who now letteth is removed, & that consequential judgment kicks into overdrive. Barring the sort of revival marked by repentance & changed lives reflecting humility, holiness & stalwart independence under God fighting governmental overreach: these are just the beginning of sorrows.

Africa has a significant amount of land mass where mosquitos transmit malaria. The people routinely use hydroxy or chlorine dioxide as a prophylactic against malaria, thus are also protected from covid.

And Tanzania's John Magufuli who embarrassed the WHO by having goats and papaya test swabbed, & sent in under people's names, pronounced to be 'covid positive'....suddenly died. What a surprise. Funny how neither 'side' wants to talk about or look at that too closely.

Anyways, it's not just Africa where they routinely use quinine or hydroxylchloroquine, sold over the counter & handed out like candy to missionaries & other folks traveling to malaria prone countries.....and not everyone who names the name knows the person it applies to. Remember reports were coming out of India, too, early on about HCQ, and even a swiftly squelched sequencing map of the virus to boot. Guess whoever retracted didn't want to be Scalia-ed, Kaczynski-ed, Birch-ed, Larry McDonald-ed, McKinley'ed, Lincoln'ed, JFK'ed, Magufuli'd etc. The day of reckoning is coming. All men & women of goodwill must do what they can, but all men are fallible & ultimately God who is not deceived will have the final say when his long-suffering comes to an end, the last whosoever will soul entered in, & the worst time this wicked old world will ever see commences: so far it's been precisely as foretold & there's not much sign of the only thing that could stay it for a season.

I don't know if DEW was used to take down the towers or not....but I do know it exists,& that they were saying to 'pull it' concerning Building Seven while it was still standing, that the conspiracy didn't begin w/ Bush, that they were sure in a big hurry to clean up& cart away the evidence,& that the reams of legislation in the Patriot Act weren't written on the spot or in a few days.They had

their Dark Winter tabletop in 2001, & the last truly free & independent Pilgrim church & school that wasn't just controlled opposition was seized in the waning days of 2001 when they carried Pastor Greg Dixon out on a stretcher in protest, author of *The Trail of Blood Revisited*. James Beller also understood these things & died of 'cancer'. Kent Hovind went to prison for depositing ministry funds a few dollars under the trigger amount for bank reporting of 'structuring' which was supposed to stop cartel & drug-running money laundering, while the alphabet-soup dark op trafficking suffered not a hiccup; & the younger Hovind was handled by the club & made to 'see the light'. Rather like the Pope following the poisoned Clement did....& as those hirelings did turning in Hovind because his Abel to their Cain stuck in their craw. Interestingly, cults & cultists seemed to have free access to him by phone, though he was so often in solitary & moved in 'diesel therapy' that his own family was out of contact w/ him & unsure of his whereabouts most of the years of his incarceration. I don't know how he was moved back toward Rome's preferred Augustinian nicolaitan & corporatist position & eschatology, & given that groupie handler....but I know it wasn't the first or only time such were 'handled'. The dumbing down & demoralization strategy here isn't new, & in the world at large that craft & play & spirit goes WAAAAAY back. Fat lot of good it's going to do them in the end. The club we're not part of flatters itself that what they do to us for our own good is 'just' because they leave an out for those 'smart enough to figure it out'. They figure they need skilled labor to do for them what they won't, & that they can deceive the majority with their craft & kill anybody who gets too close to the whole truth anyways. Wise as serpents, harmless as doves. It's getting harder, if not impossible to fly beneath their radar, but there's still a God in heaven. He's going to let them have their desire & delusion, and he's far from the proud & their vain imaginations, but He's also just & merciful, long-suffering & has a soft spot for the humble & the little people.

5G is just the beginning of their 'vision'. They're already thinking ahead to 10G. That old Babylon, the Harlot, rides a beast with ten horns. What are the odds? 5 is the number of death, and 10 of dominion: they're going to get it, but it won't last long & the real king is coming back to judge those who destroy the earth & refuse to love the truth in the end. The first white horse rider is like a pope, full of blasphemy & bearing the names of blasphemy, but directing armies from behind as one clean & sanctified, like the Pharisees, Sadducees & Herodians of old Jesus called out as whited sepulchres full of corruption & dead men's bones: he will lead & direct having a bow without arrows, like Augustine who first used the Romish armies of Constantine against the brethren, & all of that spirit since. And let us not forget the Romish banking system which predated the Christian era & used inflation & debt to their own ultimate collapse. Boadicea's rebellion was over those forced, entrapping loans, some held by the famous Seneca, as much as the insults against her family & nation....pagan versus pagan, & Rome's victory there was short-lived, Diocletian's reforms insufficient & powerless to stop what folly had been unleashed & the end of God's long-suffering with that 4th kingdom, at least in that manifestation of it. But that last white horse rider who comes, the one whose name is Truth, and who will be called the Faithful and True, and make war in judgment with righteousness, fighting with the sword of his mouth.....he will put down that most subtle who comes masquerading in his name no less!

I personally won't do any business with Amazon (IF I have a choice) so I'll have to find another source for Dr. Mercola's book. Seems like some kind of fool's errand to be ordering a book that the book seller (anti-capitalist Amazon who's part of the "Big Tech problem"... ) would rather CENSOR then sell. I think I would rather have a link to order it right through this website because and after all I'm already here!!!  
Piss on Amazon...

Order through his publisher: Chelsea Green. That's what we did, along with being impressed with much of what they publish & another order that was filled promptly & professionally. Just received one of their new releases, today, and looking forward to Dr. Mercola's book for ourselves & to give out to others. You pray & hope with goodwill, & do what you can, but men won't even receive the gift of God's salvation 100% which comes with the caveats: according to the scriptures & warning that there will always be those who refuse to love the truth that they might be saved. Tragic, but true. Many beat death from illness & various maladies, but it's appointed every man to die & the the judgment. Even those Christ & the Apostles raised from the dead in signs & wonders marking the great change in terms of salvation with the first fulfillment & turning to the other sheepfold for

a second harvest still died in the end. Not wanting to do business with Amazon either, or Walmart, but in today's interconnected world, that is next to impossible & many of the small businesses are changing hands & run from behind the scenes by the same hidden hand. We do what we can, trust God for the rest, and for the strength to stand when that's all that can be done: as the three Hebrew children, Daniel and all the faithful martyrs down through the ages West and East testifying to the truth who gave their all in faith. This life is but a vapour & a trial, and even this heavens & earth will pass away, but the word of God will never pass away & eternity is long. Any 'victory' that crowd achieves is short-lived.

Order # Placed on Friday, March 26, 2021 Your new estimated delivery date is: Monday, May 3, 2021 - Wednesday, May 5, 2021 The Truth About COVID-19: Exposing The Great Reset, Lockdowns, Vaccine Passports, and the New Normal Sold by Amazon.com.ca, Inc. Damn straight. Truth flucking hurts, and Mercola has the truth to share, and I plan on sharing with the sheep, like it or not. ## fundamentalassumptions

Too bad Orwell didn't heed his own advice, but turned from the convicting truth he did not want to hear, going on to handle truth very selectively for the club! His fornication dream for uniting the world in a skewed & corrupted 'truth' sure took root, but then all he really achieved was fulfilling the truth he denied! All we like sheep have gone astray. Which shepherd one chooses to follow as the Lord & bishop of their souls is what makes all the difference in the end. If you want straight, you need that old non-copyrighted Authorized English the world unites in hatred against & the God & Spirit that preserves it thanks to no man. Nobody picks on the per-versions that make the 'gods'

money with each new 'conscious evolution' of it, or works to divert the masses from them with all the intensity of damned Hell & not straight...lol. There's a reason for that. There has always been the stoick and the epicurean amongst the pagans & the pagan-corrupted Jew or Christian, and the mark of both is impurity, haughty elitism, & hypocrisy selectively handling the truth: inventing relativism when at their most desperate.

George Orwell, *Keep the Aspidistra Flying* (1936): Not everyone regarded birth control as a boon. In *Keep the Aspidistra Flying*, George Orwell puts a screed against contraception in his protagonist's mouth. On the verge of having sex, Rosemary stops because her lover Gordon refuses to use a condom. "This birth control business!" he lectures her, "it's just another way they [capitalists] have found out of bullying us." He goes on to speak about the "estranging shield," a phrase Orwell takes from his poem "St. Andrew's Day, 1935," which some critics suggest is the first reference to a condom in English poetry.

You can believe it is a business plan or that it's about the money but it is not. Money on its face has no intrinsic value except what the controllers assign it. No one attempts genocide, thereby, eliminating all

producers and consumers when it's about money. Wealth is in the earth not fiat currency. Life is in the earth and what the earth produces. A small group wants the earth to themselves. Period. We are so deceived by the false religion of Christianity that we believe that we should love our enemies when nothing is further from the truth. Freedom is won by strength not by loving your enemies. The world has spiraled out of control since Christianity was forced upon it under penalty of death by the Harlot churches. Herein lies the beginning of this conspiracy. The church killed all those with the truth through endless wars and inquisitions. Persecuting the truth out is existence.

You speak of FALSE religion, whom Jesus called "hypocrites, blind guides, and vipers". Whom he will soon destroy, and that is the vast majority. Your comment show s how evil they are, to cause that kind of response. The Bible calls false religion " Babylon the Great" a great harlot who mingled with world rulers. Yes they are in the middle of the death and destruction. [www.jw.org](http://www.jw.org)

Religions were created to control people. I dare those who follow religions to dig intensively into the origins of your religion, who wrote your holy books, the origins of your holy books. Question the difficult passages. Why just submit to "we don't know all the answers, my god's ways are a mystery (think genocide of non-believers). Why JWs do you think they discourage you from reading any discrediting articles about your religion? You should be encouraged to so that you can prove what you believe. Seeking truth will take you where you do not plan on going, unless of course you are not really seeking truth.

## fundamentalassumptions

The truth is in a Book not written or preserved of men. One of the names of the Lord who oversees that, & who is transcendent, Creator, Saviour & Lord: holy, holy, holy as man created in his image is body, soul & spirit...but fallen & corruptible, not sinless & needing salvation....is the Word. The dna is the cell of every living, carbon-based creature evidences his power, existence & truth...even in this fallen. Look to him, not fallible men, to save your eternal soul & make you whole, immune to the second death, and with the seal of the inheritance of the Son that will transcend this dying, and ultimately go into the new heavens and earth when this one is dissolved & replaced by the one who created it & by whom it consists. You misplace both your anger & hatred, & your hope, but God is near the humble & far from the proud, & he will guide & save those who come seeking him in spirit & truth: guiding them to all truth, and freedom from the fear of death & tyrannies of men & devils, & their cultic hierarchies. All of them. Go to the word of God & find the one that all proud men reject, dare to compare it with any scripture or truth claim out there....and you will know when you find it. Most don't want the truth, but only what puffs their pride & justifies their pet sins & favored idols.

We should all be thankful for people like Dr Mercola and others that have held fast to finding the truth and getting out to we the people who are hanging on. Support DrMercola as he is being attacked by these big techs and those that hate America as a free nation. In fact, there is no other nation that has a Constitution like we do. That's why so many want to be here. Thank Joseph Mercola ,MD. and support his website and his great natural products too.

I pre-ordered, Dr. Mercola's book, "The Truth About Covid" and have read the first 25 pages. It is an injustice that Dr. Mercola's and Robert Kennedy, Jr's comments regarding Covid are being censored; while the American public are being played for fools by Big Tech and the Pharmaceutical industry.

People are the only ones who can control their own your fear...stop allowing these large Oligarchs to dictate to you by introducing nothing but fear into your life. Of course, I don't want to leave out the person who is trying to play God in this misery...Bill Gates. I believe in the end, the real God will have his say and Bill Gates and his advocates, Politicians, Big Tech and Big Pharma will be the ones on the defensive. If you enjoy your freedom, support both Robert Kennedy and Dr. Mercola's efforts in fighting 'totalitarianism, and enjoy an informative read... buy 'The Truth About Covid'.

I see that you push buyers to buy Mercola's COVID book from Amazon so that high presales will push it up the Best Sellers list. In the interview it is mentioned that Amazon has ordered 100,000 copies. Let's hope that Amazon, conjunction with other sellers, does not do what it has done to censor other books: buying them up to keep them from the public by no delivering them.

Indeed. And as many old books were going out of print due to the centralization of publishing & danger of the truth to the proud & the covetous....they inflated the prices of what remained to ridiculous levels as folks waking up were seeking them to preserve & pass on their testimony to whosoever will. A vexation indeed! The tactic of luring folks to fund their own demise so very like its manifestation in other areas! The dumbing down & demoralization strategy didn't begin with Amazon, nor of manipulating conflict not only within nations but individuals own souls, but it sure is connected to & carries on that old spirit & tactic. Chelsea Green doesn't share my faith, judging by the tenor of the works there & what entity gets the glory, but they are certainly closer to the truth that sets men free than the powers behind Amazon.

As always, some great information about health and what the elites do through their control of politicians, of the pharmaceutical and medical industries and of the mass media. Robert Kennedy Jr. should be on the news everyday and not censored from the mass media and relegated to places that do not get the the great majority of people. The same goes for Dr. Mercola. You are looking at money talking!

Gonna need to find it, just yesterday found a detailed business article on new drugs (as in pills) being developed and in trials now by Pfizer and one other pharma company, to treat covid-19. A

visible barrier to repurposing effective but older solutions; positioning has cost so many lives its not funny. The US FDA has been captured by Big Pharma, no secret it has played a big role; and continues to harp on blocking use of any older alternatives. If I said this once, maybe 5 or 6 times: Dr. Scott Gottlieb, a former FDA commissioner, and was regularly on tv, has been on the Board of Directors of Pfizer for some time now...profits over people again and again.

If the teachings of Tao, becomes that "Great Reset"! I shall be openly in great delight! But I am doubtful that the "New Deal" or whatever, has any of these teachings on any agenda. Slaves cannot own real property. We are enslaved to a debt system, are we not? Lao Tzu wrote long ago.... "The more prohibitions you have, the less virtuous people will be. The more weapons you have, the less secure people will be. The more subsidies you have, the less self-reliant people will be. Therefore the Master says: I let go of the law, and people become more honest. I let go of economics,

and people become more prosperous. I let go of religion, and people become more serene. I let go of all desire for the common good, and the good becomes common as grass." " Tao philosophy " Lao Tzu (probably) died in the 6th Century BC

Good video, nice interview. Still though, Fauci didn't develop a weaponized virus in Wuhan, they developed a weaponized vaccine. 5G is causing the illness in people, not a virome, that's the conspiracy theory for people who don't trust the media and drink bat soup Kool aid for breakfast like the brainwashed masses. Unless the 5G is destroyed, it will continue to be ratcheted up in amplitude untill all the frogs in the pot are boiled, expect more 'cases' and another after another, lockdowns...the UK government is already hiring Covid marshals for this June and July, the tyranny is just getting started, and the vaccinated, walking biogenic weapons, will be killing babies with a sneak, and dying a horrible death themselves, next time they're designer immune response is set off by the 5G, they're immune system will attack their bodies. You think what's happening now is bad, wait for the bodies to start to piling up during the next Sun spot cycle, it's going to apocalyptic, worse than the movies, because the people in the movies, always seam to be able to find food. This 'reset' is going to be more of a complete extinction event, the globalists were hoping to keep 500 million as transhuman, nanodevice controlled slaves, they'll be lucky if even 10 million survive.

Just read this in a new Front Line Doctors paper: " ... the Biden administration dedicated \$48 billion in its stimulus legislation to "implement a national, evidence-based strategy for testing, contact tracing, surveillance, and mitigation with respect to SARS-CoV-2 and COVID-19." By means of comparison, the National Intelligence Program budget, which includes the CIA and parts of the FBI, will spend about \$62 billion in the current year ..." This ought to frighten everyone. The funds for the medical surveillance is essentially part of the Intel communities budget. The programs have the same aim and the same technology for privacy invasion and watching every move you make. None of it has to do with health and none of it should be allowed in a republic of free citizens.

## Maranatha Today

[www.youtube.com/watch](https://www.youtube.com/watch) He's whistleblowing from within in Australia. He says he's a Christian and wants people to be aware of how bad things are and how the wicked are planning their last stand. Basically he's saying all politicians, leaders of the world, popes, kings, queens and celebrities and some church leaders are satanists. Part of an international satanic cult. Freemasonry is their entry point and the higher they go up, the more they "understand". Good is bad and bad is good. They tout freemasonry as a "Christian" organization hence deceiving millions. They hate Jesus Christ. They have many symbolisms, handshakes and hand signs, upside down crosses and their clothing they use to communicate to each other. 666 is their number.

Probably anyone we've ever seen on TV, movies or in the music industry or arts is part of this cult. They are all behind this New World Order being pushed on the masses and this is why we're seeing them try to push the vax on people. He goes through some of their Satan Bible quotes. The 1 dollar bill shows a lot of their symbolism too. From MM 43:45 lots of still pictures of some of the deceived. Pretty much every Hollywood star has been initiated. He goes through how they have been deceiving our children with Disney. He talks about the company Lucis and how it was started to honor satan.

He said modern day churches cannot preach from the book of Revelation - figures! 1/3rd or 33% of the angels fell with satan...hence 33 degree Freemasonry. He says it's a sex cult, hence the apron they wear. Start watching from MM2:42 where hen explains this in horrible graphic details...not vulgarly but detailed 😞 He talks about the obelisks all over the world as one of their signs. He said nature is their bible. He said if we hear he's dead it's because of what he's revealing from MM2:58 onwards because we have seen a lot of the earlier stuff but not from that minute marker.

True, but not just the Masons. All the hierarchical secret societies & orders & craft interconnect, ultimately connecting back to Rome. All Craft answers to Rome as even Blavatsky was forced to acknowledge...and serve, just look at their Parliaments of Religion & spiritism in concordat with Rome, including the hierarchy of Israel BTW, though not all the people, as it is with many nations who've had access to the scriptures, the oracles of God. The Lord Jesus Christ according to the scriptures is the only way out to freedom indeed, & faith cometh of hearing, hearing of the word of God. Not the idol shepherd, the true shepherd; not ritual but reality & relationship. John 10; Zechariah. One must beware the Colossians 2 & Galatians traps, & 2 Corinthians 11, 1 John, 2 Peter & Jude also warning: 1 Timothy 4 with Exodus 32, Ezekiel 1&10, for those concerned over Gates' no-meat, fake meat agenda, & of course Revelation 13-20 KJB. For English speakers the scriptures would be the Authorized English, nicknamed the King James Bible for propaganda & craft purposes by the craft of clever versionists who fear its Holy Spirit, light, power, & consistency internally & out proving true for all who dare pursue all truth & the Rock, not just bits & pieces of it, the sand, idolatry clinging to pride which all truth decimates & does not flatter, bringing freedom with salvation, dignity & assurance instead of flattery, manipulation & fear. Christ who is Truth, the Word, the Life and the Word....and so much more, is the head of all, those who trust in corruptible men & self before God who is the creator & measure of all, are not wise. In Christ. Christ died around the age of 33 & with choice & temptation there is always a true & false application of biblical numbers....as 5 for death & rapture in Genesis 5, and the connection with day 5, Romans 5 etc. God bless. We must know the Lord & that Book in these trying times of confusion, precisely as he warned us it would be.

**What's happening in India now? I'm afraid it's just yet another formulaic version of "what happened in Italy" in March 2020: misinformation, hysteria, propaganda and fearmongering by the usual suspects of the mainstream media. First you've got to put their "news" about "the ravages of covid in India" back into perspective: India alone is populated by about one sixth of the global population: 1,3 billion people! Now you take the alarming news (designed as you should know by now to be so: alarming) of about "hundreds of thousand covid deaths" and you compare it to the total population figure: again, one coma three Billion people live in India.**

**Then you take into consideration that that figure of "covid death" is being fudged, like it happened everywhere in the world, so it contains so many deaths which are to be attributed to serious comorbidities (cancer, diabetes etc.) and NOT to covid alone.**

That leaves you with just another "brilliant" piece of the usual covid propaganda. Even if, this time, it should really terrify you even more as, dear Lord, "it is a new variant" !!! In fact, a "new variant" of a virus' lethality is inversely proportionate to its transmissibility for the good reason that if it kills its host, it won't pass to another one and will soon disappear from the map. But the whole "new variant" mantra is of course nothing else than another step in the fearmongering propaganda.

Here's a link to Ivor Cummins explaining quite well "what's happening now in India". Short Video on India Situation: What does the Current Data Say?, by Ivor Cummins: On YouTube:

## Good morning

I'm so disappointed that you're using Amazon. I broke with them a few months ago. I will try somewhere else. It would have been nice to have more than one option on this website. Love you articles

I hate to support them, however, I think in this instance using Amazon is actually a good thing, where people not normally exposed to Dr. Mercola will see his book!

In the pre-order form, at least 7 book outlets were listed, like Thrift Books, Books Galore, Barnes & Noble, don't remember all - please use your noggin and go find one that works for you!
