

# 'One Health' – The Global Takeover of Everything

Analysis by [Dr. Joseph Mercola](#)

✓ Fact Checked

May 01, 2023

## STORY AT-A-GLANCE

- › The World Health Organization is seeking to cement its control over global health through amendments to the international health regulations (IHR) and its pandemic treaty
- › The pandemic treaty will grant the WHO power over far more than pandemic responses. It emphasizes the “One Health” agenda, which combines human health, animal health and environmental concerns into one
- › Under the One Health agenda, the WHO would have power to make decisions relating to diet, agriculture and livestock farming, environmental pollution, movement of populations and much more
- › Private interests wield immense power over the WHO, and a majority of the funding is “specified,” meaning it’s earmarked for particular programs. The WHO cannot allocate those funds wherever they’re needed most. This too massively influences what the WHO does and how it does it. So, the WHO is an organization that does whatever its funders tell it to do
- › The globalist takeover hinges on the successful creation of a feedback loop of surveillance for virus variants, declaration of potential risk followed by lockdowns and restrictions, followed by mass vaccinating populations to “end” the pandemic restrictions, followed by more surveillance and so on. The funding for this scheme comes primarily from taxpayers, while the profits go to corporations and their investors

In the March 22, 2023, video above, Dr. David Bell, Ph.D., a PANDA Science Sense Society<sup>1</sup> executive committee member,<sup>2</sup> reviews the new international pandemic treaty proposed by the World Health Organization – what it is and the impact it will have on democracy and freedom across the world – and the proposed amendments to the WHO’s international health regulations (IHR).<sup>3</sup> As noted by PANDA:<sup>4</sup>

*“The COVID event has revealed that it was about more than just public health and the political, economic and societal aspects of the response are of far greater significance than the virus itself. There remains a continued drive toward the transformation of our societies in ways that threaten democracy and our existing ways of life.”*

The WHO’s pandemic treaty and the IHR amendments are two of the strategies that are driving us “toward transformation of society that threaten democracy and our existing ways of life.” Both are aimed at achieving the same thing, namely centralizing power over nations with the WHO.

## **The WHO Is Wholly Compromised**

As noted by Bell, the WHO is no longer what it used to be. For starters, private interests now wield immense power over the organization. Bill Gates is the largest funder of the WHO when you add together the donations from the Gates Foundation and his other organizations, such as GAVI the Vaccine Alliance.

**“ The WHO is very much an organization that does whatever its funders tell it to do. ~ Dr. David Bell ”**

Another major change is that most of the funding is “specified,” meaning it’s earmarked for specific programs. The WHO cannot allocate those funds wherever they’re needed most. This too massively influences what the WHO does and how it

does it. As noted by Bell, “The WHO is very much an organization that does whatever its funders tell it to do.”

As just mentioned, Gates wields the greatest financial influence, and he never seems to fund anything that he can't profit from at the backend. For example, he funds a “green revolution” in Africa that promotes genetically engineered (GE) crops because he's invested in the companies that supply GMO seeds. The end result is greater famine and poverty, but Gates laughs all the way to the bank.

He also funds vaccination campaigns for the very vaccines he's invested in. It's not about charity or doing good for the world. He simply creates markets for his investments.

Bell points out that the COVID lockdown strategy clearly did not come from the WHO itself, but rather from some outside source. How do we know this? Because its pandemic guidelines up until the COVID outbreak called for isolating infected patients only, for seven to 10 days.

Then, when COVID came about, that guidance was completely turned on its head, and the entire world, sick and healthy alike, were told to self-isolate for weeks and months at a time. Someone made the WHO issue this irrational and unscientific recommendation.

As a result of lockdowns, several of the WHO's supposed goals for global health and well-being, especially for children, suffered dramatic setbacks, yet they didn't seem to care.

On top of that, the WHO pushed for mass vaccination of populations they clearly knew had extremely low risk for COVID – children and young adults in terms of age groups, and Africa in terms of geographic location. Not surprisingly, Gates vaccine-related organizations (GAVI and CEPI) led that charge.

# COVID Countermeasures Had Nothing to Do With Health Care

Bell also highlights how idiotic the vaccination narrative was. “With a fast-moving pandemic, no one is safe unless everyone is safe.” That motto was reiterated everywhere to promote the COVID jab, yet it’s completely irrational, because people who recover from the infection have natural immunity.

They are extremely safe, regardless of others’ vulnerability. We don’t need the whole world to be immune. We just need to meet the threshold for herd immunity and the vulnerable are automatically protected by those with natural immunity.

*“What this is telling you is that the people running this are not interested in evidence, in truth, or even in being logical,” Bell says. “They’re interested in sound bytes, and this has nothing to do with health care. Nothing.”*

If not about health, what was the pandemic response about? In short, it was about money, and more specifically, wealth transfer. Forty new billionaires were created while some 200,000 small businesses were destroyed in the U.S. in 2020 alone.<sup>5</sup> Vaccine makers also made hundreds of billions of dollars on “vaccines” that provided virtually no protection while killing an unprecedented number of working age adults and decimating birth rates.

## ‘The Greatest Show on Earth’

Bell goes on to review how the pandemic industry is putting on “the greatest show on earth.” According to the pandemic industry, pandemics are becoming more frequent. This is false, Bell says.

They also claim there’s “increasing interaction between humans and wildlife or livestock,” the insinuation being that lethal viruses regularly jump species. This notion, Bell says, is just “plain silly.”

Still, these are the narratives they're going with to create a feedback loop of surveillance for variants, declaration of potential risk, followed by lockdowns and restrictions, followed by mass vaccinating populations to "end" the pandemic restrictions, followed by more surveillance and so on. The funding for this scheme comes primarily from taxpayers, while the profits go to corporations and their investors.

## **Two Instruments to Seize Control**

As explained by Bell, the two primary instruments that will turn the WHO into a central health police are the IHR amendments and the WHO's pandemic treaty.<sup>6</sup> The IHR amendments (which have force under international law) will provide "teeth" to the WHO's goal of increased control over health emergencies, while the treaty will provide financing, governance and supply networks.

## **IHR Amendments Destroy National and Individual Sovereignty**

The IHR amendments,<sup>7</sup> as currently drafted:

---

Expand the definitions of pandemics and health emergencies. Specifically, it introduces "potential for harm" rather than actual harm. So, the WHO can mandate lockdowns or medical interventions based on the mere suspicion that a virus might cause public harm.

---

Change the recommendations of the IHR from nonbinding to mandatory, so member states **MUST** follow and implement the WHO's recommendations.

---

Solidify the director-general's ability to independently and single-handedly declare health emergencies.

---

Set up an extensive surveillance apparatus in all member states.

---

Enable the WHO to share country data without consent.

---

Give the WHO control over certain resources within member countries, including intellectual property rights.

---

Force national support for censorship activities directed by the WHO.

---

Change existing IHR provisions that affect individuals from nonbinding to binding, including provisions relating to border closures, travel restrictions, quarantines, medical examinations and the medication and vaccination of individuals.

---

## **Treaty Will Expand WHO's Power Beyond Pandemics**

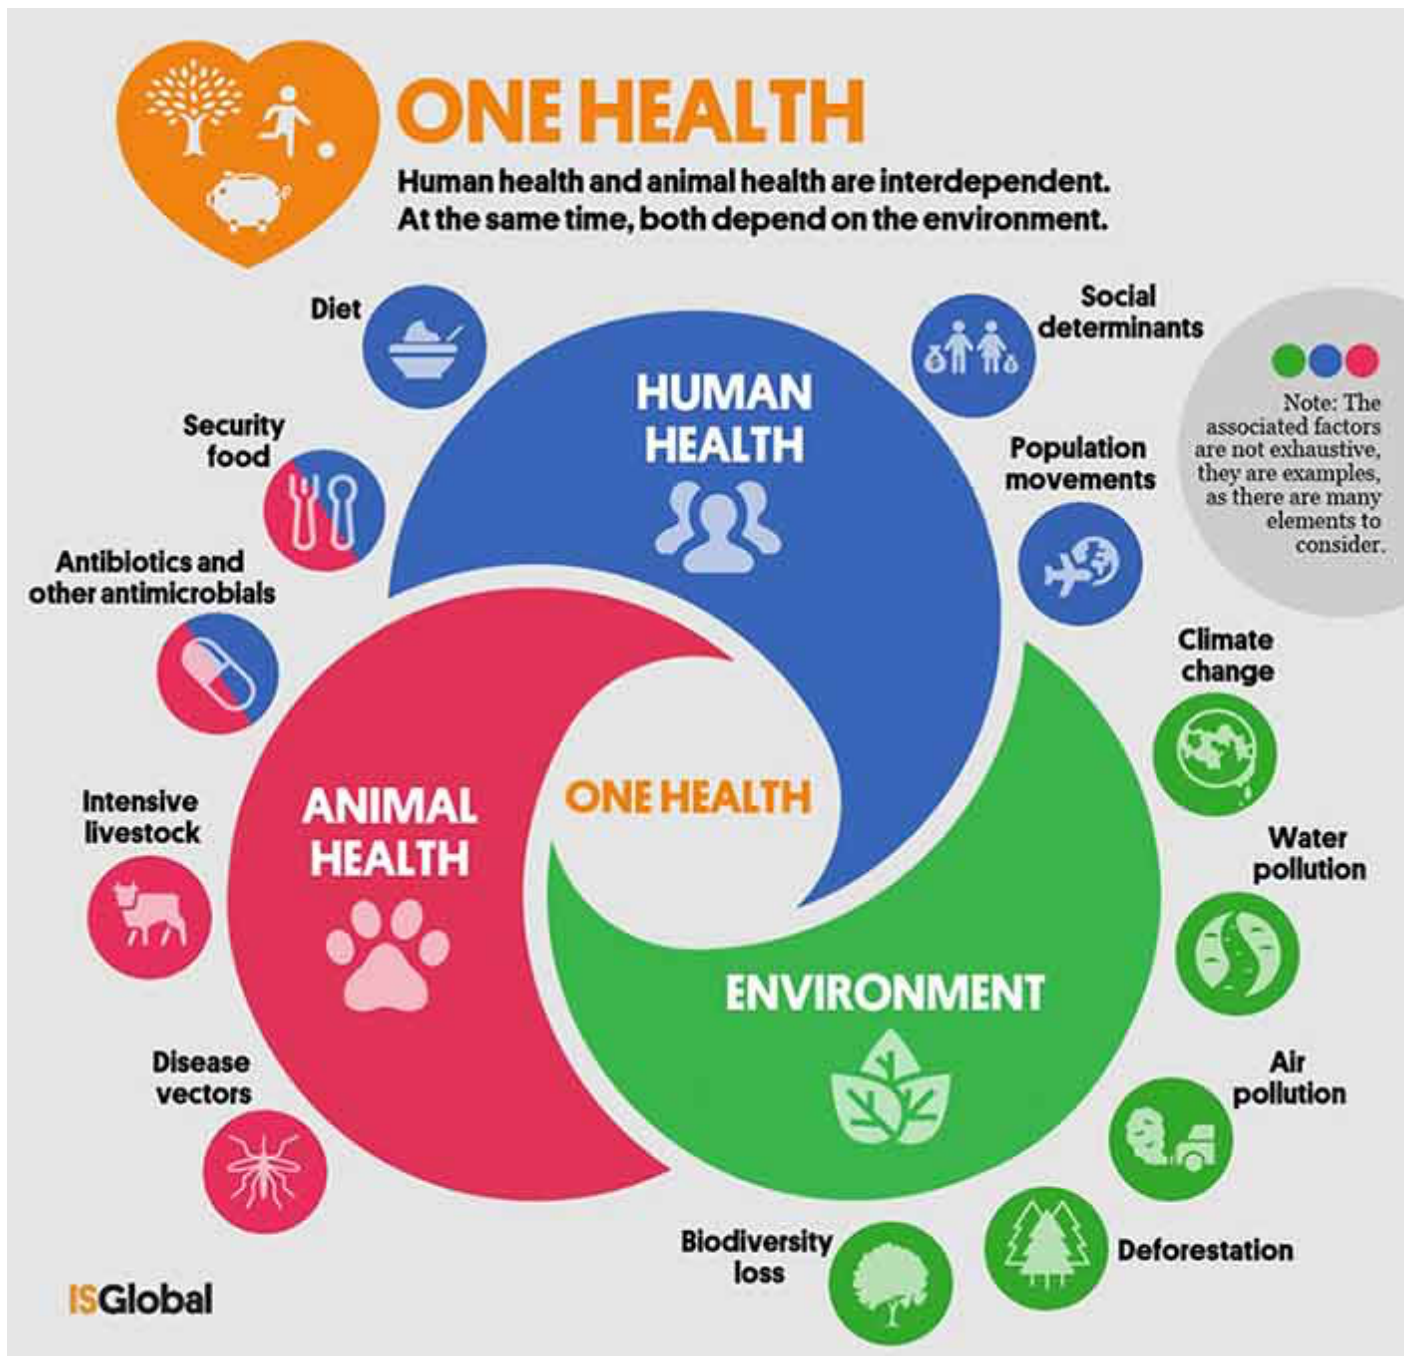

Meanwhile, the pandemic treaty will:

- Set up an international supply network overseen by the WHO.
- Fund the WHO's health emergency structures and processes by requiring at least 5% of national health budgets to be dedicated to health emergencies.
- Set up a governing body under the auspice of the WHO to oversee the entire health emergency process.
- Expand scope of the WHO's power by emphasizing the "One Health"<sup>8,9</sup> agenda, which recognizes that a very broad range of aspects of life and the environment can impact health and therefore fall under the "potential" to cause harm. This is how the WHO will be able to declare climate change as a health emergency and subsequently require climate lockdowns, for example.

The graphic<sup>10</sup> below illustrates how the WHO's scope of control is expanded

under the One Health agenda to cover vast aspects of everyday life. Under the new treaty, the WHO will have unilateral power to make decisions about any of these areas, and its dictates will supersede and overrule any and all local, state and federal laws.

Interestingly, the term “One Health,” which was formally adopted by the WHO and the G20 health ministers in 2017, was first coined by the executive vice president of the EcoHealth Alliance, the same firm that appears to have had a hand in the creation of SARS-CoV-2, William Karesh, DVM, in a 2003 article on Ebola.<sup>11</sup>

## Taxpayers Fund Their Own Exploitation

As noted by Bell, it's not just the WHO that is pushing this agenda. It's financed and promoted by a long list of organizations, including the United Nations, the European Union, the Bill & Melinda Gates Foundation, GAVI, the Wellcome Trust, UNICEF, CEPI, the World Economic Forum (WEF) and the World Bank.

But while these entities are officially funding the pandemic industry, what's really

happening is they're "using taxes to fund wealthy people to exploit poor populations elsewhere," Bell says. We're also funding our own exploitation and demise. It's not just the poor that will suffer under a globalist totalitarian regime, but everyone who is not part of the globalists' top echelon.

Taxpayers are providing the money while private profiteers are deciding how that money is spent, and it's being spent in ways that will benefit themselves. So, it's a private-public "partnership" where the public is being robbed and all the benefits go to the private sector.

## **Current Timeline**

As it currently stands, the IHR amendments will be voted on in the World Health Assembly (WHA) in May 2024, about a year from now. They only need a majority vote to pass. If that vote happens as planned, then the 10-month deadline for member states to reject the amendments will expire in March 2025, and the amendments will come into force in May 2025. If a member state opts out, then the current 2005 IHR version will apply to that state.

The WHO pandemic treaty will also be voted on by the WHA in May 2024. It requires a two-thirds majority vote to pass, and 30 member countries to ratify it. Thirty days after ratification, the treaty will take force for the countries that signed it.

The globalists don't want to wait three years, however, so in the meantime, they're working on a third avenue, which involves the creation of a "medical countermeasures platform for pandemics" under the WHO. And this platform will be implemented by September 2023. Many aspects of this platform will then simply morph right into the IHR amendments and the treaty.

*"We need to understand that this whole thing is based on complete nonsense," Bell says. "But it's working."*

# **The Endgame, and How to Stop It**

In an April 16, 2023, Substack article,<sup>12</sup> Jessica Rose, a postdoctoral researcher in biology, tries to make sense of the last three years. Starting at the end, she believes the endgame is the “conversion of the majority of human beings into workers ... like ants.”

To get there, the globalists must dehumanize us, systematically chip away at the human spirit, render us infertile and destroy all notions of bodily autonomy and national sovereignty. And, like Bell says, the plan has worked quite well so far. But cracks are beginning to show. More and more people are starting to put the puzzle pieces together, as Rose attempts to do in her article.

The COVID pandemic was the set-up, Rose suggests. It was geared to “test compliance levels” and set the scene for the next act, which was to normalize all things abnormal. The trans movement, which completely overwhelmed the social consciousness in a single year, is a continuation and expansion of that “normalization of the abnormal” phase.

It’s also a major component of the agenda to dehumanize and sterilize the population. After all, trans youth – which are also among the most brainwashed individuals in society right now – are the future of humanity. A brand-new report by legal experts backed by the United Nations is also seeking to normalize pedophilia,<sup>13</sup> which would further dehumanize and de-spirit our youth for generations to come.

Adding insult to injury, the report was published March 8, 2023, “in recognition” of International Women’s Day. Never mind the fact that young girls and women are the primary victims of this sick mindset.

The “manmade climate change” hysteria and subsequent war on carbon is another fabricated “emergency” that is unhinged from science and reality. And, like the global COVID response, the UN’s Sustainable Development goals are perfectly tailored to

enable the endgame. Under these goals, human freedom, human health and quality of life are sacrificed to “protect the environment and save the planet.”

As Rose notes, if the WHO pandemic treaty goes through, we can expect to be locked down indefinitely under the guise of “some climate catastrophe, likely linked to some ‘deadly pathogen’ passed to humans via some insect vector like mosquitoes.”

By then, central bank digital currencies (CBDCs) will also be in place, which will enable the unelected totalitarian regime to enforce whatever restrictions the WHO and its funders dream up, be it related to the food you’re allowed to eat based on your carbon footprint, the drugs you’re forced to take, what causes you’re allowed to fund, what businesses you’re allowed to buy from, when and how far you’re allowed to travel or anything else.

*“A practical way I can think of to stop the endgame from being realized is to stop the CBDC,” Rose writes. “Use cash. Insist upon it. Do not give business to stores that only use cashless systems. Supply equals demand, so demand the use of CASH. Use bitcoin. It’s the antithesis of CBDCs.”*

## **Other Strategies to Reclaim Our Freedoms**

At the end of his video, Bell also reviews some of the possible ways in which we can respond to the threats to our national sovereignty and personal freedom, and the challenges involved.

- **Reform the WHO** – The question is how? Can it be reformed?
- **Exit and defund the WHO** – Drawbacks of this strategy include the fact that countries that exit the WHO lose direct influence over its direction, and the pandemic industry will still exist and exert immense influence worldwide.
- **Ignore the amendments and the treaty** – Few countries will be able to afford this, as noncooperative member states will be sanctioned by the rest. Malfeasant

rulers will also still be enabled.

- **Educate the populace and politicians and “encourage noncompliance with stupidity”** – This is “a hard road,” Bell says, “but [it] gives the people a voice.”

Educating the populace, politicians in particular, may ultimately be the best approach.

As noted by Bell in an April 2, 2023, article in The Daily Sceptic:<sup>14</sup>

*“The international community can benefit from coordination over public health. But that is not what CA+ [the pandemic treaty] proposes. This is a draconian measure aimed at taking away national sovereignty.*

*It gives vast powers to a single organization with troubling funding arrangements and a track record for causing terrible damage. Legislators should reject these proposals, refuse to send taxpayer money to the WHO and reject the notion of public health by dictate.”*

The WHO constitutes a great threat to the United States and the whole world. The governance of the WHO constitutes an unprecedented fascism. 194 unelected puppets from all our countries, pretending to represent us, keep preparing to erase our rights. The personal well-being and freedoms represented by a WHO that will be able to translate its new unchecked and unaccountable authority into the opportunity to dictate the personal health care of Americans and all of humanity demands immediate action by Congress. . Lawmakers should use the leverage arising from the Biden administration's insistence on raising the debt ceiling to force the president to withdraw from the WHO now. There should be no further negotiations on increasing the national debt until the President has formally notified the World Health Organization that we will not be members.

The WHO will not stop until every person is microchipped and tracked down like cattle. The current version of the IHR already allows the WHO to issue recommendations to "review proof of vaccination," "require vaccination," and "implement contact tracing of suspected or affected persons." The amendments expand on that by giving the WHO even more power to control world affairs during a "health emergency." WITHDRAW U.S. FROM THE WHO NOW!

The WHO continues to be the globalists' conduit for control over humanity. They drain our resources, serve our enemies, and continue to work to establish a global dictatorship over everyone and everything. The WHO has many ambitions; but improving our health and supporting our rights are not among them. The WHO is ignoring 35,000 messages from citizens around the world who do not want this so-called "treaty". They continue to plot a global authoritarian dictatorship in the form of their Pandemic Preparedness Treaty.

As the corporate media and governments remain silent on what is happening, WCH Law and Advocacy Committee member James Roguski is holding a vigil and has issued this update exposing his backroom deals, secret meetings and dark agenda. . We, that is, every sane human being alive, must stop them before we, along with our descendants and future generations, experience horrors far beyond even crimes against humanity.

Gui, the vaccine all Life, Humanity in our Garden, Planet Earth need, is a vaccination to eliminate the behavior of the 1% Para\$itic Predator\$ A vaccination against their rigged financial system so much of the worlds' peoples' have been snookered into being nearly completely dependent on. Losing its useful tool status for exchange to become a blinding narcotic by making people so busy chasing \$\$\$ losing value through a debt, slave banking system and using minimum wage structures one is unable to sustain themselves with, while at the same acting as a brake, just as out right slavery used to be a brake.

As powerful as the WHO appears to be they are still a puppet just as the WEF, Pharmaceutical industry, financial industry etc. Just do a search for "world organization list" and you will find tons! [en.wikipedia.org/.../List\\_of\\_intergovernmental\\_organizations](https://en.wikipedia.org/.../List_of_intergovernmental_organizations) We should be asking what entity is the puppeteer that is controlling the strings of all these world organizations? It certainly is NOT Bill Gates or Klaus Schwab! These guys and many others that we know and despise are actors on a screen reading and playing their parts. We have no idea who the director, producer, writer, or the financial backer of this "show" really is. William Shakespeare said it best in As you like it "All the world's a stage, and all the men and women merely players: they have their exits and their entrances; and one man in his time plays many parts, his acts being seven ages." We have never had democracy, we have de-mockary!!

It is an illusion to make us people think that we have control and say in matters. If we did, how is it that over the last 100 years these "world organizations" got formed without us the people being involved in the formation of them? The powers to be, whom I call parasites, used to control the monarchs and when they got out of control, these parasites destroyed their monarchy and instead made the general population feel that now they were under control through the lens of "democracy".

Hence the French and Russian Revolution. Once we see the truth of what is really going on, we will finally be able to get to the root cause and not rant and rave about all the symptoms or what is wrong in this world. But the parasites are very good at deception and distraction. And we the people get fooled, again and again and again. Truth then alludes us and we never really see it. As such we remain blind. Jack Nicholson said it best in A Few Good Men "YOU CAN'T HANDLE THE TRUTH!" In really most people can't. That is how they get us.

Just, your expression is very accurate: Our life enhancing, sustaining, expanding methods are attacked on all fronts. Our efforts to reach out to one another, again, on all fronts are attacked. Abir Ballan has produced a 43-page thesis called "The WHO Review and why it matters to you" which exposes the World Health Organization (WHO) as a highly corrupt political organization pushing tyranny in the name of "public health". The reality is that the WHO, and all those who followed WHO's policies on Covid, failed on every one of the 10 principles listed below. For argument's sake, let's assume that Covid was the emergency they claimed; then it would follow that societies function optimally if they uphold longstanding ethical principles and values that have been developed, tested, and armored over time.

Tried and tested. These 10 public health principles did not apply to the Covid emergency response are written in the link. The first says: 1. Human dignity and personal freedoms must be respected in all circumstances. Any restriction on individual liberty, for reasons of public health, must be temporary and case-specific, and must be carried out as a last resort under an extremely high burden of proof of its necessity, reasonableness, and proportionality.

[expose-news.com/2022/07/27/whos-covid-policies-fail-public-health-prin..](https://expose-news.com/2022/07/27/whos-covid-policies-fail-public-health-prin..) In connection with those principles when the Wuhan coronavirus (COVID-19) pandemic began in 2020, doctors like Pierre Kory and Paul Marik treated patients with steroids, ivermectin, and vitamin C. But these doctors, who effectively saved lives, were canceled by WHO and government agencies despite patients dying by the thousands. Big Pharma and its investors could lose a lot of money if FDA-approved drugs like ivermectin and hydroxychloroquine are used to treat COVID-19 patients. ZHA ZHA we can also add this reality: THE FEDERAL RESERVE CARTEL EIGHT FAMILIES OWN THE USA, BIS, IMF, WORLD BANK They are the Goldman Sachs, Rockefellers, Lehmans and Kuhn Loeb's of New York; the Rothschilds of Paris and London; the Warburgs of Hamburg; the Lazards in Paris; and the Israel Moses Seifs of Rome. Many of the bank's shareholders reside in Europe. The US government was historically distrustful of the BIS, unsuccessfully pushing for its demise at the post-World War II Bretton Woods Conference in 1944. Instead, the power of the Eight Families was exacerbated, with the creation in Bretton Woods of the IMF and the World Bank. Bretton Woods became a boon to the Eight Families. The IMF and the World Bank were central to this "new world order", writes Dean Henderson in The Herland Report and Free21.

The Four Horsemen of Banking (Bank of America, JP Morgan Chase, Citigroup, and Wells Fargo) own the Four Horsemen of Oil (Exxon Mobil, Royal Dutch/Shell, BP, and Chevron Texaco); along with Deutsche Bank, BNP, Barclays and other European giants of old money. The Federal Reserve Cartel: Who owns the Federal Reserve? Its monopoly over the global economy does not end at the edge of the oil patch. According to the company's 10K filings with the SEC, the Four Horsemen of Banking are among the top ten shareholders of virtually all Fortune 500 corporations. Thanks Country\_Me. You express yourself very empathetically and very accurately about Kennedy, JR. Here we have Bill Gates one of the contributors to the WHO. WHY IS BILL GATES IGNORING ALL THE ADVERSE DATA ON THE COVID VACCINES? I've watched the Netflix documentary on Gates. It reflects what we know: he devours data. I have one question for him which is why is he ignoring all the adverse data on the COVID vaccines? "More troubling is that Bill Gates himself hasn't been able to come up with a single critical thinking question himself about these vaccines that he's asking the health authorities to explain.

That is truly stunning." If Bill were an honest guy If Bill is really the vaccine health and safety advocate that he claims to be, he'd be: 1)Able to explain why there are over 17,000 excess death reports in VAERS for the COVID vaccines but not for any other vaccines since 2021 and why this is happening in adverse event reporting systems worldwide. more in the link:

Robert Kennedy, Jr. the ONLY one running that has the guts and has the record to prove he's fighting for and speaking out for our freedoms! He is trying to stop what's coming. Some people are smearing, lying, to try to stop him from him stopping digital currency, stopping our freedom of speech from being totally banned, stopping FORCING vaccines, and the wars! If you want to find fault you can! We can find fault with anyone. No one is perfect but anyone that really cares about our freedoms will support him. I am not a Dem but I am Kennedy, Jr. all the way because I am SERIOUS about our freedoms we are losing. He is risking his life for us the least I can do is support him and vote for him.

Including Dr. Paul said, "He's developed a name because he was willing to take on the Pharmaceutical Industries and that's a big deal" end of quote. Sometimes I wonder about some people if they really are okay with what's coming! Don't want to try to change anything. Kennedy, Jr. has said exactly what he would do with the stroke of a pen and Dr. Paul says he tells the truth so that is exactly what I believe he will do and what we need a president to do.

I have no doubt that RFK is a good hearted man..One of the problem i see is for most parts Presidents are not elected, they are planted. RFK may have good intentions but do you for one second think he'll be able to any of those things he's saying he'll do? Do you think the crooked establishment and the DNC WILL ALLOW him to destroy their plan? Did you see what the DNC did to Joe Manchin with the inflation reduction act.? Careful with RFK, in my opinion he's just been dangled out there to grab GOP votes and cement another 4 years of hurt and pain..Perhaps this is what Brandon is alluding to when he say they have to finish the job..Don't fall for that crap people..

Segstar Kennedy, Jr. said exactly what he will do with the stroke of a pen. Based on his record and the good things Alex Jones and Dr. Paul has said I believe he will do just that! Joe Manchin bounces back and forth like a ball. He has no record of ever going against the establishment like Kennedy, Jr. has and by the way lets not forget Trump took one Million dollars from Pfizer, pushed the jabs, vetoed the stop the war in Yemen Act that was killing thousands of innocent people. Not to mention Assange's arrest under him so I would say we need to be more careful of Trump.

Wish CHD founder Robert F. Kennedy, Jr. the best of luck on his way to the White House. In an email sent earlier by CHD Acting President Laura Bono to CHD members, Kennedy said: "My top priority is to end the corrupt merger between state and corporate power that has ruined our economy, shattered the middle class, polluted our landscapes and waters, poisoned our children and robbed us of our values and freedom." Stating that these goals have always been "central to CHD's mission," Kennedy explained that he founded CHD "after parents concerned about the meteoric rise in childhood chronic diseases approached me time and time again, urging me to look beyond what mainstream media and government health agencies were telling the public about what was causing these increases."

He said: "After carefully reviewing the science, it was clear to me that vaccines and other toxic environmental exposures were inextricably linked to rising rates of autism, allergies, autoimmune disorders and a host of other conditions. "I knew I could never turn my back on the children and families so profoundly affected by these exposures. My commitment to health freedom, preventing future injuries, unmasking those responsible and holding them accountable will never diminish."

Country\_me they all talk the talk but when it time to walk the walk they are nowhere to be seen. The party is strongly associated with the Deep state...So what do you think RFK can do huh? He has to conform to the PARTY, or they'll just "replace" him as they have done in the past...It's unfortunate you have a uniparty system, but have you folks not seen the destruction that wicked DNC has unleashed on the entire World..And in terms of Trump, love him or hate him, how would you say you fared under his administration?. We have just over 6 years of data to review ..I understand what i'm saying is unpopular, but nonetheless it has to be said..The world cannot afford another term of these crooks and their affiliates.....

## Country\_Me

Segstar IF you were actually LISTENING you would know what Kennedy, Jr. can do because he laid it out completely in details! As for Trump, how did I fare? I care about how ALL the people are that got the jabs when Trump was pushing them. I care about all the innocent people that continued to be KILLED when Trump vetoed the stop the War in Yemen Act. I care about how Assange is after Assange was arrested under Trump's presidency. You see I care about our freedoms. Not how I did financially if that is what you are talking about because it wouldn't matter about that if I were dead or seriously injured from the jabs he was pushing and I am sure all those have died in that war and other wars wouldn't care, either, how I am faring because of a Trump presidency.

And by the way as far as walking the walk you seriously don't know Kennedy, Jr record to imply he hasn't. I could say a lot about his record that is good but I would just say that the class action lawsuit Kennedy, jr has against Biden, Fauci, and others is a really good indicator that he is continuing to walk the walk.

Country and all: I have watched RFK, Jr., for years and his actions speak truth to his words. He's the real deal! - In his (partially censored...) ABC interview he stated that he places principles above party and that if someone brings facts to him that lead him to a new conclusion he will change his mind: otherwise, he won't budge on his stances. He's litigated the criminal elite for decades and has no problem confronting them. Kennedy won't cave because he's a man of integrity who does the right thing.

Too many people are just talking opinions, speculation, NON factual and that's really sad considering what's at stake in this country. Some people will believe the lies the major news media puts out, even videos that have been EDITED to make it look like Kennedy, Jr said something he didn't say but when he speaks truth they won't believe that. Like I said I feel sure I won't agree with him on everything as I don't know his views yet on all the other issues but the main ones that are on my priority list I agree and support him all the way!

## pikiverschueren

My family and I went to visit Ieper (Ypres) yesterday. - (Belgium - Flanders) - Ieper was for a long time the most beautiful, powerful and rich city globally because of its luxury wool sheets and fabrics, which was of the best quality in the world. (And because of its proximity to the North Sea and France). The museum tells the story of eleven centuries; Ypres was grand, then conquered, killed, flattened, burned, diseased so many times and each time it did rise up again quite fast, in full grandeur, like a cat having nine lives. The city's symbol is now a cat. When Louis XXIV saw the city, he said: 'I want this' (like so many before him). And here again, Ypres' citizens and craftsmen, its religion got killed, flattened and burned again.

And each time the perpetrators used the citizens to build the city up again to see it fit to their own vision and religion, exploiting the people once more. It is about crazy people who just say: 'I WANT THIS!' And their money is the tool. I think what we experience now is foremost about deeply disturbed and wounded humans who still live in 1400. That is what the WHO is! The WHO says: 'I am a child!' 'I want this! I WANT EVERYTHING!' / You know what was mentioned several times (in the displays of devils and dragons)? The people then, in the past said, you can kill the devil with PRAYER. Isn't that amazing?

pikiverschuren, Ironic isn't it? History repeats. We now have the WEF, backed by major corporations and developed nations worldwide, signing an agreement to work with the UN. At the same time, the WEF hosting (2) tabletop simulations called crystal contagion 2021 and 2022. These same companies that want to destroy mankind are backing (funding) the UN, with their WHO subsidiary and their one world agenda. Hand-in-hand fascism, governments joined/intertwined with corporations in the open making plans or already destroying the environment, the planet, the very thing they are accusing the population of doing! Take a deeper look! Here's a link to the 2022 Crystal Contagion 2022 tabletop exercise: [catastrophiccontagion.centerforhealthsecurity.org](https://catastrophiccontagion.centerforhealthsecurity.org) - lock down the world and take away their internet (no longer a venue the people)...CBDC's indeed!

Much of this comes down to greed. Why money has so much power I don't know. There is no love in anything dictators do. The whole plan to smash human life will eventually take them out. Their huge fear of not having money is so evident in their bid to control freak Creation, that fear runs their lives. So where is Love? Love doesn't mix with fear. They are not partners at all. This bid to take over is irrational, as fears often are when you worship idols, things, like money and power. What they are causing is extinction, their own... and ours. Don't allow their arrogant narcissistic plan. When people just follow without questioning we are not sheep, we are choosing to not educate ourselves with the truth. The truth will set you free. We can stop this evil take over without violence; don't be like them. Prayer is positive Energy, the Energy of Love. Love is freedom at work.

Money does not have power, money is power and power is addictive. As the adage goes, 'Power corrupts and absolute power corrupts absolutely'. This is why 'they' want to take everything away from you, you will own nothing and be happy. If you don't own it you can't sell it and get even a little power. Even a little money gives you power, no money means you are powerless - you can't even get a cup of coffee if you have no money. The move to digital currency is to stop you getting any power other than to get basics. If you wash, say, 10 cars at 5 a go that is 50 cash. Do that every day and you begin to accumulate power and can start to do things. With digital, they will take any surplus away, you can't stuff digital under the mattress. You can't borrow digital off your mates. If they control your money, they control you.

Yup - Greed one of the seven sins. Add to that the sin of Lust (that covers the weird stuff being taught in schools, the altering of childrens minds and bodies,, and (which is new to me, as stated above... it's hard to believe) the normalising of pedos... terrible terrible I feel this will cause wars, do not come for the children. Then excessive Pride that will cover the narcissistic personalities etc... so we have Greed, Lust and Pride, probably the other sins are applicable too in some way. Lots of people lost their souls and moral compasses at the top, I don't think the pearly gates will open for them when the times comes.

Pray to Jesus our Savior to intercede and pray to God that His will be done on earth as it is in Heaven. Evil has been given over to its own reprobate mind to cause their own condemnation for they are dedicated to that. BILLANDLAURENVERIZON.NET Yes, I went to 2 Thessalonians 2 today, and noticed the words damned and condemned together. I had never noticed before that they are so similar, and I wondered whether they have a common derivation. So I typed "damn derivation" into my Brave browser (search engine) and got a dozen idiotic results not including derivation of the word. By this accident, I discovered that "damn" is very heavily censored. TPTB do not want you thinking about what the end of their nonsense is! Fortunately, I have an old paper dictionary, so I can tell you they are indeed the same root damn and condemn. The "con-" part is an intensifier.

Pitting them against one another 'mob rule' versus 'elite rule' in the light, and constantly decentralizing power, tolerating diversity (not evolving pretend & unnatural faux diversity), protecting individual rights as America was founded is the only avoidance of their tendency to corruption in this world. Without the salt and light it's all corruption and fighting in the dark, spiraling down to ever further degradation & destruction of the image of God in mankind, until the Lord says, 'Enough', removes the suffering he who letteth, & brings it on.

ScanKat Robert Kennedy, Jr.'s record speaks for itself. Even Dr. Ron Paul and Alex Jones has said good things about him! Including Dr. Paul said, "He's developed a name because he was willing to take on the Pharmaceutical Industries and that's a big deal" end of quote. Sometimes I wonder about some people if they really are okay with what's coming! Don't want to try to change anything. Kennedy, Jr. has said exactly what he would do with the stroke of a pen and Dr. Paul says he tells the truth so that is exactly what I believe he will do and what we need a president to do.

God uses people and can change things or prolong them! What's that Scripture if His people which are called by His name, "shall humble themselves, and pray, and seek my face, and turn from their wicked ways....." We also need to be careful to not falsely judge others. Speculation, opinions not based on correct facts, about someone can be falsely accusing them or falsely judging them. By the way, no one is perfect. I am sure there are things Kennedy, Jr will say that I don't agree with but our freedoms are at the top of my priority list and I do believe him when he says he's anti FORCING vaccines, anti banning free speech, anti digital currency, anti wars, so those are the issues that I agree with him on that has my vote. He is risking his life coming out against the establishment and the class action lawsuit he has against Biden, Fauci, and others sure is not helping that so the least I can do is support him, vote for him, even though I am not a Dem!

Personally I think mother nature will do what she wants and we will either adapt or not, everything else is irrelevant in the big scheme of things. Trying to change the world and trying to take control of continents then the world is theoretically possible but this is dependant on electricity and once that goes we are back to manual old systems. Just remember for those trying to achieve this global aim "...you can please some of the people, some of the time.....but.....you cannot please all the people, all of the time....".....and trying to repress people is like the horse and cart, or the dog on the leash, the harder you pull in one direction the harder the dog or horse pulls in the other direction.

What is needed is world harmony and world peace.... those who keep engineering wars and not permitting world peace will never get every one on board and from the information on the internet and media (whether it is true or not...who knows what is correct or not, probably a mixture of both)...those people engineering wars and trying to form globalism can be the doing both at the same time...even if they are doing indirectly through their complex investments etc... or intentionally. People need to have better morals and better empathy for all mankind the world over.

If the Covid era did anything, it revealed who people are. Once you have seen someone's inner totalitarian, it cannot be unseen. Whether that person is a friend, relative, co-worker, or general acquaintance is immaterial; the depth of the relationship only makes the realization more or less stark, but the outcome is the same - you know who the brown shirts and enforcers will be. There is no going back from that point. It's just not possible. So what's left? And who among the people you know would you want in the foxhole? Those are not academic or rhetorical questions. The section on Jessica Rose's Substack piece has the heading "how to stop it" but can it be stopped?

We're seeing dissenting voices silenced in the name of democracy, which breaks the irony meter all by itself. We're in a time when people are supportive of medical experimentation on children. Womanhood itself is being erased right along with cash. Eventually, the cash runs out. Withdrawals can only occur so long as the nature of deposits is unchanged. Precious metals are an option, but this country has already barred private ownership of gold once, so who would be surprised by govt doing so again and adding the other precious metals to the list? An underground economy would rise, and govt would send out enforcers to break it up, likely triggering some armed confrontations between agents of the state and civilians, and THAT will be the acid test of this new world order.

How many of those agents would willingly fire on fellow citizens? Who wants to be the leader who gives such agents the "fire" order? How many casualties among agents, because there would be some, would the regime deem acceptable? How many casualties among civilians? Because are not coming for your guns in the name of school safety; they're playing a much longer game. I know far too many people who are blissfully clueless and seemingly proud of their status. It's not a good look or an encouraging future.

Mercola has written previously about the importance of electing local and state officials who follow the Constitution. Sheriffs who are Constitutional sheriffs. Yes, national elections are very important.. but in other ways local elections can be just as, or more, important for us in our daily lives. School Boards, County/Parish Sheriffs, Mayors, Governors can provide a strong barrier to much of this if the right ones are elected. Most of these local officials are also directly in our reach where we can attend meetings IN PERSON. Ralph Nader said years ago that we don't necessarily need a huge percentage of people to show up ( in person) to get things done. If only a small percent of local residents showed up in person... boots on the ground... at their offices and meetings and conducted themselves in a lawful manner that big changes are possible.

"... if the WHO pandemic treaty goes through, we can expect to be locked down indefinitely under the guise of "some climate catastrophe, likely linked to some deadly pathogen' passed to humans via some insect vector like mosquitoes." By then, central bank digital currencies (CBDCs) will also be in place, which will enable the unelected totalitarian regime to enforce whatever restrictions the WHO and its funders dream up, be it related to the food you're allowed to eat based on your carbon footprint, the drugs you're forced to take, what causes you're allowed to fund, what businesses you're allowed to buy from, when and how far you're allowed to travel or anything else.

"A practical way I can think of to stop the endgame from being realized is to stop the CBDC," Rose writes. "Use cash. Insist upon it. Do not give business to stores that only use cashless systems. Supply equals demand, so demand the use of CASH." I wonder what Mercola's reader audience is..... I hope zillions .... we need help, or we will be goners.

Dr Bell's strategies should include a shift away from the evil of "centralisation". Alternative, locally operated co-operatives need to be put in place to dilute this self-serving set-up which is so obviously run along the lines of a mafia. The World Council for Health should be promoted as an alternative to the WHO. But most of all, we the people need to throw off the shackles of these unelected regimes and understand that the power rests with us. Royalty, governments, courts, officialdom etc. all exist only with our permission. We are sovereign, but most of us don't know it

In this age of guns and all the other kill at will stuff, The idea of WHO control, works in the minds of money mongers. But millions will refuse their evil plots. So life as it has for so many years, will carry on in WAR, nothing new, other than us we the people, common folk, having guns, etc. Guerrilla fighting will be the mode, The foolishness of fighting by line up and shoot each other, as in old war style. We have many crazy killers now, on the streets in USA, But what will the WHO and what not, in our America, do when they start getting shot. Yes, killing will be the main menu.. Until JC. returns to throw the haters and lie pushers in hell... We are a fallen planet...

More than 50 yrs ago, in 1973 Frank Zappa wrote a song called the "SLIME". (Trump called it the swamp) I will post the lyrics in case you're not familiar. Amazing accurate. I am gross and perverted I'm obsessed 'n deranged I have existed for years But very little has changed I'm the tool of the Government And industry too For I am destined to rule And regulate you I may be vile and pernicious But you can't look away I make you think I'm delicious With the stuff that I say I'm the best you can get Have you guessed me yet? I'm the slime oozin' out From your TV set You will obey me while I lead you And eat the garbage that I feed you Until the day that we don't need you Don't go for help... no one will heed you Your mind is totally controlled It has been stuffed into my mold And you will do as you are told Until the rights to you are sold That's right, folks... Don't touch that dial Well, I am the slime from your video Oozin' along on your livin' room floor

Oh wow, that was great! I remember watching Frank perform this LIVE on Saturday Night back in late 70's maybe? Remember the slime drooling down one of the TV monitors on the set.

For Blueprint of propaganda, including future use of you'll own NOTHING and Be Happy (with Pharma's help is coming) watch this very insightful interview with Mike Wallace (60 minutes), and Aldous Huxley (propagandist and writer of various Marxist radical leftist loved books). Communism is really disguised fascism. Amazing that when Castro coop occurred he promised free elections within around a year and guess what - free elections NEVER occurred. Dictators never want to step down once they gain the power they crave. Also worthwhile Reading some informative comments below video, especially regarding who Aldous's brother was, and his negative influence on society. I believe many of his ideas from brave new world book are being deployed and have been since Trilateral communion (WEF) plan. [www.youtube.com/watch](http://www.youtube.com/watch)

## CRAIGMESA

No matter what man or woman gets into office, IT WONT MATTER! The real solution is the kingdome of God that is fast approaching or else on flesh would be saved! Revelation 21:3-5NIV 3And I heard a loud voice from the throne saying, "Look! God's dwelling place is now among the people, and he will dwell with them. They will be his people, and God himself will be with them and be their God. 4He will wipe every tear from their eyes. There will be no more death' b or mourning or crying or pain, for the old order of things has passed away." 5He who was seated on the throne said, "I am making everything new!" Then he said, "Write this down, for these words are trustworthy and true."

People should refuse en masse to participate in the orders issued by WHO even if it is told what to do by the funders! They can't lock up everybody! It will be hard to believe the CDC and others if and when another pandemic should happen....the CDC and NIH have lost credibility because of covid!

Ultimately, central world rule plans are going to get the planners into more hot water than they could ever imagine. They should stop right now before it is too late. Have to admit , I never thought the deceptions would be so idiotic. So many candidates contending for Man of perdition (lost man). The last person on earth you want to be!

[aim4truth.org/.../cat-report-438](https://aim4truth.org/.../cat-report-438) This article with an Ancestry.com death report of Bill and Melinda Gates in 2013. Their photo surely shows this is Melinda Gates considerably larger in bone structure than Melinda who was actually a feminine woman. This woman in the photo is not Melinda Gates. She is obviously a male, unless Melinda suffered a hormone crisis. Gates is said to wear breast binders, and unless he does a lot of MJ, it appears he does have breasts flattened. A video I saw a couple years ago reported the Foundations donated the Polio Vaccine that Gates purchased from CDC to children in India. The CDC stopped using the live virus. They have now converted to a dead virus polio vaccine as has always been used in Europe.

The report said a large number of children died from the donated Foundation vaccine and that huge numbers left disabled and crippled. Parents were outraged. The report has been removed and obviously would be repressed. Keeping the Gates alive is essential to the plan by the insane, since the name carries enormous power and the Foundation must survive needing their names figureheads. It was reported the India courts prosecuted the Gates for the deaths of the children and a death sentence was imposed. Who would want this being reported to the world? Frankly I believe it, and Melinda is out of the photos for obvious reasons, by divorcing her.

Some reported they were stoned by the parents of the children who were affected. Or the government imposed the sentence said to be death. If the Gates are not alive who is running the policy and speaking out for the Gates? Ancestry.com reports their deaths in the above link. Seriously we need to affirm he is deceased and both gone. That would weaken the Foundation. We need to know who is the man behind the Black Curtain of the Foundation. I think it is significant and no one is writing about this. Another Forbes article refutes this, but does not convince me.

More and more people are realizing that all the rhetoric we have heard has one goal...world domination by the people at the top who have now accumulated most of the world's wealth...and want to eliminate 95% of the "Useless Feeders" on the globe...and use the rest as they see fit.

Wipe off that smile, Barbara, this is serious business. Sadly I think that money is toxic and makes people insane. How can these people be even human. They have touched the gold and the secret is that the gold creates another species, that has horns and a pitchfork. Their plans are so demonic. How can we control power that is bought? This is the big challenge for the rest of humanity.

## Concerned Patriot

Additional information" 1. Biden and his group are the authors of the new "amendments" proposed by the WHO. 2. Biden plans to sign the WHO treaty an executive order (illegal) as Congress is responsible under our Constitution. 3. There was a vote about the amendments last fall but several African nations refused to sign. Since then, these nations have been "educated" (paid off?) and will probably sign on. 4. Even if the entire treaty is not signed on, the pending signature in Sept. 2023 is BINDING on any nation. Failure to comply with Communist Tedros's orders can result in fines, reinforcement by the UN blue hats, economic strictures, whatever Tedros demands.

5. Tedros can use a "plandemic" to lock down entire nations forever, move people into quarantine camps (allegedly already in several states from FEMA). 6. There is at least one bill in the House and another in the Senate trying to stop the WHO treaty. 7. We need to get OUT of the WHO entirely, in addition to OUT of the UN. An easy way to have your voice heard would be to email your elected leaders through [standforhealthfreedom.com](http://standforhealthfreedom.com). Yes, you do have to put your address in to be able to contact the appropriate people, but "they" already know all about you anyway.

So far 69,000+ have signed on. 8. Refuse to get a digital ID, even if it makes life "easier" for you. Consider leaving your cell phone someplace at home and using a flip phone for daily use. Check cell phone messages occasionally during the day. We are being tracked by those phones. Stop giving out pertinent information pertaining to yourself and your family members to Facebook and other internet sources. Don't watch MSM and they will necessarily fold. Get news from alternative sites.

## Concerned Patriot

Why not arrest Bill Gates for crimes against humanity. He can be locked up under the Patriot Act, just as some Jan. 6 prisoners have been. That is, w/o due process under the law, having to prove his innocence, while he lives in unsanitary conditions w/o a court date. Failing the arrest, at least have Bill Gates' entities shut down. Whatever happened to the removal of "monopolies"? He has control over our food supply through his purchase of most of the national available farmland and the purchase of most of the global seed supply. STOP Bill Gates and ALL other citizens from funding the WHO, UN, and WEF. Dismantle private "foundations" such as Bill & Melinda Gates Foundation, Clinton Foundation, Ford Foundation, all the rest!

Let them pay taxes like the rest of us. STOP Bill Gates from funding agencies to provide mosquitoes to allegedly "combat malaria", shooting the sun with chemicals, delivering "vaccines" to African and Indian children that are harmful and include contraception, etc. Just because he CAN do these things d/t his wealth (taken from our backs), doesn't mean he should be ALLOWED by governments to do so. Melinda Gates is NOT an innocent bystander. Recall Bill and Melinda smirking when the discussion took place about people dying in India and Africa? Melinda still has her name on their foundation and is accumulating \$\$\$\$ from it.

Why would we be worried about destroying democracy? I wouldn't wish that form of government on anyone. Our founding fathers knew just how corrupt and horrible democracy was, which is why we have a Constitutional Republic. Well, we had one, until 1871 when the banksters started their corporatization of America in earnest. American patriots need to WAKE UP and figure out what has happened. We cannot solve the problem until we identify the problem. Let's work together to get our Republic back !

I watched a little bit of commentary on this here in the UK last week only 20 minutes or so of parliament debate, it would appear that the UK government is of the opinion it is better to be involved to have some say. Personally I am not sure that this is a good idea, personally I would not sign up in the beginning and wait and see how things go then maybe at a later date look at the situation again. Who knows what will emerge with the permafrost defrosting, as fascinating as the finds are...something wiped out dinosaurs and other things, they still don't know for sure if that was an asteroid or volcanoes etc.....

Article IV, section 4 of Constitution: "The United States shall guarantee to every State in this Union a Republican Form of Government..." That does NOT mean a "democracy" , or privately owned "municipal corporations" which is what the current UNITED STATES and STATES are since the "municipal corporations act of 1871" !!! please become crystal clear on what each one is ! RFK jr always talks of democracy, as all politicians do! we should know the huge difference, we've been duped beyond belief !

Why all this criticism against the 1% et. al. ? They would not exist unless we put them there and made gods out of them. Most people run to the doctors to get their pill. They like it and do not want the narrow road . Searching for God's truth requires effort. Why vote for another Democrat? Show me where Trump did not stand by his promises ? He is outstanding as a world leader and did get us out of the WHO, he was done in by Fauci and the American people who demanded a cure for a virus. Most love doctors and they are both playing god. I just look at my pill popping family and know the truth.
