This is why the NWO want a third world war, the truth gets lost and 7 billion peasants get roasted in a nuclear conflict.

Very disturbing. Makes my soul cry.

speechless, I'll push the chair under their feet personally

this is so sick. I'm trying to fathom it in my mind. what did I just watch. if this is true get the army in and terminate everyone involved.

Grat video man... it's sad to even believe this could be going on. but knowing it's true is the hard part. I'm a father of 4 and I have 11 grandkids and I can't even imagine the pain these poor people have to endure. I was abused as a child and I know how hard life can be for another that been through that type of hell.

This must have been a tough video for you to do. May God keep you safe in his arms!

So now the new war will serve as the distraction from this info.

Do you still have any doubt about Trump's total control by the war industry? Wake up Sean, we are about to face Russia with precision guided missiles.

Some of them may escape justice here in this world but none of them will escape their final day of reckoning when they meet God's divine justice and face their eternal consequence and reap their just reward. I pray you return soon Jesus.

I am a mother. I just have such hatred towards these psychopaths. I think that burning in hell is too kind

You have already defined yourselves as 'Chattel' and are only 'fit to be rendered.' You are NOW going to focus on this 'State of Being'? 'Really?' I don't think you're ready for this... How are you going to fix THAT? You are PARALYZED. It appears you are doomed with 'uselessness...'

Q has been great. A gift from God. But one thing that stands out is his frequent use of the term "evil". We all need to get back to that word and reject the culturally easier term "sick". Evil people are not "sick" - unless they have multiple personalities or hallucinate. Evil people can/should/will be punished. "Sick" people are objects of pity and study.

THIS IS A CONTRACT. Your active signature is 'not needed...'
Charles Patterson 10 hours ago (edited)

You 'chattel' will forget about this by tomorrow and by then you will be focused on more entertainments. This is probably just another schadenfreude-istic (kids sure love a good carnival!) visit to another 'Treblinka.' You can pretend 'you care' for a few minutes if that makes you 'feel good,' But you are 'reliable' and your (self-indicated) MASTERS will have their way. You would pretend you have a 'will.' You are paralyzed. Too weak to contemplate such things and as a result you have given up your humanity (on a voluntary basis) and NOW you want to complain? You are 'in deficit.' You are an 'abbreviated fraction' of a 'human' so enjoy your little journey into fantasy.

You are 'Chattel' and you are (??likely?) already DEAD.

KundaliniandCelltowers 1 second ago

So what do you suggest? The elites are already prepped for a hot war. Is physical rebellion actually an option at this point? Everyone hopes that a public 'awakening' and tribunals by military white knights will set things straight. Is that fantasy in your opinion? What's a viable plan B?

Now we seal the contract:

I don't think you are ready for an 'adulthood.' Do YOU know what this means? It might mean that you 'get off your (dead?) ass' and move - it can be stopped, but you are 'tired.' Have you ever 'tried' in your Life?

I WANT to see YOU 'STRUGGLE.' IF you do not move you have DEFINED yourselves 'sufficient to be judged' as you have made that declarative sentence simply by TACIT APPROVAL. Are you comfortable? I wouldn't want to ruin your 'happy Life.' You are likely an ABBREVIATED fraction of a 'man' and certainly 'not responsible.' YOU are paralyzed. Now pretend 'you care' and go back to your silly pursuits. This is YOUR responsibility but I will not hold my breath...TOO WEAK.

Being born in a country owing the federal govt 60,000 dollars is slavery, it is defined as indentured servant.
And it also cost 10-20k to have a child in a medical facility. Why?

Obey the Constitution, it's the solution. According to the John Birch Society..if the federal govt were operating on the Original ratified US Constitution for the united States, it would be spending 800 billion a year and have a surplus of 2.6 trillion. Divide 2.6 trillion, into 300 million Americans, that is 8.6 million per person. Talk about

I just tried your link to Q and the Google creeps plastered up something to block the whole page. It says they have just infected my phone with a virus and to follow their instructions. I got the heck out of there. I hope they haven't ruined my phone. I know my conversations are being listened to because whatever is mentioned shows up on

It's hardly likely the Trump administration can prosecute Hillary for her fake war on Qaddafi when Trump has just started his own fake war on Assad. - even using the same Zionist controlled partners and an obviously fake reason.
At this point it's the exact same result feared from Hillary - war with Syria, Iran, Russia.
