Evil people are not "sick" - unless they have multiple personalities or hallucinate. Evil people can/should/will be punished. "Sick" people are objects of pity and study.

You 'chattel' will forget about this by tomorrow and by then you will be focused on more entertainments. This is probably just another schadenfreude-istic (kids sure love a good carnival!) visit to another 'Treblinka.' You can pretend 'you care' for a few minutes if that makes you 'feel good,' But you are 'reliable' and your (self-indicated) MASTERS will have their way. You would pretend you have a 'will.' You are paralyzed. Too weak to contemplate such things and as a result you have given up your humanity (on a voluntary basis) and NOW you want to complain? You are 'in deficit.' You are an 'abbreviated fraction' of a 'human' so enjoy your little journey into fantasy. You are 'Chattel' and you are (?likely?) already DEAD.

So what do you suggest? The elites are already prepped for a hot war. Is physical rebellion actually an option at this point? Everyone hopes that a public "awakening" and tribunals by military white knights will set things straight. Is that fantasy in your opinion? What's a viable plan B?

I don't think you are ready for an 'adulthood.' Do YOU know what this means? It might mean that you 'get off your (dead?) ass' and move -it can be stopped, but you are 'tired.' Have you ever 'tried' in your Life?

I WANT to see YOU 'STRUGGLE.' IF you do not move you have DEFINED yourselves 'sufficient to be judged' as you have made that declarative sentence simply by TACIT APPROVAL. Are you comfortable? I wouldn't want to ruin your 'happy Life.' You are likely an ABBREVIATED fraction of a 'man' and certainly 'not responsible.'. YOU are paralyzed. Now pretend 'you care' and go back to your silly pursuits. This is YOUR responsibility but I will not hold my breath...TOO WEAK.
