

Petition to Cease and Desist all medical tyranny activities against our people.

This is a petition to our County Government of _____, VA to cease any operations or enforcement of the illegal Executive Orders from the Governor in regards to making people wear face masks and or forcing any person to be administered a drug of any kind, against their will in order to exercise our God given rights, to congregate and engage in free enterprise in places public or private. These illegal Executive orders, are being enforced outside of the realm of the Executive Branch of Virginia and break Virginia and United States Constitutional positions and fit into the breaking of the Federal Americans With Disabilities Act of 1990. Those Laws and Concerns about Governmental Criminal and Cruel acts are as Follows along with our collected signatures. As a petition signer, I hereby declare that one or more of the following stated Laws have and or will be violated by my local government in regards to the handling of ANY pandemic:

Virginia Constitution: Article I. Bill of Rights

Section 1. Equality and rights of men

That all men are by nature equally free and independent and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity; namely, the enjoyment of life and liberty, with the means of acquiring and possessing property, and pursuing and obtaining happiness and safety.

(Never before have the healthy been quarantined. People must be allowed to be free)

Section 2. People the source of power

That all power is vested in, and consequently derived from, the people, that magistrates are their trustees and servants, and at all times amenable to them.

(That we have the right to tell our government what we want to do and the government has no power to tell us what to do)

Section 7. Laws should not be suspended

That all power of suspending laws, or the execution of laws, by any authority, without consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

(The state legislature has not met in-person since last August and have not ever put before us the idea of allowing one person to dictate to us, instructions to commit financial, social and cultural suicide. The Governor has no power to make laws from executive orders and this article supersedes ALL other sequential items of the Virginia Constitution or claimed precedence from subordinate court cases)

Section 9. Prohibition of excessive bail and fines, cruel and unusual punishment, suspension of habeas corpus, bills of attainder, and ex post facto laws

That excessive bail ought not to be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted; that the privilege of the writ of habeas corpus shall not be suspended unless when, in cases of invasion or rebellion, the public safety may require; and that the General Assembly shall not pass any bill of attainder, or any ex post facto law.

(Making any law that states our God given rights are no longer valid and are of ex post facto nature and therefore illegal and must be ignored. The unproven and unanswered challenges of the medical tyranny have caused massive financial and cultural destruction. They have caused mental anguish to the point of citizens committing suicide and those who have physical disabilities to return to an uneven and unequitable life style, such as the hearing and visually impaired.)

Section 11. Due process of law; obligation of contracts; taking or damaging of private property; prohibited discrimination; jury trial in civil cases

That no person shall be deprived of his life, liberty, or property without due process of law; that the General Assembly shall not pass any law impairing the obligation of contracts; and that the right to be free from any governmental discrimination upon the basis of religious conviction, race, color, sex, or national origin shall not be abridged, except that the mere separation of the sexes shall not be considered discrimination.

(Our Life, Liberty and Property are being deprived by the Governor's Medical Tyranny. No Government or entity is permitted to force people who claim religious exemptions to take or use a medical injection or force them to comply with a "passport" to regain God Given Rights that were not the possession of the Government or any entity in the first place.)

Section 12. Freedom of speech and of the press; right peaceably to assemble, and to petition

That the freedoms of speech and of the press are among the great bulwarks of liberty, and can never be restrained except by despotic governments; that any citizen may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of that right; that the General Assembly shall not pass any law abridging the freedom of speech or of the press, nor the right of the people peaceably to assemble, and to petition the government for the redress of grievances.

(Our right to assemble and speak without any restrictions by place or by number are denied by the Governor's illegal Executive Order)

Section 16. Free exercise of religion; no establishment of religion

That religion or the duty which we owe to our Creator, and the manner of discharging it, can be directed only by reason and conviction, not by force or violence; and, therefore, all men are equally entitled to the free exercise of religion, according to the dictates of conscience; and that it

is the mutual duty of all to practice Christian forbearance, love, and charity towards each other. No man shall be compelled to frequent or support any religious worship, place, or ministry whatsoever, nor shall be enforced, restrained, molested, or burthened in his body or goods, nor shall otherwise suffer on account of his religious opinions or belief; but all men shall be free to profess and by argument to maintain their opinions in matters of religion, and the same shall in nowise diminish, enlarge, or affect their civil capacities. And the General Assembly shall not prescribe any religious test whatever, or confer any peculiar privileges or advantages on any sect or denomination, or pass any law requiring or authorizing any religious society, or the people of any district within this Commonwealth, to levy on themselves or others, any tax for the erection or repair of any house of public worship, or for the support of any church or ministry; but it shall be left free to every person to select his religious instructor, and to make for his support such private contract as he shall please.

(Forcing people to take drugs or vaccines in order to comply or reach an arbitrary threshold to have our God Given Rights Restored when the Government has never had the right to control or deny our rights, is a direct usurpation of authority and any enforcement of such usurpation is an act of treason against the people of our state and our nation)

United States Bill of Rights:

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

(No actions by the Federal Government to restrict our speech or our freedom to assemble, support our State Constitution in its identical declaration to protect those rights. No State Government or Local government can make laws, issue orders or ordinances to restrict these rights)

Amendment VIII

Excessive bail shall not be required nor excessive fines imposed, nor cruel and unusual punishments inflicted.

(No executive orders, laws or ordinances can issue fines to people who are empowered and rightfully exercise their God Given rights to ignore illegal orders, laws or ordinances. Forcing people to accept drugs or potions that contain religiously objected particles or substances, is cruel and unusual punishment)

American with Disabilities Act 1990

The Following items specifically apply to those who qualify as “disabled” in the United States of America and force upon them “cruel and unusual punishment” as it ties back to our state and national constitutions:

(B) that perpetuate the discrimination of others who are subject to common administrative control;

(B) denying employment opportunities to a job applicant or employee who is an otherwise qualified individual with a disability, if such denial is based on the need of such covered entity to make reasonable accommodation to the physical or mental impairments of the employee or applicant;

(6) using qualification standards, employment tests or other selection criteria that screen out or tend to screen out an individual with a disability or a class of individuals with disabilities unless the standard, test or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and is consistent with business necessity; and

(7) failing to select and administer tests concerning employment in the most effective manner to ensure that, when such test is administered to a job applicant or employee who has a disability that impairs sensory, manual, or speaking skills, such test results accurately reflect the skills, aptitude, or whatever other factor of such applicant or employee that such test purports to measure, rather than reflecting the impaired sensory, manual, or speaking skills of such employee or applicant (except where such skills are the factors that the test purports to measure).

Section 102 EXAMINATION AND INQUIRY:

Item A) PROHIBITED EXAMINATIONS AND INQUIRIES- A covered entity shall not require a medical examination and shall not make inquiries of an employee as to whether such employee is an individual with a disability or as to the nature or severity of the disability, unless such examination or inquiry is shown to be job-related and consistent with business necessity.
