My son, and his wife, had covid in 2020, one was tested, the other had identical symptoms on an identical timeline, and both lost sense of smell and taste.

Recovered in several days, no lasting issues, primarily tired and slept a lot. There were small children in the home, though they were kept distant, and my son and wife wore an N95 Respirator and hand washed when near the children, the children did not become sick.

My son's sister-in-law is a doctor. She advised them to get vaccinated (when they recovered and had natural immunity?). They received the initial and second shots. The wife miscarried 3 times after that, and had Pre-Eclampsia during the 4th that necessitated a flight in a helicopter for the new born, an MRI for the new born and several days in NeoNatal Intensive Care, but all seems well now.

Safe and Effective. Really? I hope those responsible, the WEF, Bill Gates, and the researchers and scientists for big pharma (as applicable) that foisted this onto the world pay for eternity for their actions and sins.

So the OBGYN people involved in collecting any bribe money will be charged anyway, paying back the money or not 🧐 🤔

SO many deaths and maiming worldwide yet they are still pushing the poison! Why can't these monsterous cockroaches be stopped!!?? I know why, massive corruption in the healthcare and judicial system - they have sold their souls - Canada too where I am. This is so disgusting and sad at the same time. People waking up now though but it is too late for many and for my brother who believed the corrupt media. He took the "M" jab and passed away by bleeding to death internally laying on his floor at home on May 13/2021 - 9 days short of his 60th birthday. I decided to focus my grief by creating a vaxx detox website in his memory, at least I get to help others.....

Dr Thorp keeps mentioning his substack but we can't find it. Could you put his substack link in the video description?

Also a Canadian here, so thankful for the strength and courage of Dr.'s Thorpe & Wolfe for never relenting! The question for us Canadians, of course, regarding this issue of corruption of the OBGYN community, is what is the situation in Canada? Is there a similar pays scheme in place? Is there a Canadian counterpart to the American ACOG and if so, what are they saying to their members? Love to hear from Canadian OBGYN's!! To this layman, there is no greater evil from the mRNA rollout than the recommendation for acceptance by women of child-bearing age, especially those who are pregnant !!!! God bless you James & Naomi! 💛

SSM is a "Catholic" organization. Obviously, the Devil has taken control of that organization, as well. What can we expect under the apostate Anti-Pope Bergoglio? 1 like

Dr. Thorp says this was fraud and a RICO violation and a conscious decision to disregard harms to pregnant women and their unborn children, and that he has hard evidence to back it up. Please publish every bit of that evidence. Therefore, what is the plan to send a criminal referral to every state Attorney General, and to every assistant U.S. attorney? When will those criminal referrals be filed?

The ground zero where the very first pregnant women, infants and children were trialed was Queensland, Australia. It is important to note it is illegal to trial pregnant women with vaccines, so it happened in Queensland first so big pharma could cover their bases. It is important to note that the silent majority is behind you all.

Why are they forcing a "vaccine" that messes up the pregnant women and their newborn babies? Eugenics. It is part of the plan to reduce the world population to 500M. That is why they are trying so hard to keep this information secret.

I cannot get this to play at all. Other videos are working, has this been censored?
