The Fallacious Covid Narrative Has Completely Fallen Apart But the Corrupt Medical Establishment Steams Ahead On Its Catastrophic Course

Paul Craig Roberts

Dear Readers,

I have given you the best available Covid information in my many postings to this website. Here is the latest roundup. As you can see, none of us has the slightest justification for placing any trust whatsoever in the American Medical Establishment.

Oxford University Clinical Research Group Discovers Fully Vaccinated Healthcare Workers Are a Health Threat to Patients

Study: Fully Vaccinated Healthcare Workers Carry 251 Times Viral Load, Pose Threat to Unvaccinated Patients, Co-Workers

A preprint paper by the prestigious Oxford University Clinical Research Group, published Aug. 10 in The Lancet, found vaccinated individuals carry 251 times the load of COVID-19 viruses in their nostrils compared to the unvaccinated

Is Pfizer's CEO Albert Bourla so insouciant that he doesn't know that vaccine-resistant strains have already appeared and are the consequence of his "vaccine"?

Pfizer CEO Albert Bourla said on Tuesday that, at some point in the future, a strain of COVID-19 that is resistant to vaccines is likely to emerge.

What does Bourla think the delta variant is?

The corrupt medical establishment is trying to claim that variants are natural mutations, not created by the vaccine. In other words, the medical establishment is trying to cover up the fact that Antibody Dependent Enhancement is caused by the mRNA vaccine.

Corrupt Presstitutes Begin Their Crawl Back Down the Limb

For 20 months the scum presstitutes have hyped blind fear to drive Massive numbers of people into dangerous vaccination that spreads the virus, all the while censoring and demonizing the real scientists warning of the vaccine's consequences. Now that the dire consequences of the dangerous vaccine are both obvious and documented, the presstitutes are doing an about face and breaking from the narrative by asking questions two years too late.
