Infowar's Rainbow Snatch: Should LGBTQ become LGBTQ"P"? (P as in "Pedophile")

Rainbow Snatch Goes To Hollywood!
The Pizzagate Blog

Publicerades den 13 apr. 2017
SJW-brained Rainbow Snatch travels to Hollywood to make it big and instead gets caught up doing ‘man on the street’.

Millie Weaver’s thoroughly entertaining alter ego “Rainbow Snatch” goes to Hollywood and is immediately pounced upon by wacky SJWs. She becomes the talk of Tinseltown asking people whether or not pedophiles are a marginalized group and if ‘P’ should be added to LGBTQ in solidarity with ‘love has no boundaries’. One of her very best videos produced, in that it is either no-stop comedy or great mic action all the way including the mandatory Hollywood crowd scene. An all wannabe-star cast helps this clever show biz lampoon of “The Alex Jones Show” and “The Nightly News” get right to it just outside Jimmy Kimmel Live, the El Capitan, etc. An absolutely superior SJW comedy!

This video is both funny and educational. Millie Weaver from Alex Jone’s Infowars goes undercover as the EASILY TRIGGERED Social Justice Warrior RAINBOW SNATCH.

- She asks a bunch of people if they are “pro LGBTQ” and people say “Yes”.
- She asks them if they are “pro Virtuous Pedophiles” and people cringe.
- They “cringe” because the LGBTQ community has a VERY understanding approach to pedophilia.

Here are some more Rainbow Snatch videos:

The one about "Patricia Piccinini" was published yesterday, and already has 10 000 views. It hit like a GODAMM SLEDGEHAMMER. The "Red Shoe" post is older but hit 10k views in a single hour because some celebrity shared it, don’t know who.

By the way, do you know why Melanie Martinez is doing this?
They want to make THAT, the new THIS:
My posts on pop culture are very popular, even though I don't focus on it. Be sure to checkout number 3 and 10, the ones about Melanie Martinez and Shakira.

My posts about Miley Curys and the Olsson Twins are also very popular, I think they were at spot 11 and 12, even though I've barely promoted them. I dare you to watch the FULL "Gimme Pizza Slow" video without pausing. Just try, and tell me what happened.

I Am Patricia Piccinini -- Tony Podesta's Favourite Artist
Who is Patricia Piccinini?

Sierra Leone-born Australian artist Patricia Piccinini is known for her transgenic menagerie of disturbing, hyperrealistic creatures. Constructed from silicone and fiberglass, these hybrid sculptures investigate the potential rise of new and troubling developments through the advance of biotechnology and genetic manipulation, as in *The Young Family* (2002–03), a grotesque, wrinkly human-sow and her suckling offspring, made of silicone, acrylic, and materials like human hair and leather. Other figurative schemes include unexpected animal/human pairings, like *Balasana* (2009), a child with a marsupial on her back, and beast-machine hybrids that suggest animalized Vespas.

- So what is the link between Patricia Piccinini and Tony Podesta?
- In the 2004 article "When art and politics meet" Patricia Piccinini is described as a "Podesta favourite".

John Hooper talks to a Washington power couple who'll go to any length to accommodate their art collection.

include Gillian Wearing, Marina Abramovic, Sam Taylor-Wood and Olafur Eliasson, whose work Podesta discovered 10 years ago, when the artist was still at the Royal Academy of Fine Arts in Copenhagen.

They are always looking out for little-known artists, and believe some of the following will be on the first list in future: Britain's Darren Almond, Brazil's Janaina Tschape, Denmark's Mads Gamdrup, the Italian artist Loris Cecchini, and Patricia Piccinini, a Podesta favourite who represented Australia at the Venice Biennale last year.

It is tempting to see Podesta as a US equivalent of Charles Saatchi - another entrepreneur who has also operated with great success on the margins of politics. Specialising in photographs and video, Podesta is more focused, though he says that his most admired possession is a sculpture,
In this video you see some of Patricia Piccinini's realistic "pig art" inside Tony Podesta's own home.

Did you survive that? Okay. Good. Here are some works by artist Patricia Piccinini:

Most of these numbers are sourced and linked here.
The 2 highest rates of missing children immediately surround Washington, DC. Virginia’s rate is simply unfathomable.

WHY are there FIVE TIMES as many MISSING CHILDREN in VIRGINIA (5 per 100,000) as in NEW YORK (1 per 100,000)?

How many of your friends / known associates turned out to be convicted pedophiles?

John David Podesta (born January 8, 1949) is the former chairman of the 2016 Hillary Clinton presidential campaign.[1] He previously served as chief of staff to President Bill Clinton and Counselor to President Barack Obama.[1]

He is the former president, and now Chair and Counsellor, of the Center for American Progress (CAP), a liberal think tank in Washington, D.C., as well as a Visiting Professor of Law at the Georgetown University Law Center. Additionally, he was a co-chairman of the Obama-Biden Transition Project.[3][4]

Anthony T. Podesta, commonly known as Tony Podesta, is an American lobbyist best known for founding the Podesta Group.[3] Podesta has lobbied for a variety of groups, including Bank of America, BP,[3] and Egypt.[2] In addition to political campaigns such as Ted Kennedy, George McGovern, Michael Dukakis, and Bill Clinton. More recently, he has worked for Pennsylvania Democratic representatives Joe Sestak, Chris Carney, and Patrick Murphy, and chaired former Pennsylvania Gov. Ed Rendell's re-election campaign.[3] He is closely connected with the Barack Obama White House.[4] and has repeatedly been named one of Washington's most powerful lobbyists and fundraisers.[3][4][7]

TONY PODESTA’S ART COLLECTION:
Jeffrey Dahmer loved to take Polaroids of his victims in strange poses after he had killed them. I suppose these were his trophies... in addition to the body parts he kept in the fridge. This person found himself to be quite the contortionist in death.

A trip to the Venice Biennale aren't guaranteed to last of time, many of his artists have logged significant hours on major museum walls. Others, including a few of Tony's more obscure choices, have given good returns over the long term.

Heather's first taste of Tony's art came on their first date, in the fall of 2001, when they stopped at his house to pick up his car before heading to the opera. Passing some of the quirker selections, Heather recalls Tony remarking, "I don't know why it is, but I have artworks where the women have no heads." The next day, she sent him a note signed, "Woman with a head." They were married last year.

To keep themselves in pictures, Tony and Heather jet to art fairs and biennials from Sao Paolo to San Sebastian -- often just for the weekend. Theirs is a life led breathlessly, moving from airport to dinner party. The art is an extravagance that
