

# WHO Launches Digital Health Partnership With Europe

Analysis by [Dr. Joseph Mercola](#)

✓ Fact Checked

June 12, 2023

## STORY AT-A-GLANCE

- › June 5, 2023, the World Health Organization and the European Commission announced the launch of a digital health initiative in which the WHO will establish a global COVID-19 vaccination certification system based on the European Union's (EU) already existing Digital COVID Certificate
- › This vaccine passport system will be expanded into a Global Digital Health Certification Network (GDHCN) run by the WHO that will include "a wide range of digital products to deliver better health for all." The vaccine passport will also, in time, cover all recommended vaccinations
- › WHO members have approved a \$6.83 billion budget for the next two years, which will require a 20% hike in mandatory member fees
- › The budget increase is needed because the WHO is being set up as the sole decisionmaker over public health globally through the proposed pandemic treaty and International Health Regulation (IHR) amendments, each of which reinforces the WHO's authority and power through different avenues while erasing national sovereignty and human rights
- › Baked into the pandemic treaty we also have One Health, which perfectly dovetails with The Great Reset narrative. When you add the treaty, the IHR amendments and One Health together, it becomes clear that the WHO is being set up as the de facto power center of the deep state, and this One World Government will rule everything

June 5, 2023, the World Health Organization and the European Commission announced the launch of a “landmark digital health initiative to strengthen global health security.”<sup>1,2</sup>

As explained in the press release,<sup>3</sup> as of this month, the WHO will establish a global COVID-19 vaccination certification system based on the European Union’s (EU) already existing Digital COVID Certificate (EU DCC) to “help facilitate global mobility and protect citizens across the world from ongoing and future health threats.”

Eventually, this vaccine passport system will be expanded into a Global Digital Health Certification Network (GDHCN) run by the WHO that will include “a wide range of digital products to deliver better health for all.” The vaccine passport will also, in time, cover all recommended vaccinations, not just COVID-19.<sup>4</sup> The press release continues:<sup>5</sup>

*“This partnership will work to technically develop the WHO system with a staged approach to cover additional use cases, which may include, for example, the digitization of the International Certificate of Vaccination or Prophylaxis. Expanding such digital solutions will be essential to deliver better health for citizens across the globe.*

*This cooperation is based on the shared values and principles of transparency and openness, inclusiveness, accountability, data protection and privacy, security, scalability at a global level, and equity. The European Commission and WHO will work together to encourage maximum global uptake and participation.”*

## **Why Implement COVID Passport When Shots Don’t Work?**

As reported by The Daily Sceptic, the announcement raises many questions:<sup>6</sup>

*“Vaccine passports are controversial, even in the United Nations ... June 30th*

*2021 ... the UNESCO World Commission for the Ethics of Science and Technology and the UNESCO International Bioethics Committee released a joint statement warning that 'any COVID-19 certificate ... should account for scientific uncertainty regarding the degree of protection that specific vaccines, past infections and negative COVID-19 test results provide' ...*

*In light of these concerns, the UN agencies proposed that 'a research program should be developed to assess their impact on society and public health, and the risks they might bring.'*

*The new press release from the WHO and EU makes no mention of the progress of this research program, or whether it has been established at all. Is it not necessary to ascertain the effectiveness and cost-benefit profile of an intervention before rolling it out globally and making it permanent?*

*Given how leaky COVID vaccines are, and how short-lived any protection offered by them might be – some studies even show the vaccinated suffering higher infection rates than the unvaccinated – it's hard to imagine that vaccine passports delivered any real limitation of disease transmission.*

*But the WHO and EU don't appear to regard this as a relevant question to ask. Is that because they blindly assume they are beneficial, or because they have other reasons for wanting to roll out this restrictive technology globally?"*

The implementation of a vaccine passport system – which the WHO claimed it did not support when concerns were initially raised about it in 2021<sup>7</sup> – is a clear sign that the WHO fully expects to take the reins on global health, and that public health is not the primary incentive behind this power grab.

## **WHO Takeover Moves Full Speed Ahead**

Already, WHO members have approved a \$6.83 billion budget for the next two years

(2024 through 2025), which will require a 20% hike in mandatory member fees.<sup>8,9</sup>

“Strategic priorities” that will receive large chunks of this funding include:<sup>10</sup>

- Expanding universal health coverage to at least 1 billion people who do not currently have it
- Ensuring 1 billion more people are “better protected from health emergencies”
- Ensuring 1 billion more people can enjoy “better health and well-being”
- Developing more effective and efficient WHO support to member countries
- Eradicating polio (most likely through expanded vaccination programs)

That budget increase is also needed because the WHO is being set up as the sole decisionmaker over public health globally through the proposed **pandemic treaty** and **International Health Regulation (IHR) amendments**, each of which reinforces the WHO’s authority and power through different avenues while erasing national sovereignty and human rights.

If the WHO gets its way, it will no longer be a body that makes recommendations that countries can choose to follow. Rather, its “advice” will be akin to declarations of international law. Member states will be required to follow the WHO’s “recommendations” or face costly consequences.

Once the pandemic treaty and the IHR amendments are implemented, the WHO will have the authority to impose everything from climate lockdowns and border closures to mandatory vaccinations of all kinds. We’ve also warned that the WHO would implement a mandatory vaccine passport system for population control purposes, and with the announcement above, we can consider that a done deal.

The WHO will even have the authority to dictate what is truth and what is misinformation that must be censored. The WHO will essentially outlaw democracy worldwide because democracy cannot exist unless there is freedom of speech in public discourse.

Member states will have no choice but to censor what the WHO wants censored, because each country is also required to set up an enforcement agency to ensure the WHO's edicts are followed nationwide, and that includes censorship activities.

## Understand Where We're Headed

For a further review of the WHO's new Global Digital Health Certification Network, see John Campbell's video review above.

It's now beyond imperative that people understand where we're headed, and that the COVID measures weren't just responses to a given pandemic, but rather were the foundation for a totalitarian one world government where **human rights and freedoms will no longer exist**.

Indeed, the pandemic treaty redefines human rights as "health equity" and nothing else. The IHR amendments also eliminate individual rights and freedoms specifically. IHR Article 3 is being amended as follows (strikethroughs in the text indicate that the text is to be deleted, and the additions or revisions are underlined in bold):

*"The implementation of these Regulations shall be ~~with full respect for the dignity, human rights and fundamental freedoms of persons~~ **based on the principles of equity, inclusivity, coherence and in accordance with their common but differentiated responsibilities of the States Parties, taking into consideration their social and economic development.**"*

In other words, bodily autonomy and personal choice are being replaced by one-size-fits-all medicine that has no regard for human dignity, human rights or fundamental freedoms. The right to opinions that differ from the WHO's is also being removed on the national level.

IHR Article 2 is also being amended in such a way that the WHO will have the authority to take action on ANYTHING that has the "potential to impact public health,"

and this includes everything from climate and pollution to agricultural land use and the food industry, as specified under the **One Health** agenda,<sup>11,12</sup> which is baked into the pandemic treaty.

To understand what's at stake, please review the article-by-article compilation of the proposed IHR amendments,<sup>13</sup> [found here](#), and then compare that to the proposed treaty. A "Zero Draft" dated February 1, 2023, can be found [here](#).<sup>14</sup>

As explained by the WHO back in 2021, the treaty is the "framework that recognizes the central role of the IHR."<sup>15</sup> So, these two instruments are designed and intended to work as a unit, with the treaty giving recognition to the IHR, and the IHR amendments stripping nations of their sovereignty.

But that's not all. Baked into the pandemic treaty we also have One Health, which perfectly dovetails with **The Great Reset** narrative. When you add these three things together – the treaty, the IHR amendments and One Health – it becomes clear that the WHO is being set up as the de facto power center of the deep state, and this One World Government will rule everything.

## **Treaty Expands WHO's Power Beyond Pandemics**

As illustrated in the graphic<sup>16</sup> below, the One Health agenda is based on the premise that a broad range of aspects of life and the environment have the potential to impact human health.

In addition to the life segments listed on this graph, the scope of One Health, according to a One Health Commission document,<sup>17</sup> also includes communications, economics, civil society, global trade, commerce and security, public policy and regulation, research, noncommunicable diseases and much more.

Under the new treaty, the WHO will have unilateral power to make decisions about all of these areas, and its dictates will supersede and overrule any and all local, state and federal laws. In short, if the pandemic treaty is enacted, the WHO will not merely have the authority to dictate how countries prepare for and respond to pandemic threats: It will have the authority to dictate every aspect of our lives.

The WHO, in turn, is beholden to and does what its funders want, and the largest

funder is Bill Gates (when you add together all his various donation sources). Gates, of course, is invested in all primary Great Reset necessities, including fake food, drugs, vaccines, surveillance and climate modification technologies.

## **One Health Is the Subversion of Holistic Health**

As noted by David Bell, a senior scholar at Brownstone Institute, a public health physician and former medical officer and scientist at the WHO, the One Health agenda is really the subversion of the age-old holistic concept of health:<sup>18</sup>

*“Ill health is a lever for fear, and death even more so, especially to those who believe that we are simply organic constructs that end in dust and decay. A cult feeding off these fears, holding that the entire biosphere is threatening us with diseases and death, would therefore have real potential for mass control.*

*Convince followers that humans are the poison that made this world so destructive, and you will also have a means to stoke hate against non-believers whilst adding guilt to the tools for compliance.*

*A cult based on fear of the world and the people who poisoned it, dressed up in philanthropy and virtue, has risen amongst us. Co-opting One Health terminology, it is now funded by the spoils of COVID, and empowered by technology that can take this medieval witch-hunting sect global.*

*The environment, everywhere, should be managed and protected for human benefit – physical, mental, and social. The One Health concept, centered in such common sense, was once no more than this. It is a rational way to express an age-old principle ... Sanitation and improved nutrition will save more lives than the next round of profiteering brought to us by Pfizer.*

*However ... One Health has been hijacked by self-proclaimed philanthropists*

*... One Health is being corrupted in two ways, but for the same ends and by much the same people. Understanding one tells us about the people we are dealing with, the other reveals their motives."*

## **The One Health Ideology Is Anti-Human**

As explained by Bell, One Health is an ideology that places human life and welfare on par with all other life, including plants and animals. This means that your life, and the lives of your children, are no more important than the lives of polar bears, trees, waterways and soil.

If your actions cause ecological harm, and the polar bear doesn't, then you are the one who must be eliminated from the equation. That's really the crux of this ideology. It's not pro-environment but, rather, anti-human at its core.

*"Within this 'equitable' worldview, humans become a pollutant," Bell writes.<sup>19</sup>*

*"Ever-growing human populations have driven other species to extinction through environmental change, from the megafauna of ancient Australasia to the plummeting insect populations of modern Europe.*

*Humans become a plague upon the earth, and their restriction, impoverishment and death may therefore be justified for a greater good.*

*It is difficult for people to grasp that this is a guiding ideology of public figures, as it runs counter to most human moral systems or Natural Law ... We must understand the ideology driving this movement, as they intend for us to follow their dictates, and they intend to indoctrinate our children."*

## **Expose the Barren Ideology of One Health**

One Health is also designed to control the masses through fear. We're constantly

bombarded with predictions of doom and told we must be protected for our own good.

*“Expanding this approach from a single virus to any aspect of the biosphere impacting human well-being, such as climate, provides an opportunity to use this totalitarian tool of population control to reshape society to the model that the purveyors of fear desire,” Bell notes, adding:*

*“Through amendments to the International Health Regulations (IHR) and a new ‘pandemic treaty,’ the WHO is coupling this broad definition of One Health with a definition of ‘emergency’ that simply requires recognition of a threat rather than actual harm.*

*When applied to the WHO’s broad definition of health, ‘physical, mental and social well-being,’ almost all aspects of normal life could be included in its scope. Addressed through a proscriptive public health paradigm that encompasses global mandates, restrictions and censorship, and those running this agenda have an opportunity for unprecedented power ...*

*[In] 2019, the WHO stated in its recommendations for pandemic influenza that border closures, quarantine, and prolonged business closures should never be undertaken in response to a pandemic. These measures would drive inequality and disproportionately harm low-income people, destroying both economies and social capital.*

*In 2020, refocusing priorities on a new constituency, the WHO promoted these same inequitable policies. The evidence did not change, but the constituency did. Wealthy people and corporations had become significant directive funders of WHO programs. Those who benefit from improved nutrition and sanitation cannot fund the WHO’s growing staff, but those profiting from the largesse of the COVID response can ...*

*Evil is not defeated by hiding from it. It is fought by exposing the ideology that drives it, the greed, the lies, and the deceit ... In the end, mad ideologues collapse under the weight of their own deceit and the shallowness of their dogmas.*

*The earth-mother religion of a corrupted One Health and the feudalist ambitions of its priests will be no different. We should not fear public health or a holistic view of the world. They are ours and can be a force for good. Rather, we should expose the hollowness of the people who would subvert them, driven by their own greed and barren ideologies."*

## **We're Running Out of Time**

Importantly, as noted by comedian Jimmy Dore in the featured video above, the pandemic treaty is not something that member nations must opt into. It's an opt-out proposition. If a nation fails to opt out before the deadline, they automatically accept the treaty.

Based on the current timeline, the World Health Assembly (WHA) will vote on the pandemic treaty in May 2024, and it will take force 30 days later. That gives us just under a year and a half to get the U.S. to either opt out, or better yet, exit the WHO altogether.

The IHR amendments will also be voted on in May 2024. The 10-month deadline for member states to reject the amendments will expire in March 2025, and the amendments will come into force for any nation that did not reject them in May 2025. For any member that rejects the amendments, the 2005 IHR will apply.

Strangely enough, some of the IHR amendments have been adopted already. As reported by author and researcher James Roguski,<sup>20</sup> they were adopted during the 75th World Health Assembly, May 27, 2022, even though nothing was signed. This is yet another testament to the rampant lawlessness and subversive tactics we're

dealing with.

Disturbingly, many Americans aren't even aware that the U.S. government is about to relinquish our national sovereignty and everyone's personal bodily autonomy to the WHO<sup>21</sup> because mainstream media aren't talking about it.

So, please, share this and any other articles you find on this subject with everyone you know, and continue to educate yourself. By far, these are the greatest threats to freedom the world has ever seen, and the risks apply evenly to everyone, no matter where you live.

## **Fact Checkers Take Advantage of Confusion**

Keep in mind that while the IHR amendments and treaty address different areas of the WHO's new power structure, they will work together to massively empower the WHO once both come into force. Also be aware that since the global takeover is happening on several fronts at the same time, it's easy to get confused on the details, and this confusion can easily become fodder for fact checkers. As reported by The Defender:<sup>22</sup>

*"The AP recently 'fact-checked' claims that the pandemic treaty endangers national sovereignty. According to the AP, it 'does not overrule any nation's ability to pass individual pandemic-related policies' and 'does not overrule any nations' individual health or domestic policies.' There would be 'effectively no legal consequences for signatories who fail to adhere to it or violate its terms.'*

*The AP 'fact-check' doesn't mention the proposed IHR amendments. [Author and researcher James] Roguski cited this as an example of the frequent conflation of the pandemic treaty and the IHR amendments. He said language eroding national sovereignty is not found in the pandemic treaty – but is found in the IHR amendments.*

*‘Everyone’s paying attention to the treaty,’ Roguski said. ‘They’re completely and totally cross-pollinating the details that are in the amendments, attributing them to the treaty, and getting ‘fact-checked’ to high heaven.’*

## **Call on Congress to Withdraw US From the WHO**

While the U.S. House and Senate have introduced identical bills to thwart the WHO’s power grab through the proposed pandemic treaty, that still might not protect us, because the treaty is specifically written to circumvent the Senate-approval process.<sup>23</sup>

A far more effective strategy would be for Congress to withhold its annual contributions to the WHO, and then withdraw the U.S. from the WHO altogether. I believe it may be worth supporting all these strategies. So, please, contact your representatives and urge them to:

- Support the No WHO Pandemic Preparedness Treaty Without Senate Approval Act<sup>24,25,26,27,28</sup>
- Withhold funding for the WHO
- Support U.S. withdrawal from the WHO

We also need to protect our nation against the IHR amendments. To that end, the World Council for Health has launched a global #StopTheWHO campaign. Here’s how you can get involved:<sup>29</sup>

**Speak** — Raise awareness on the ground and online. Use articles, posters, videos

---

**Act** — Campaign through rallies, political mobilization, legal notices and cases and similar campaigns

---

**Collaborate** with health freedom coalitions such as the World Council for Health

---

Explore activist toolboxes such as the [World Council for Health Stop the Who](#)

Engage global indigenous leadership to take a united stand against the WHO's IHR

---

Activate people's parliaments, legislatures or referendums to oppose the amendments

---

**oldbiker562**

Pay no attention to the unelected UN WHO , WEF CDC etc , just live your lives don't comply. I here by declare as a Canadian with the bill of rights as well as the charter of rights and medical rights that WHO has no authority over me whatsoever no matter who signs what, and I will not comply, even if this requires a fight to the death!

Posted On 06/12/2023

## **otis101**

Thanks old biker for pointing out the path to follow. Don't comply and if you are, Stop complying and start resisting. Thomas Paine said, many years ago: "If there must be trouble, let it be in my day, that my child may have peace." We are in the midst of very serious trouble and now is not the time to expect others to fight the fight while one does nothing. If you do nothing your children will not have peace. Be prepared to fight to the death, as you, old biker are saying. Silence is Consent.

PARLIAMENT IS PLAYING CATCH UP ON THE WHO TREATY NEGOTIATIONS. EXPANSIONIST AMBITIONS UNVEILED IN PLAIN SIGHT “If adopted in full, those two draft agreements will transform the WHO from an international health advisory body of recently chequered history into a supranational authority with powers to order lockdowns, mandatory testing, travel restrictions and vaccinations at national and regional levels during a public health emergency of its own declaring. Among other new powers the organisation will acquire control over the allocation of medical resources between its member states; it will mandate minimum levels of public spending on pandemic preparedness and response (the current proposal is to require an eye-watering 5% of national health budgets plus a yet-to-be-specified percentage of GDP); and it will expand its censorship activities by “strengthen[ing] capacities to counter misinformation and disinformation”.

Put simply, an astonishing land-grab of national sovereignty and autonomy. The idea to supercharge the WHO was the brainchild of Boris Johnson, among other esteemed world leaders of the pandemic era; while one hand tooketh back control the other was giving it away, so the UK Government has played a visible and supportive role in the negotiations to date.

Then, two weeks ago, responding to concerns raised by a group of back-bench Conservative party MPs, Andrew Mitchell, the junior Foreign Office minister, delivered an ostensibly robust yet curiously ambiguous reaction to The Telegraph: “We’re clear that we would never agree to anything that crosses our points of principle on sovereignty or prevents the UK from taking decisive action against future pandemics”. We’ll fight them on the beaches if they cross our, erm, points of principle.” [usforthem2020.substack.com/p/parliament-is-playing-catch-up-on?utm\\_sou..](https://usforthem2020.substack.com/p/parliament-is-playing-catch-up-on?utm_sou..)

## **caws**

So our illustrious leaders [USA / Biden] are signing us up for this with no input from the people or Congress by Executive Order? I don't think so. If he does it cannot Constitutionally stand. Also hate to tell you Jimmy but the biggest contributors to the WHO are the Chinese and Bill Gates; Schwab is just the facilitator along with his little minion Yuval Harrari.

The real question is WHO is the WHO? And what right do they have to override sovereignty and dictate how I should manage my health? As long as I can still vote in elections, I will refuse to authorise my government to tell me how to live even if they try to make it a crime to refuse! I will go out on the streets to protest, along with the billions of other people who will likely do the same.

## Bigfletch

Don't you think they know that and have taken it into consideration? The next false flag is the BIG ONE..and that's the bogus alien invasion which has been in their agenda for many years. This would have been seen as laughable a couple of decades ago, but have you noticed how certain " incidents" have been covered in the arbiters of truth and transparency aka the mainstream media. Did you know Dr Gary Nolan, supposed alien abductee .. Stanford professor..is best friends with Dr FowlChi...? He is being used to legitimise this greatest of all cons....together with a well know elec. car innovator with one of many sidelines being brain transplants/ transhumanism. What a versatile chap!!!

Robert F. Kennedy Jr., president and founder of CHD, urged the public to sign a petition against the imminent takeover of WHO through the IHR amendment and the closely related Pandemic Treaty, which seeks to seize power and dominance in all health matters over and above the sovereignty of its 194 member states. Despite the catastrophic public health failures during C-19, the WHO has been negotiating the new rules to deal with pandemics with a May 2024 deadline for a legally binding agreement to be adopted by the UN and countries. members. The new pact is a priority for the director general of the WHO, Kennedy CHD's #TheGreatFreeset campaign provides an opportunity to resist the centralization of power by international organizations such as the WHO and the initiative of the World Economic Forum.

It is an opportunity to disrupt the WHO's ongoing plans for global consolidation of power. "The world we will leave our children depends on us rejecting the global governance agenda of the WHO. We cannot overstate the importance of resisting this final consolidation of power in a few sinister hands with no concern for our health or best interests," the campaign description read. (Related: The Most Dangerous International Treaty Ever Proposed.) The WHO aims to implement changes to the IHR through confidential negotiations by the largely anonymous "Working Group on Amendments to the International Health Regulations." The IHR changes would give Ghebreyesus the authority to control which countermeasures the world would be allowed to use during a pandemic.

Watch the video below where Brannon Howse talks about the WHO amendments that are proposed to steal America's sovereignty. ## Bigfletch

BrianA..It is important to recognise those who are creating the current events have a very good understanding of group psychology. I wore a mask because if not, I would get workers in the supermarket in trouble, and being a 6' 5" power athlete, things may have escalated. Yes, I knew it was a scam including the mask factor. I had just opened a gym before it hit and told the members they didn't need to wear one while there. Even though I explained to them about hypoxia and the dangers of exercising while wearing one, many insisted and saw me as a "conspiracy theorist". One of the factors behind 9/11 was to identify the depth of cognitive dissonance amongst the public.

Obviously the levels were met, ready for the next step. This is still happening, but another "virus" would not be nearly as effective. Again they know that....I've known for decades the false alien invasion strategy, even before the Reagan reference. And now of course, there is an acceleration regarding UFOs "disclosure". All ties in.

## WillieBe

Those of you talking about face mask requirements forget one thing. The global elite and celebrities LOVED the mask movement. They pushed the masks on everyone because it gave them the freedom to move among us, without being recognized. I bet that if you dig deep, you will find that many of them had financial ties to all of those mass mask production facilities that seemed to pop up overnight.

## brianallen1

Fletch, I understand and agree with you. My whole point has always been that if people can't stand up to tyranny in the smallest way (masking) they won't defy it in the biggest ways. People talk real big and act real small. I never have donned mask and never will. It doesn't make me better than anyone else. However, it does take quite a lot of nerve and gumption to be the only one in the grocery store every visit. Interestingly, people would want to fight me in the parking lot but the cashiers treated me wonderfully. Maybe I was their only semblance of normalcy at the time. Every single person who did not comply REALLY mattered and made a difference. If you paid attention, when just a certain amount of people were maskless, many more followed. The same goes for the armed people who say they can "have my gun when they pry it from my cold, dead hands." We'll see how that works out when they have 8-12 jack booted thugs holding them at gunpoint at their home.

## ElizabethHope

Has anyone renewed their U.S. Passport recently?? I just received my new passport in the mail. 1st Page inside is HARD PLASTIC! It has a black & white hologram of my picture. On the opposite page (made of paper) is the color version of my photo. I've never seen that in my life! This shiny hard plastic 1st page looks like it is meant to carry encrypted data!! The rest of the pages are made of paper like a regular passport would have. Now I see this article about the WHO. We have to PRAY as a community to stop them! East Germans did by weekly prayer meetings for peace in Leipzig Cathedral. Then the fall of communism occurred without bloodshed in East Germany - 1st with the fall of the Berlin Wall, & then the rest of the Soviet bloc followed.

TV Travel Show Host Rick Steves shared that tidbit of information on his 30-minute episode about Leipzig & Dresden, Germany (free to watch online). Everyone, please watch the movie "War Room" - it's about creating a PRAYER CLOSET of your own. We're not fighting "against flesh & blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." We need to elect a President who will pull us out of the WHO. We need to elect legislators - US Representatives & US Senators - who will defund the WHO!

**WE NEED TO SPREAD THE WORD!!!** Ask people to look at their new passport if they doubt this proposed plan. Let's make a personal Vision Board with words & images of a Free & Honest Democracy with Medical Freedom! Remember the Canadian Truckers? They held peaceful protests with love & joy in Canada's capital city. They immobilized delivery of goods across the border to the US, thereby striking fear of copycat trucker protests around the world. **THAT'S WHY** the Mask Mandates were repealed nationwide & worldwide! Now everyone realizes that masks aren't necessary & **NATURAL IMMUNITY WORKS!** Canadian Truckers used what they had with faith & courage! Let's do the same!!

## rrealrose

Yes? Don't put your N95 mask too far away...we finally had a valid reason to wear masks outside due to way excessive wildfire smoke, yet mainstream media took 3 days to make that suggestion, after worst polluted air had already passed over east coast. Next generations seem to have a critical thinking/experience gap, as joggers and bikers were out in ridiculously bad air.- - - - -  
Forgot to add that when my renewed drivers license arrived by mail last year, the new version came with bold type placed above my dl number that reads: Not for "REAL ID" Purposes.

Stared at that for a while. That WEF graduates have infiltrated many aspects of state and federal govt., as have the WHO's agenda and push for digital identification as currently used by the CCP's Chinese govt, ongoing for nearly a decade. Most people are unaware that the WEF holds (2) meetings each year, the one we hear about in Davos Switzerland, the second alternates between five or six Chinese cities. Read up on how China uses their digital id system tagged to assigned cell phone number (for life), and now intertwined with their social credit system.

## Dordee

I traveled when I was young, in the 70's when you were free to explore a country safely. No longer care to, cannot meet, exchange ideas with the "real" people of a country. Fear of crime, governments has erased my desire to leave home. Enough fear mongers here! When i was an art student in Mexico, I roamed the country on foot, in 3rd class bus for a peso with chickens, burros, rented a hammock on the beach for a peso, had fresh fish cooked on the beach for a peso and never worried about anything.Maybe because I knew the local witch doctor and had his protection. I would never try that today so why travel, I have my memories of living among real people, not fancy resorts isolated from the real country and it's people.

God says to STAND, PRAY, BELIEVE. He is our hope! No weapon formed against us shall prosper. By His blood we are saved. In His time, he will save our nation and the world. It is not time yet for the tribulations. All evil deeds and plans against us will be revealed. We must know what those partnering with darkness are planning to do so that when we are saved from it, the whole world will know that God is not dead and that He is sovereign over all! John 16:33 "I have told you these things, so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world."

## **BILLANDLAURENVERIZON.NET**

We have been under many tribulations since Jesus ascended to heaven. The Great Tribulation is identified as the Dark ages when the papacy ruled over kings and all with no opposition. I agree with you that we must trust God to take care of this world as He sees fit. His judgments are falling on all those who hate the truth and they are being given over to their reprobate minds, to do evil and be condemned. 2Thessalonians 2. The Protestant Reformation brought the gospel back to people when the world was very dark, with no truth, and only a small remnant remained faithful to CHRIST.

Not saying things won't devolve horribly but really the next event is Armageddon and we have no idea of the timing. It is future and many things have passed in history now. Revelation is the prophetic history of the church and not just for some few last days.....it covers the entire age since the book of Acts...study the historic interpretation of Revelation prophecy which is the Truth. Read Rev 1.....these things which are shortly come to pass.

ACTUALLY it's not the WHO that is the real threat.. It Will be a Resurrected Roman Empire system based in Europe with a revived and revitalized Germany as it's Head. This is so part of Bible prophecy. Though it will appear to be a force for good at first as it will bring the world out of an economic depression and bring prosperity to the entire planet, it's altruistic endeavors will be short-lived as it's real goal is world domination just like the original Roman Empire is always was, but even worse is that the true goal of the demonic Powers behind this Empire there's nothing less than human extinction of All humans from the planet. This is Satan's Empire and it has been a resurrected six times in the past in Bible prophecy shows that the 7th and final Resurrection will be the worst one, the one that will plunge the world into what Jesus called the Great tribulation which will be so horrific that will take his second coming to stop it.

This is when the so-called battle of Armageddon happens, which there is no such thing in the Bible. They simply gather at Armageddon (Har-Megiddo) to fight what would become the final battle and the extinction of mankind, but Jesus will return when humans least expect it at that very juncture to put it into the war that would have ended that only mankind but whole life from off planet Earth.

Pretty rich, the very sector of Society who have spent thousands of years herding, concentrating ever larger populations into their Control Systems. Systems dedicated to dictate one way or another their Anti-Life agendas, strip as much life as possible out of a region leaving desolate deserts only to move on to continue the same. All while blocking as many healthy human structures, cultures engaged in Life Supporting Lifestyles for not only themselves, but also for the Pillars of Life. This agenda is just the cherry on the top of their long-time goals of what they believe is their Devine Right to have complete total control over all and everything.

Real tools are available for us, the 99%, & those on the frontlines know full well those efforts are attacked, maligned, prevented in too many ways to list. As for what they promote as Health, life saving measures, get a load of this. Ten year old girl cuts herself, wants to kill herself & this what the WEF/Who/Gates promote as 'healthcare.'

[www.msn.com/en-us/health/medical/my-10-year-old-daughter-wants-to-be-d..](http://www.msn.com/en-us/health/medical/my-10-year-old-daughter-wants-to-be-d..) Any questions as to why the depression? The mental illness? Violence? The parents sound much like those educated in the maintenance structure for the Predator Machine.

They like most, are no longer parents, the child is dictating to the mom & dad, the Mental Health are Defacto parents of the parents. With the loss of actual, real, social bonding? The child is rudderless & down the road may well end up being one of the statistics. But hey, the WEF/WHO/Gates are here to save us from the kid, if they can get their way, eh? Back in the day, at ten, if displaying such behavior, I would have received a kick in the @\$ to get my attention, giving more chores at home, then shipped off to the family farms to shovel manure, so as not to pile it up at home. Just Sayn

Terrible MSM, JUST. yes, the future of children will be depressing if people do not fight against the tyranny of the WEF, Gates and his WHO, who follow in the footsteps of Rockefeller's medical practice with an increasingly fascist structure. The WHO will not stop until every person is microchipped and tracked down like cattle. The current version of the IHR already allows the WHO to issue recommendations to "review proof of vaccination," "require vaccination," and "implement contact tracing of suspected or affected persons." The amendments expand on that by giving the WHO even more power to control world affairs during a "health emergency." The globalist elite may consider themselves saviors but the reality is that they are villains, psychopaths with instincts for crime-based power." The New World Order seeks a society to the taste of those who rule, with economic and selfish objectives that would destroy the person, the family and society.

Today, contributions from member states to WHO are capped and represent only 16% of the budget. 84% of the money comes from Today, the contributions of member states to the WHO are capped and represent only 16% of the budget. 84% of the money comes from private entities, the main ones being the Bill & Melinda Gates Foundation and GAVI who together contributed ~\$1.2 million to the budget, making them the second largest financier of WHO.

In addition, Bill Gates invests in other entities that give money to the WHO, such as the Covid-19 Solidarity Fund which received ~\$55 million from BMGF and GAVI. The Bill & Melinda Gates Foundation has funded both BioNTech and Moderna and has profited from these companies as their poisonous products were forced, through WHO policies, on billions of people around the world. [sashalatypova.substack.com/p/when-a-philanthropist-gifts-you-a?utm\\_sou..](https://sashalatypova.substack.com/p/when-a-philanthropist-gifts-you-a?utm_sou..) (10/06/2023)

Consider that the WHO constitutes a great threat to the US and the entire world. The governance of the WHO constitutes an unprecedented fascism. 194 unelected puppets from all our countries, pretending to represent us, keep preparing to erase our rights. The personal well-being and freedoms represented by a WHO that will be able to translate its new unchecked and unaccountable authority into the opportunity to dictate the personal health care of Americans and all of humanity demands immediate action by Congress. . Lawmakers should use the leverage arising from the Biden administration's insistence on raising the debt ceiling to force the president to withdraw from the WHO now.

The World Health Organization's pandemic treaty and amendments to the International Health Regulations threaten personal medical sovereignty, including the doctor-patient relationship, medical freedom and personal autonomy, experts told The Defender. "These instruments would inject themselves and interrupt the doctor-patient relationship," said attorney Reggie Littlejohn. "The WHO will be saying what treatments are the correct' ones and what treatments are the incorrect' ones, and that is an abrogation of sovereignty." "An unelected bunch of foreign bureaucrats should not be telling the U.S. or any other country how to handle our health issues." According to Dr. David Bell, former director of global health technologies at Intellectual Ventures Global Good Fund: "It's exactly what we saw in COVID, where for the first time that I'm aware of, governments banned perfectly safe medications.

"It's not the first time we've had vaccine mandates, but it's the first time we had an essentially population-wide mandate, and it's the first time that we have seen safe medicines being banned, doctors prohibited from doing what they may consider best for the patient."

[childrenshealthdefense.org/defender/who-proposals-doctor-patient-threa..](https://childrenshealthdefense.org/defender/who-proposals-doctor-patient-threa..) (05/15/23)

Gui, if not for Doc and a few others, who would know this massive monster is underfoot? The silence is so deafening, you can't even hear crickets. The crickets have probably died of Censorship and now no one is to know that either.

## **Guillermou**

Very sure. Just, fear is the weapon to fight against dissidents, those who do not believe in the tyrants of the WEB, the WHO and all the structures of the deep state. The WHO wrapped up its 76th World Health Assembly (WHA) event last week, and a major point of discussion was the upcoming "covid," which Director-General Tedros Adhanom Ghebreyesus warned was coming soon. The WHO is preparing its so-called "Pandemic Treaty" in preparation for the next global "health emergency", which Ghebreyesus told members will likely be "another emerging pathogen with even deadlier potential." This "last pandemic", as they call it, claims to be the pandemic to end all pandemics.

In other words, this is the ending that the WHO and its partners intend to implement for the coming year, which they intend to be the catalyst for the totalitarian new world order they have planned after the current order is finally demolished. Will they succeed? is the question. Will the totalitarian world of the globalists succeed, or will something unexpected happen to topple the globalists' plans and take the world down a different path?

We have to fight the disaster, the situation has never been so serious and the future of all of us is threatened. People must defend nature and the fruits on which it feeds must be put at their service. The man of spirit feels permanent indignation against injustice and directs his love towards the earth and his fellow men, especially towards his children. In the human community it is necessary to create a home that arises from his participation in the joys and sufferings of his fellow men. [www.uncoverdc.com/2023/06/06/pandemic-treaty-one-step-closer-to-contro..](http://www.uncoverdc.com/2023/06/06/pandemic-treaty-one-step-closer-to-contro..)

Gui, in general, the General Public has proven itself to be more than willing to go the extra step, the extra mile to participate in endeavors to repair, renew, renovate out of old destructive ways. Yet one of the biggest monsters we find ourselves doing battle without end is, take the graphic showing how all is interconnected, we are One Life. The Predator\$ Machine knows a big enough sector of the general population understands in not only great detail but in practice what a Real Solution is. While the favored tactic is for the Para\$ite\$ to create a problem to then offer what amounts to a non-solution, benefiting them at our expense.

What make things even harder yet, if the Machine can't censor our message out of existence, the Graphic Shows how they can take important truthful message, movement and have time after time use them to also shift things into their destructive designs to yet again offer non-solutions, benefitting them at our expense. To break their heavy influence and control of narratives would go a long way towards sanity. To hold ground on our healthy message and own it despite their skullduggery would give more energy, more muscle to move forward without having to reinvent the wheel yet again. Vandana Shiva is calling for us to reclaim, to hold our definition of Biodynamic Regenerative Agriculture.

Same applies to pursuing our abilities to protect such from the malignant initiatives of the Predator Para\$ite\$. Their Worldwide Health Agenda does not remotely resemble healthy health initiatives. A true healthcare system would provide prevention first, cure if possible than relief if nothing else works. Those in the medical system need to make a living without having to bend to dictates putting profit\$, Power and Control over all, and leaving anything challenging \$afe & Effective and no Liability, anything goes as long as it can be gotten away with behind.

Posted On 06/12/2023

Very true Just, censorship is the powerful weapon of cowards and psychopaths who want to dominate the world while sharing power and money. A record increase of \$6.83 billion in the WHO budget for 2024-2025 was approved to combat "pandemics fueled by climate change" and "emergencies of all kinds" during the 76th. Health Assembly (WHA) in Switzerland. Dr. David Bell, a public health physician, biotechnology consultant and former director of Global Health Technologies at Intellectual Ventures Global Good Fund, said the approval of more funding "shows that global health as a discipline has completely lost its way and has been absorbed by people interested in making profits" According to freelance journalist James Roguski, the WHO spent twice as much on salaries (\$1.164 billion) as on medical supplies and materials in 2022, which accounted for just 13 percent of spending.

In addition to the increased contribution from member states, the WHO is also implementing the "replenishment mechanism" to raise even more funds from private actors. It will increase the predictability of WHO funding by encouraging multi-year commitments. It will also attract new donors and "enhance political support for full funding of the base segment of the WHO program budget through a year-long inclusive engagement process culminating in a high-visibility funding event." He also denounced "anti-vaxxers" for the WHO's failure to 100 percent implement Wuhan's coronavirus (COVID-19) and diphtheria, tetanus, and pertussis (DPT) vaccination campaigns.

Watch the video below where WHO officials discuss writing a new chapter in global health history that would include vaccine passports and digital health certificates.

## Dordee

And not just Mom, Dad but my grandparents, uncles and aunts. Mostly my punishment wasn't a hit, but loss of privileges, like my dog couldn't sleep on my bed but had to stay in the basement. I caused his suffering and that hurt me more than any spanking. Mom always got her point across with an hour long lecture. Manly a time I would have welcomed a slap, even being hit in with a board to her lectures. Father took my car keys when I left them in the car sitting in the driveway. Let me sweat blood for 2 weeks, get duplicate keys, then threw them at me and said, don't leave the keys in the car.

I never did that again! Today, kids are given video games to keep them quiet and the games teach them. My parents and I did things together, kids played in the yard. I recently saw a child throw a tantrum at the grocery store because Mom would not get her what she wanted. Mother told the checker she was sorry, took the child by the hand and left the store, spanked her in public. Everyone in the store applauded Mom. That was very refreshing!

Sounds like the UN is all in, suggesting a study be done to monitor how covid vaccines affect people's health. I think we already are very aware of just what they do, and a study implemented by anyone within or connected to the WHO would just be bought and paid for, resulting in manipulated and skewed "findings." Just take a good look around at how people and their health have declined with these clot shots. The US is awful for helping people. We are supposed to be a developed nation, and we are sicker and unhealthier as a whole than we were 50 years ago, yet drug companies' profits are off the charts. Any collaboration with the WHO will be of no benefit to citizens. Make your rejection of the upcoming control over your bodily autonomy known.

Posted On 06/12/2023

## wareagle82

It's always fascinating how self-important bodies always couch their ideas in high-minded but completely misleading language. What is "global health security" in the first place, and how would this massive intrusion into people's lives strengthen it? It is not the WHO's job to 'facilitate global mobility' or anything remotely related to the legal comings and goings of people around the world. And it is a massive insult to our collective intelligence to have this latest scheme passed off as benefitting "openness, transparency, and accountability" in any way. If the first two things were accurate, then we would not have had the massive silencing campaign of those who dared to question the Covidian high priests.

And the third item is a lie on its face. If accountability existed, then this organization should be closer to shutting its doors after its pitiful performance during the pandemic instead of working to expand its purview. But as best I can tell, not a single person whose actions contributed to mass harm against people has faced the slightest consequence and it's more likely than not that any ever will. This is a grab for cash and power, and nothing more. Anyone unwilling or unable to see that is a menace to society and a threat to individual privacy and safety. Then again, much of society is captive to the nonsensical belief that "men can get pregnant." Once there are people who believe that 2+2 no longer equals 4, there is no end to what is possible.

Well, when all you have coming out of public schools is alarmist ideologies, expect nothing less than brainwashed activist graduating from these institutions. My mother and her sister were both math teachers. I can remember both of them complaining about parents NEVER showing up to school board meetings! Now, concerned parents get arrested and called terrorist for coming to these meetings and complaining about their children being taught CRT, woke-ism, and sexual identity. It's going to get worse before it gets any better. I doubt that I'll live to see the day when we come out of this.

## dso9183

[www.youtube.com/watch](https://www.youtube.com/watch) I believe the above video says it all. Bush Senior boldly told Americans in 1991 that a New World Order would happen, and Bush Junior set the stage for the diabolical scheme by orchestrating mass killings in the Middle East (genocide), mass surveillance, endless war, new government agencies that encroach on citizens' rights (e.g., DHS, TSA), etc. Naturally, as many of us know, now Biden is metaphorically ready to hand our nation over to evil players in the WEF. Until Americans can recognize that what is taking place today is not a liberal takeover but instead a longstanding, well-planned con devised by "elite" operatives (and these operatives own both political parties), then "We the People" will remain divided and our freedom will be signed away.

In response to this: 1. Public Health has therefore become a commodity with all that implies including a moral waste-land. 2. What can we do about it at the grass roots level? We already know most of the above and the writing has been on the wall since 2020 and the first lockdowns. (Actually 2019 when Covid was unleashed.) Resistance is never futile when it stems from integrity and a deep spiritual (not religious) awareness. We must be the change we want to see...

## Almond

We are at war. It is both a material war and a spiritual war. Prepare accordingly. Anticipate both shortages and restricted access to certain services. If you want to be healthy, take responsibility for your own health/prevention. If you want to start a revolution, produce your own healthy food and water. (This is contrary to the status quo.) Reusable canning lids, too. If you believe in the family, raise your children well. Hold schools accountable or home school. Stock a decent home library--books are often avail free from many sources. Become familiar with defense, etc.. (So much I cannot mention in detail.) Learn to recycle, repurpose, make it yourself, make do, do without.

Provide for yourself, build networks and strong grassroots communities. Consider your talents and ability to contribute; adopt a community project or start one. This may be easier done in small cohesive rural areas, but much can still be accomplished by motivated individuals in inner cities. If you have a strong constitutionalist sheriff, work with him, esp. if he is the sort to train and raise a posse. If not, work to elect one who is. Take one step at a time as each opportunity presents itself or can be arranged over time. Continue to grow and expand. Keep moving ahead and refuse to let others hold you back by their negativity. Establish your own stability and reach out to others.

-But understand triage is necessary for those who will not help themselves when given the opportunity. Teach your skills to others. One-on-one, with hands-on experience, can be very productive if each person goes on to teach another. Further, know your community and also the local geography of your area--mapping and (natural) resources. Who are the key individuals with knowledge/skills, leadership ability and experience? The people who stand out and are dependable in a crisis may not be the same ones in charge in day-to-day life. Do not expect the cavalry to come riding in to save your sorry azz if you do nothing

### Lee1959

Excellent advice, Almond. I am in a txt thread with 9 neighborhood women. I reached out to them cuz we are going out of town for a week and need help with our quail, cats, chickens, and black Australorp chicks that will be hatching. We only need help every other day and are working on making it as ez as possible. They payment would be quite a few free eggs and quail eggs. Only two responded. All these women love getting my free, multi-colored, fresh, free range, absolutely delicious eggs but don't want to help out (except the two). Do you know how many times I have helped my neighbors with their cats, dogs, pigs, horses? I know I am complaining . . . it pizzes me off. No more free eggs except for the ones who help out. I won't even sell them to these women.

So what are they trying to tell us? That conspiracies aren't necessarily just theories after all?

Interesting factoid: Bill Gates' parents, like him, were also entitled banking heirs. They were both leaders in Seattle of both Planned Parenthood and the American Eugenics Society. Of course, since their inherited wealth assured them of their superiority uber alles. They were involved in the AES from the 1920's to the 1950's - including those pesky years in the middle when the leader of the Third Reich, Adolf Hitler, wrote a letter of commendation to the AES thanking them for their great ideas on how to rid the world of "unwanted populations".

So being a "conspiracy theorist" I naturally wondered, when IBM, the organization behind the great efficiency with which the \*\*\* killed the Jews (it's said they never could have reached the numbers they did without the help of IBM) backed Gates, the nerdy do--nothing 20-something limited intellect on his path to billionaire. Then I started watching Gates on You Tube. I listened as he talked endlessly about just two subjects: population control (sounds better than eugenics after Hitler ruined it for them) and epidemics. In one he talked about some kind of chip tattoo inserted into the entire population to determine their health, to be executed by none other than IBM.

- No surprise there because it's certainly his business, being a high school grad and a computer nerd whose never done anything that didn't garner him additional wealth. And I also heard him giggle when reminded that using a phrase such as "vaccines will be the final solution" might not be in the best taste. Is his Dad still alive? He must be bursting with pride - his ignorant psychopath of a son is about to become the World Fuhrer and maybe this time the rot can last 1000 years as the Third Reich wanted. The question is, will the human race be able to outlast this evil, this total global suicidal insanity?

## Dordee

In the end, Hitler was his own undoing. Gates may very well end the same, he and his cronies, as none of them will be content being one of many ruling the world. They will begin a feeding frenzy, each intent of being the one and only ruler. And who knows if and when Christ returns to end their games. Our best bet is to resist, stay healthy and strong, ready to join the battle.

---

## **grulla**

I would suggest that our Constitutional Republic is a TRUE democracy.

Posted On 06/12/2023

---

## **brianallen1**

The constitutional Republic and democracy are opposites. A Republic is self-rule. You are the ruler, the president and king. You make all of the decisions that dictate your life. We lost the Republic in 1871, by the way. Since then we have had mob rule- democracy. 50.009% ruling over the other 49.991%.which doesn't even take into account elections have been fixed for 150 years. So when you are a slave who is totally owned by the Corporation, please don't proclaim your elected representatives work for YOU!.

## **jwyoungjerry**

I don't know why people like Bill Gates are hell-bent on committing genocide by pushing drugs that are a detriment to human health. Also the WHO and globalist agenda doesn't have the citizens best interest at heart. The one world government is a threat to humankind and I pray to God in heaven that their agenda will not see the light of day.

Posted On 06/12/2023

---

## **Ronybegoode**

The Gates family has been an important force in the negative eugenics. That is the elimination of people who are deemed inferior. The Nazi movement was very big in this movement. You can see Bill Gates in a video interview talking about the benefits of vaccines where he calculates that 15% of the population can be eliminated with a vaccine. A vaccine he promotes was used to sterilize thousands of young women in Kenya.

Posted On 06/12/2023

---

**020202**

jwyoungjerry.... Bill Gates and his buddies want earth to themselves, we are "useless eaters", they want to destroy our health. The whole climate change hoax was because oil is finite and they want it for themselves, we are "wasting it". One world government will probably end air travel for all but the .0001%, because of "pollution", but actually they don't want us wasting oil anymore. Children's Health Defense has a page where you can write all your representatives with a single button - I've tried to look for it, but can't find it, if you subscribe you'll get it.

## **dimetrodon**

I have contacted my representatives in Congress. Not surprisingly, Sen. Schumer is all in. Here is his ridiculous response. He is glad to give away control to The WHO -- Thank you for contacting me to express your support for H.R.79, the World Health Organization (WHO) Withdrawal Act. The United States, through its humanitarian aid and support for international bodies such as the United Nations, has traditionally been at the forefront of global efforts to combat poverty and disease. The World Health Organization (WHO) in particular has been instrumental in battling several international outbreaks, such as the Ebola crisis in West Africa, the Zika virus in Latin America, and the COVID-19 pandemic that has impacted every corner of the globe.

At a time of tremendous global uncertainty, the US should not withdraw from world leadership. We have a long and proud tradition in this country as a shining beacon of hope, and to turn our back on that tradition would be a travesty. To reduce funding for these vital health programs would seriously affect the safety, prosperity and health of the United States and the world-therefore, I will do everything in my power to support them. As you know, H.R.79 was introduced by Congressman Andy Biggs on January 9, 2023.

This legislation would direct the President to withdraw the United States from WHO and repeal the original legislation that authorized the US to join the organization. Additionally, H.R.79 would prohibit the use of federal funds for US membership in WHO. This bill is currently being reviewed by the House Foreign Affairs Committee and I will continue to monitor its progress closely as it makes its way through Congress. Again, thank you for contacting me. Please keep in touch with your thoughts and opinions. Sincerely, Charles E. Schumer United States Senator

Assuming the WHO actually has good intentions, their one-size-fits-all mindset for health will fail miserably. That's why they have the gain-of-function research going on for viruses. Every time they think they are losing worldwide interest (Trump pulling the US out of the WHO), another pathogen will be released upon the world and it will come out of China. China is the country of choice because they are the most secretive. This will ensure compliance/lockstep.

Posted On 06/12/2023

---

## VocoVeritas

With all due respect, there is no way the WHO or ANY NGO has good intentions, a fact abundantly clear given the impact of the decisions those unlawful entities make. The global plandemic, that effectively shut down the economies of the entire world, even closing many churches, had nothing to do with good intentions but was an effort to eradicate mankind. Just look at the original announcement from Moderna that stated their intention was to be around after a post extinction event in order to remake humanity to their liking. Other than Marx' statement that his desire was that ALL of creation would cease to BE, clearly driven by Satan, this is the second most evil comment ever made.

One of the best opinions I read over the weekend is Peter's here: "The jackboots are coming cults persist with the jackboot and the gun - first c19 next the climate - taxation enables corruption because all taxation is theft" - - [peterhalligan.substack.com/p/the-jackboots-are-coming-cults-persist](http://peterhalligan.substack.com/p/the-jackboots-are-coming-cults-persist) - - Peter has been diving deep into the climate change hoax, electric vehicles (which are not environmentally friendly to construct and do NOT HOLD resale value) and a slew of other strange and altered universe projections we are hearing from WEF-trained leaders around the world. See what you think! As it may not be our votes (that system has been corrupted) but our tax dollars that have been allowing these criminals and NGOs to run amuck. In which case, an eventual bloodless uprising is all but ensured. Already predicted for some time the EU will splinter apart, not just Brexit.

Dr. Mercola; My wife, a CCRN of 25 years, has great respect for you and for your work. As a result, I do as well so thank you. I wish to point out though, that the title of your email is inaccurate as America is not nor has it ever been a democracy. It was formed as a Constitutional Republic and while some believe the Organic Act of 1873 ended that Republic, that act alone did not fundamentally transform America into a democracy. Please consider refraining from the use of that term when discussing America as it is not only inaccurate, but it is a de facto acceptance of the lies of many in our government, media, and elsewhere who no longer represent us in any lawful manner whatsoever. In Hoc Signo Vinces.

Posted On 06/12/2023

## **BILLANDLAURENVERIZON.NET**

You have described ,well, the premillennial dispensational interpretation of Bible prophecy; however, that is a construct began in the 1580's by jesuit Francisco Ribera and carried forward by Emmanuel LaCunza, jesuit and later then, Darby and Irving, all for the express purpose to ruin the faith of Protestants who all knew and understood the truth regarding the book of Revelation. Every Christian knew for centuries that the seat of the papacy was and is the true antichrist which takes power and sits on the throne [ of the "Holy Roman Empire" which was the empire which rose as the one which is described in Revelation as "the deadly wound being healed" ] as the man of sin...2Thessalonians 2.

This truth has not changed over time. The dispensational construct is a lie and meant to take all eyes off Rome, which it has surely done. It has no basis in scripture ,whatsoever, as it has corrupted the true meaning of Daniel 9:24-27, Matthew 24 , Mark 13 Luke 21.....and Revelation. The only way they can make sense is to corrupt the truthful interpretations of scripture and ignore that "scripture is of no private interpretation" as stated in 1Peter 1:20. Scripture must interpret scripture, meaning that the proof of scripture is only within itself, within the bible and dispensational interpretations cannot and never will.

As early as 1620, the Synod of Dort, a committee come together to guard against the Arminian heresy, wrote the "Annotations" which is a bible commentary where they condemned the dispensationalists writings as "repugnant" because it is a lie which leads away from the truth that the seat of the papacy, which claims to be the HEAD of the church instead of Jesus [the vicar of Christ] , is the Antichrist, each person occupying that seat over many centuries. All that said, it is true that we have turned our backs on God for a very long, long time resulting in the judgment of God on the nation and world. We are now in the 6th vial of Rev16. Trust in God alone.

Posted On 06/12/2023

---

## **[BILLANDLAURENVERIZON.NET](http://BILLANDLAURENVERIZON.NET)**

They are all serving the antichrist who sits on the throne in Rome , which is purposely kept hidden and lied about continually. If you know history you can see this clearly that they have taken all eyes off Rome with nothing but lies and fear tactics. They want to bring the world back to the tyranny they induced for over a thousand years of the Dark Ages, when the papacy ruled with little opposition. Satan inhabits this seat of power.
