For Your Kids, It's Safer to Wait

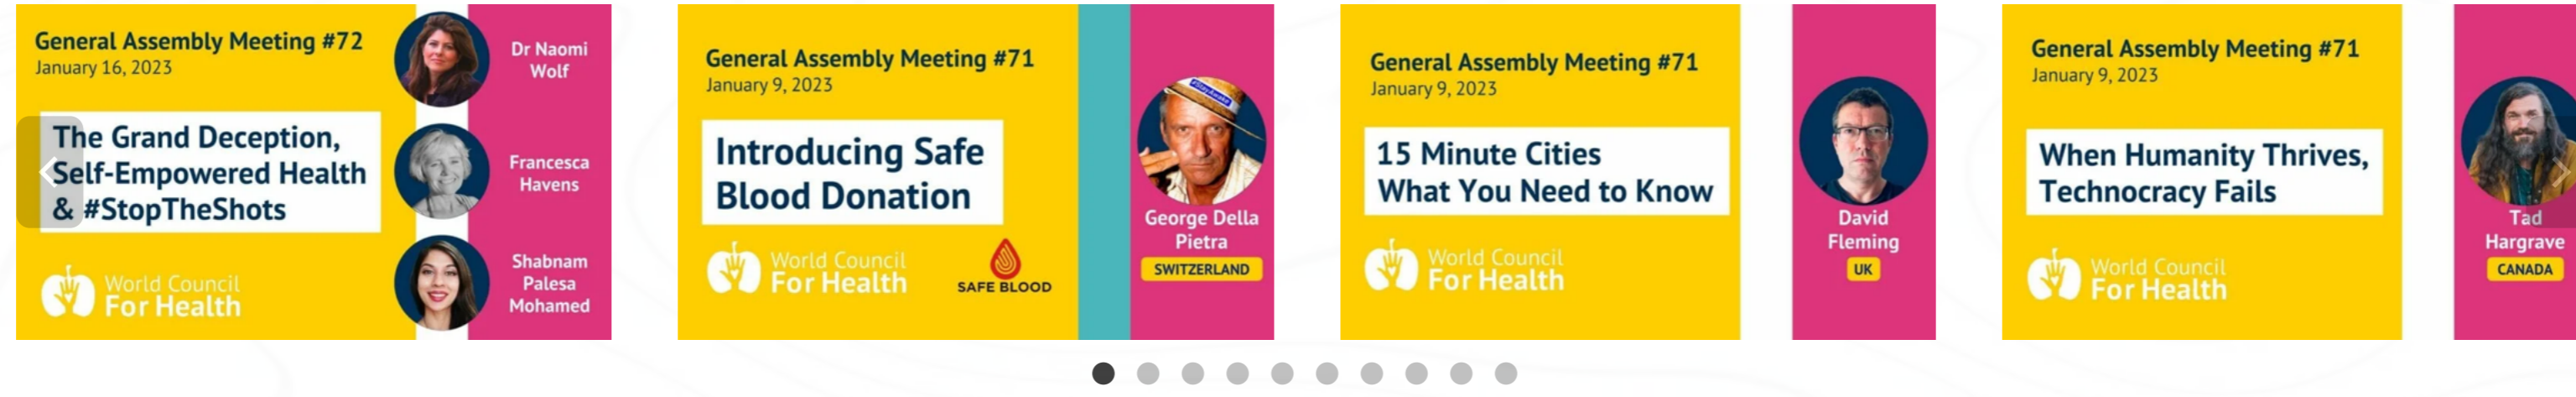

As parents, we are the best advocates for the health, safety, and happiness of our children. While it can be challenging and overwhelming to navigate the information and opinions shared about the novel Covid-19 vaccines, the choice is simple. Visit our campaign page to find a video for your country.

Are you considering vaccinating your child for Covid-19?

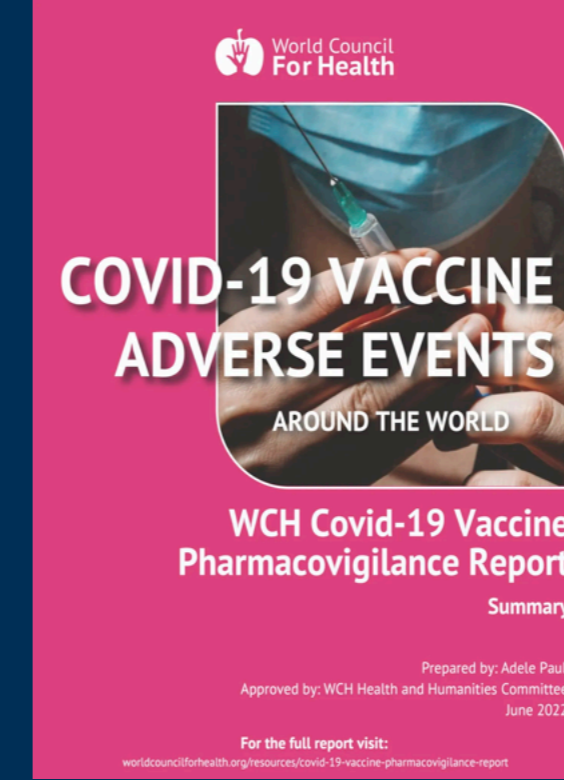

It's much safer to wait.

Covid-19 Vaccine Pharmacovigilance Report

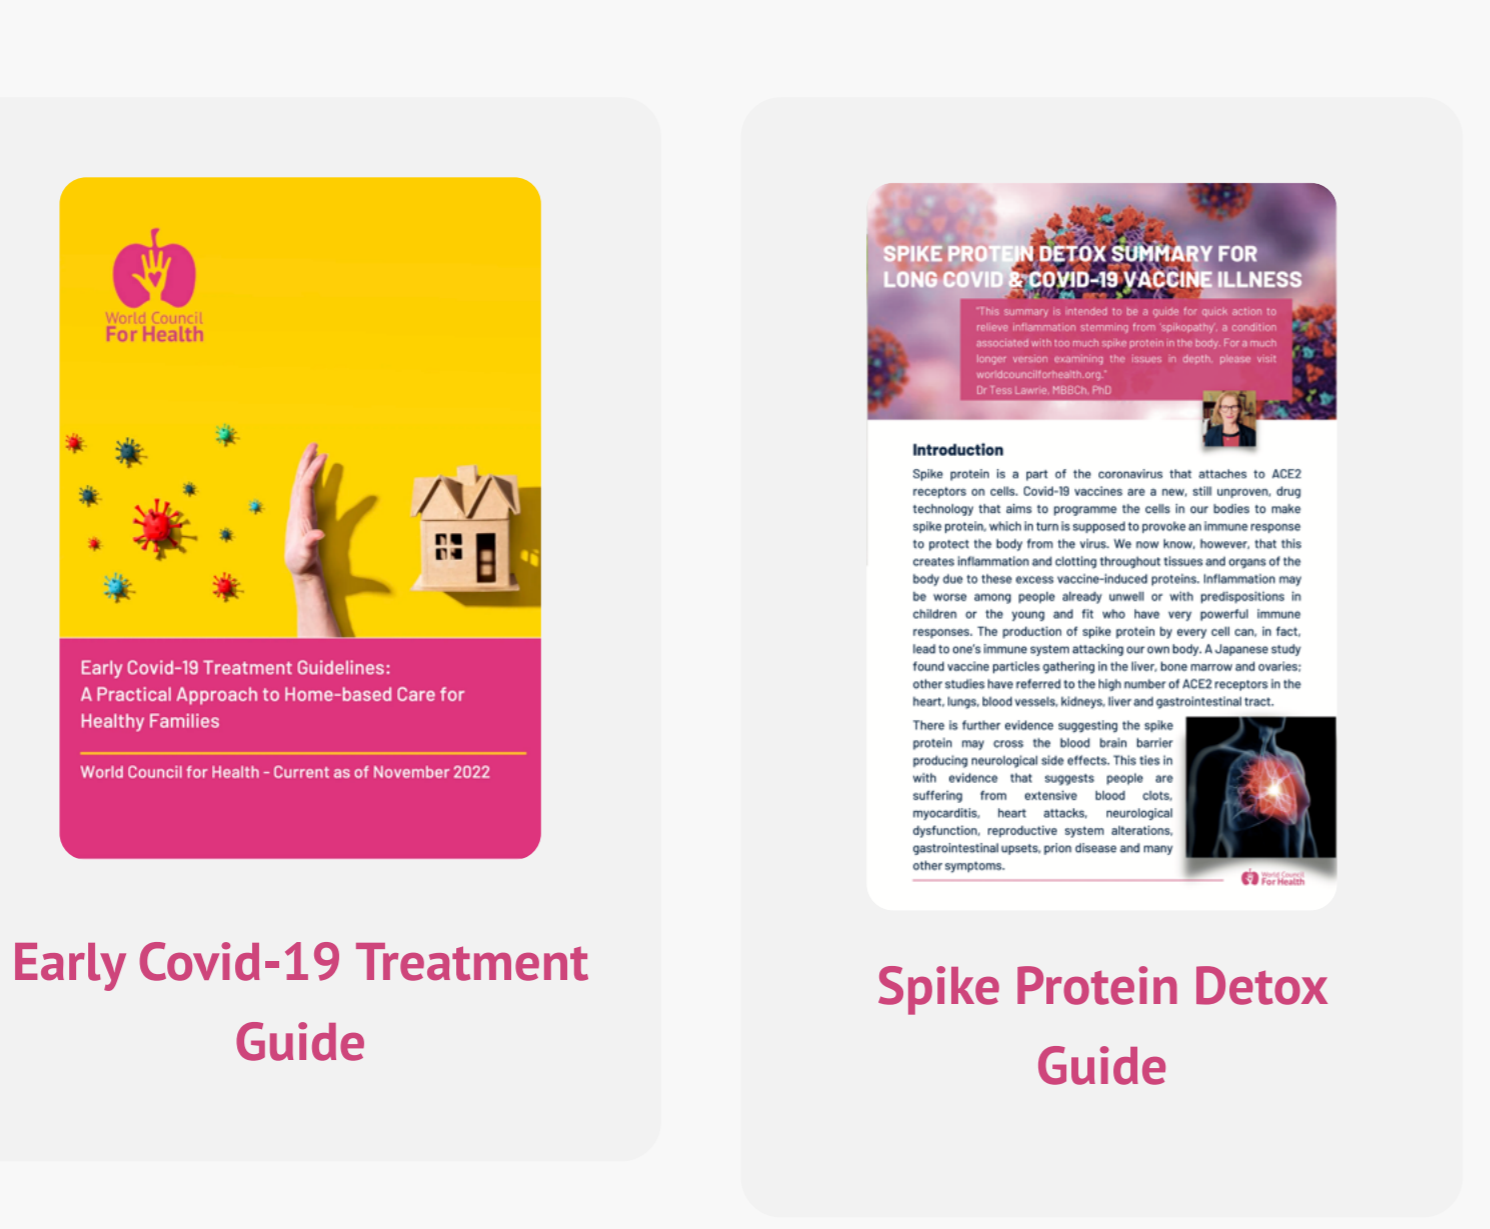

This WCH report was prepared to determine whether sufficient pharmacovigilance data exists on WHO VigiAccess, CDC VAERS, EudraVigilance, and UK Yellow Card Scheme to establish a safety signal on Covid-19 vaccines. See the full report here.
