Sea level rising may become very real. Where is THIS information? Is it available? **→ −** 1 rumble schaumamoi, 5 days ago gruesome... this looks like jelly.... proof of how the mrna bio-weapon works. Fauci, Drosten, Pfizer and BioNTech leadership and the other war criminals have to be tried and sentenced. **+** - 1 rumble Seraphina7, 6 days ago When the embalmer was describing the clots as consisting of long strands of "fibrous hair", "wound together like a piece of twine", it occurred to me that this is much like the "ultra micro fiber optic" cables that are now being produced for technology. Perhaps this is why when blood specimens are looked at containing these fibers, they appear to move together in clumps. They are not "alive", but ARE sensitive to electromagnetic frequencies, esp strong frequencies such as the expanded 5G network that is currently being rolled out. This is an organized collaboration by the "few" but "powerful" to control other human beings by the use of "science" and "technology" to hijacking of their bodies. **+** - 1 rumble Nowaawaas, 6 days ago This explains a LOT! We see patients with PE's and DVT's, BLE, SUPER HIGH BP's and encephalopathy. They all go on hospice and die. ALL had received those injections. Great content! I wanted to offer some advice to help. When you have a guest on, I noticed a bad echo.

This is because you have your mic open at same time it's recording your guest internally. You need to

mute your mic when your guest speaks and this will alleviate that. Hope I have helped and God bless

Have a look hopefully Dr Jane Ruby reads this and looks into this. It could be what we are seeing. The Graphene spider website in their arteries and veins from being hit with EMF and then they end up clotting and turning into these structures that he is finding. I wonder if it is possible to have him examine the fibers the hair like structures he described inside these things to see if they are indeed graphene https://rumble.com/vmbmyu-you-wont-believe-what-they-found-in-the-cov19-vaccines-it-will-blow-yourmi.html **+** - 1 rumble REPLY PhotoLight, 2 weeks ago Jane the audio needs a little work it has a hissing sound. 0 rumbles REPLY

to pay for it. It has to stop now and we have to find help for the ones who have been vaxed. Otherwise

they might end up like these poor people who died.
